## Yaheetech YT-00135656

# Yaheetech Zero Gravity Recliner Instruction Manual

Model: YT-00135656

## INTRODUCTION

Thank you for choosing the Yaheetech Zero Gravity Recliner. This chair is designed for outdoor relaxation, offering comfort and convenience with its adjustable features and portable design. This manual provides essential information for the proper setup, operation, and maintenance of your recliner.

## SETUP

Your Yaheetech Zero Gravity Recliner comes pre-assembled and is ready for immediate use. Simply unfold the chair to its desired position.

**Figure 1: Unfolding and Initial Setup.** The chair arrives folded. Unfold it to the upright position, then attach the removable cup holder tray to the side armrest.

## OPERATING INSTRUCTIONS

### Adjusting the Recline Position

The recliner features an adjustable system that allows you to find your preferred angle, from an upright sitting position to a full zero-gravity recline. To adjust:

1. Lean back or forward to achieve your desired recline angle.
2. Locate the red locking levers on both armrests.
3. Push the levers upwards to lock the chair securely in place.

4. To unlock and readjust, pull the levers downwards.

**Figure 2: Recline Locking Mechanism.** The red lever allows you to lock the chair in any desired recline position for stability.

### **Adjusting the Sunshade**

The integrated sunshade provides protection from direct sunlight. It can be adjusted to various angles or folded back when not in use.

Figure 3: Sunshade Adjustment. The sunshade can be flexibly adjusted to block sunlight or folded to the back of the chair when not needed.

### Using the Detachable Side Tray

The removable side tray offers convenient storage for your personal items.

- It features two cup holders for beverages.
- Dedicated slots are available for a mobile phone, tablet, and other small items like books.
- To attach or remove, simply slide it onto the armrest.

## Removable teacup holder saves the trouble of taking a table when staying outside

Keep your drinks and entertainment handy

Mobile phone

Tablet

Water cup

Book

## MAINTENANCE

To ensure the longevity and appearance of your recliner, follow these maintenance guidelines:

- **Cleaning:** The fabric part of the chair is made from Texteline, which is easy to clean. For general cleaning, wipe with a damp cloth and mild soap. For deeper cleaning, dry clean as per product care instructions.
- **Frame Care:** The painted steel frame can be wiped clean with a damp cloth. Avoid harsh chemicals that may damage the finish.
- **Storage:** When not in use for extended periods, especially during harsh weather, fold the chair and store it in a dry, protected area to prevent wear and tear.

## STORAGE AND PORTABILITY

The Yaheetech Zero Gravity Recliner is designed for effortless storage and transport.

1. Remove the cup holder tray.
2. Fold the chair completely.

3. Secure the folded chair using the integrated buckle.
4. Attach the provided shoulder strap to the designated points for convenient carrying.

Figure 5: Portable Buckle and Strap. The chair folds compactly and can be secured with a buckle and carried using the shoulder strap.

## TROUBLESHOOTING

---

If you encounter any issues with your Yaheetech Zero Gravity Recliner, please consider the following:

- **Reclining Mechanism:** Ensure the locking levers are fully disengaged before attempting to adjust the recline. If the chair does not recline smoothly, check for any obstructions in the mechanism.
- **Stability:** Verify that the chair is fully unfolded and all frame components are properly aligned on a flat, stable surface before use.
- **Sunshade:** If the sunshade is difficult to adjust, ensure no fabric is caught in the hinges.

For persistent issues, please contact customer support.

## WARRANTY AND SUPPORT

---

For information regarding warranty coverage, product support, or to purchase replacement parts, please refer to the official Yaheetech website or contact their customer service directly. Keep your purchase receipt for warranty claims.
