JJC Hard Camera Case Bag Instruction Manual

Model: JJC Hard Camera Case Bag (B0CX7ZSGLP)

1. INTRODUCTION

The JJC Hard Camera Case Bag is designed to provide robust protection for your compact digital camera and essential accessories. Constructed with durable materials, it offers enhanced impact and shock protection, making it ideal for travel and outdoor activities. This manual outlines the features, usage, compatibility, and specifications of your new camera case.

2. KEY FEATURES

- **Durable Protection:** Features a durable, EVA molded construction with a soft lining for enhanced impact and shock protection. An interior elastic band secures the camera.
- **Multiple Carrying Ways:** Includes an integrated belt loop, a carabiner attachment point, a detachable hand strap, and a shoulder strap for versatile carrying options.
- **Accessory Pocket:** An interior mesh pocket provides storage for small items such as batteries, SD cards, and cables.
- **Dual-Direction Zipper:** Equipped with a smooth, dual-direction zipper for easy access to your camera and accessories.

3. SETUP AND USAGE

1. **Opening the Case:** Unzip the dual-direction zipper to open the case.
2. **Inserting Your Camera:** Carefully place your compact digital camera into the main compartment. Secure it with the internal elastic band to prevent movement.
3. **Storing Accessories:** Utilize the interior mesh pocket to store small accessories like spare batteries, memory cards, or a USB cable.
4. **Attaching Straps:**
 - **Hand Strap:** Attach the hand strap to the designated loop on the case for easy carrying.

- **Shoulder Strap:** Attach the shoulder strap to the D-rings on the case for over-the-shoulder or cross-body carrying.
 - **Carabiner:** Use the carabiner to clip the case to a backpack or belt loop for hands-free transport.
5. **Using the Belt Loop:** Slide your belt through the integrated belt loop on the back of the case for secure waist-level carrying.

8. MAINTENANCE

- **Cleaning:** Wipe the exterior of the case with a soft, damp cloth. For the interior, use a dry, soft cloth to remove dust or debris. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the case in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Zipper Care:** Periodically check the zipper for smooth operation. If it becomes stiff, apply a small amount of zipper lubricant.

9. TROUBLESHOOTING

- **Camera Does Not Fit:** Ensure your camera's dimensions do not exceed 5.12 x 2.68 x 1.42 inches

(130x68x36mm). If it exceeds these dimensions, the case may not be suitable.

- **Accessories Falling Out of Mesh Pocket:** The mesh pocket is designed for small, flat items. For bulkier items, ensure they are securely placed and the case is closed properly to prevent them from shifting.
- **Zipper Stiffness:** If the zipper is stiff, apply a small amount of zipper lubricant or a graphite pencil to the teeth and work it back and forth.
