OPERATING INSTRUCTIONS

Smart Screen View Functionality

The Smart View Wallet Case features an innovative window display that allows you to interact with your phone without opening the cover. This includes:

- **Date and Time:** View current date and time.
- **Incoming Calls:** Answer or reject calls directly through the smart view window.
- **Alarms:** Manage alarms.
- **Schedule:** Check your upcoming schedule.
- **Weather/Health:** Access quick updates on weather or health data.

For detailed interaction with these features, refer to your Samsung Galaxy A55 5G's user manual for specific settings related to smart view cases.

Card Sleeve Usage

The case includes a convenient card sleeve on the inside of the front cover. This slot is designed to hold one standard-sized card, such as an ID card or credit card.

- Insert your card gently into the designated slot.
- Avoid overfilling the slot, as this may stretch the material or prevent the case from closing properly.

- Avoid exposing the case to extreme temperatures or direct sunlight for prolonged periods.
- Do not bend or twist the case excessively, as this may compromise its structural integrity.
