Figure 1: All items included in the product packaging.

# PRODUCT OVERVIEW

The TANLANIN Portable CD Player features a retro-inspired design with modern functionalities. It is equipped with an LED display and intuitive controls for easy navigation.

Figure 2: Front view of the TANLANIN Portable CD Player.

Figure 3: Control Panel and Port Layout.

#### SETUP

#### **Charging the Device**

Before first use, or when the battery is low (indicated by a flashing battery symbol on the LED display), charge the CD player using the provided Type-C charging cable and a DC 5V 1A power adapter (included). The indicator light will turn red during charging and green when charging is complete. A full charge provides approximately 5-8 hours of playtime.

# **Powering On/Off**

Locate the Power Switch on the rear of the device. Slide the switch to the 'ON' position to power on the CD player. To power off, slide the switch to the 'OFF' position.

#### **OPERATING MODES**

#### **CD Mode Operation**

The CD player supports CD, CD-R, CD-RW, MP3, and WMA formats.

Figure 4: CD Player Mode and Supported Formats.

- 1. Move the CD arm to the top of the CD disk to enter the CD playback mode.
- 2. Tap the Play/Pause button to play or pause the current track.
- 3. Tap the **Previous** button to go back one song. Press and hold the key to fast rewind the current track.
- 4. Tap the **Next** button to advance one track. Press and hold the key to fast forward the current track.
- 5. Tap the **Stop** button to stop the current playback.
- 6. Tap the **Repeat** button to repeat single song/repeat whole disk/close repeat play.

# **Bluetooth Mode Operation (Input)**

The power-on default is Bluetooth mode. The Bluetooth symbol will flash slowly, indicating it is searching for a device. Once paired, the symbol will remain solid.

- Turn on the Bluetooth function on your mobile phone or tablet.
- Search for the Bluetooth device name ACD-001 and connect.
- Once paired, you can play music from your device through the CD player's speakers.

#### **Bluetooth Output Mode Operation (Transmitter)**

The Bluetooth output function allows you to transmit audio from the CD player to external Bluetooth receiving devices, such as Bluetooth headphones or speakers.

- In CD/USB/AUX mode, long press the **Bluetooth Transmit/Repeat** button for 2 seconds to enter Bluetooth output mode. The Bluetooth symbol will flash slowly, indicating that Bluetooth output is currently in Bluetooth mode.
- Turn on the receiving device (Bluetooth speaker or Bluetooth headphones) and ensure it is in pairing mode.
- When the pairing is successful, the Bluetooth symbol will remain solid.
- You can use the playback controls on the transmitter side to control the up and down song, play, pause and other controls.

Figure 5: 2-in-1 CD Player & Bluetooth Speaker Functionality.

#### **USB Mode Operation**

After inserting the USB flash disk, the recognized audio files in the USB flash disk can be played automatically, and the screen displays 'USB'.

- Tap the Play/Pause button to play or pause the current track.
- Tap the **Previous** button to go back one song. Press and hold the key to fast rewind the current track.
- Tap the **Next** button to advance one track. Press and hold the key to fast forward the current track.

- Tap the **Stop** button to stop the current playback.
- Tap the **Repeat** button, you can modify it to repeat single song/repeat whole disk/close repeat play.

# **AUX-in Mode Operation**

Plugging into the AUX port will automatically play AUX external audio. The screen displays 'LINE'.

- Tap the Play/Pause button to pause playback. Tap the key again to resume playback.
- Note: Plugging into the AUX port has no effect when the USB/CD is not added.

# **CONTROLS AND INDICATORS**

The CD player features an intuitive control panel and an LED display for easy operation.

Control/Indicator	Function
LED Display	Shows current mode (CD, Bluetooth, USB, LINE) and track information.

#### MAINTENANCE

- Keep the device clean by wiping it with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- Store the CD player in a cool, dry place away from direct sunlight and extreme temperatures.
- Do not expose the device to water or moisture.
- Handle CDs carefully to prevent scratches and dust accumulation.

#### **TROUBLESHOOTING**

Problem	Possible Solution
Device does not power on.	Ensure the device is charged. Check the power switch is in the 'ON' position.
CD does not play or skips.	Check if the CD is clean and free of scratches. Ensure the CD is properly placed in the tray.
No sound from speakers.	Adjust the volume knob. Ensure the device is not connected to headphones or external speakers via AUX out. Check if Bluetooth output is active.
Bluetooth pairing fails.	Ensure the CD player is in Bluetooth input mode (flashing Bluetooth symbol). Make sure your external device's Bluetooth is on and discoverable. Try restarting both devices.
Remote control not working.	Ensure there are no obstructions between the remote and the player. Check and replace the remote control battery if necessary.

# WARRANTY AND SUPPORT

The TANLANIN Portable CD Player comes with a **1-year product warranty** from the date of purchase. Additionally, a **30-day replacement policy** is offered for any manufacturing defects. Please retain your purchase receipt as proof of purchase for warranty claims.

For technical support, troubleshooting assistance, or warranty inquiries, please refer to the contact information provided on the warranty card included in your package or visit the official TANLANIN store on Amazon.
