Nectar Premier Adjustable Base Full - Instruction Manual

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and features of your Nectar Premier Adjustable Base Full. Designed for enhanced comfort and support, this adjustable base allows you to customize your sleep experience with various positions and integrated functionalities.

PRODUCT FEATURES

- **Adjustable Head and Foot Elevation:** Customize your sleeping or lounging position.
- **Wireless Remote Control:** Easily adjust settings and save preferred positions.
- **Programmable Memory Positions:** Store your favorite head and foot elevations for quick access.
- **Soothing Massage Settings:** Enjoy customizable vibration with three intensity levels.
- **Zero Gravity Position:** Elevate your head and feet to a position that may relieve pressure and improve circulation.
- **Anti-Snore Setting:** A dedicated preset to gently elevate the head, potentially reducing snoring.
- **4 Built-in USB Ports:** Convenient charging for your devices (two per side by the head).
- **Under-Bed LED Lighting:** Provides subtle illumination for safety and convenience.
- **Zero Clearance Design:** Allows the base to be used on an existing platform frame or directly on the floor.
- **Durable Steel Construction:** Supports up to 750 pounds.

SETUP INSTRUCTIONS

The Nectar Premier Adjustable Base is designed for quick and hassle-free assembly with no tools required. All necessary components, including batteries for the remote, are included.

Unpacking and Initial Placement

1. Carefully remove the adjustable base from its packaging. It is recommended to have two people for this step due to the weight of the unit.
2. Place the folded base in the desired location, ensuring adequate space around it for unfolding.

Attaching the Legs

The base comes with adjustable legs. You can choose the desired height by screwing the leg segments together. Ensure all legs are securely attached and at an even height.

Quick & Hassle-Free Setup with Zero Clearance Design

- No tools necessary
- Everything you need (batteries included)
- Can be used on an existing platform frame

Figure 1: Quick and Hassle-Free Setup of the Adjustable Base.

Unfolding and Securing the Frame

3. Unfold the base carefully.
4. Locate and cut any orange zip ties that secure moving parts during shipping. Ensure these are cut only after the base is in its final position and on its legs.
5. Install the mattress retainer bar at the foot of the bed to prevent the mattress from sliding.

Power Connection

6. Connect the power cord to a grounded electrical outlet.
7. Ensure all cables are neatly tucked away to prevent tripping hazards or damage.

OPERATING INSTRUCTIONS

Your Nectar Premier Adjustable Base can be controlled using the included wireless remote or via a Bluetooth app.

Wireless Remote Control

The wireless remote allows for intuitive control of all base functions. Familiarize yourself with the buttons:

- **Head Up/Down:** Adjusts the head section elevation.
- **Foot Up/Down:** Adjusts the foot section elevation.
- **Flat:** Returns the base to a completely flat position.
- **ZG (Zero Gravity):** Activates the pre-programmed Zero Gravity position.
- **Anti-Snore:** Activates the pre-programmed anti-snore position.
- **Memory Presets (M1, M2):** Save and recall your preferred custom positions.
- **Massage On/Off & Intensity:** Activates the massage function and cycles through three intensity levels.
- **Under-Bed Light:** Turns the integrated LED lighting on or off.

Smart Technology

- ✓ Wireless Remote
- ✓ Programmable Memory
- ✓ Convenient Flashlight

Figure 2: Wireless Remote Control for the Adjustable Base.

Bluetooth App Control

For additional convenience, download the Nectar app to control your adjustable base from your smartphone or tablet. Follow the app's instructions for pairing your device with the base.

USB Charging Ports

Four USB ports are located on the sides of the base (two per side near the head) for charging your electronic devices.

Soothing Massage

Whisper quiet vibrations melt daily stress with three different intensities.

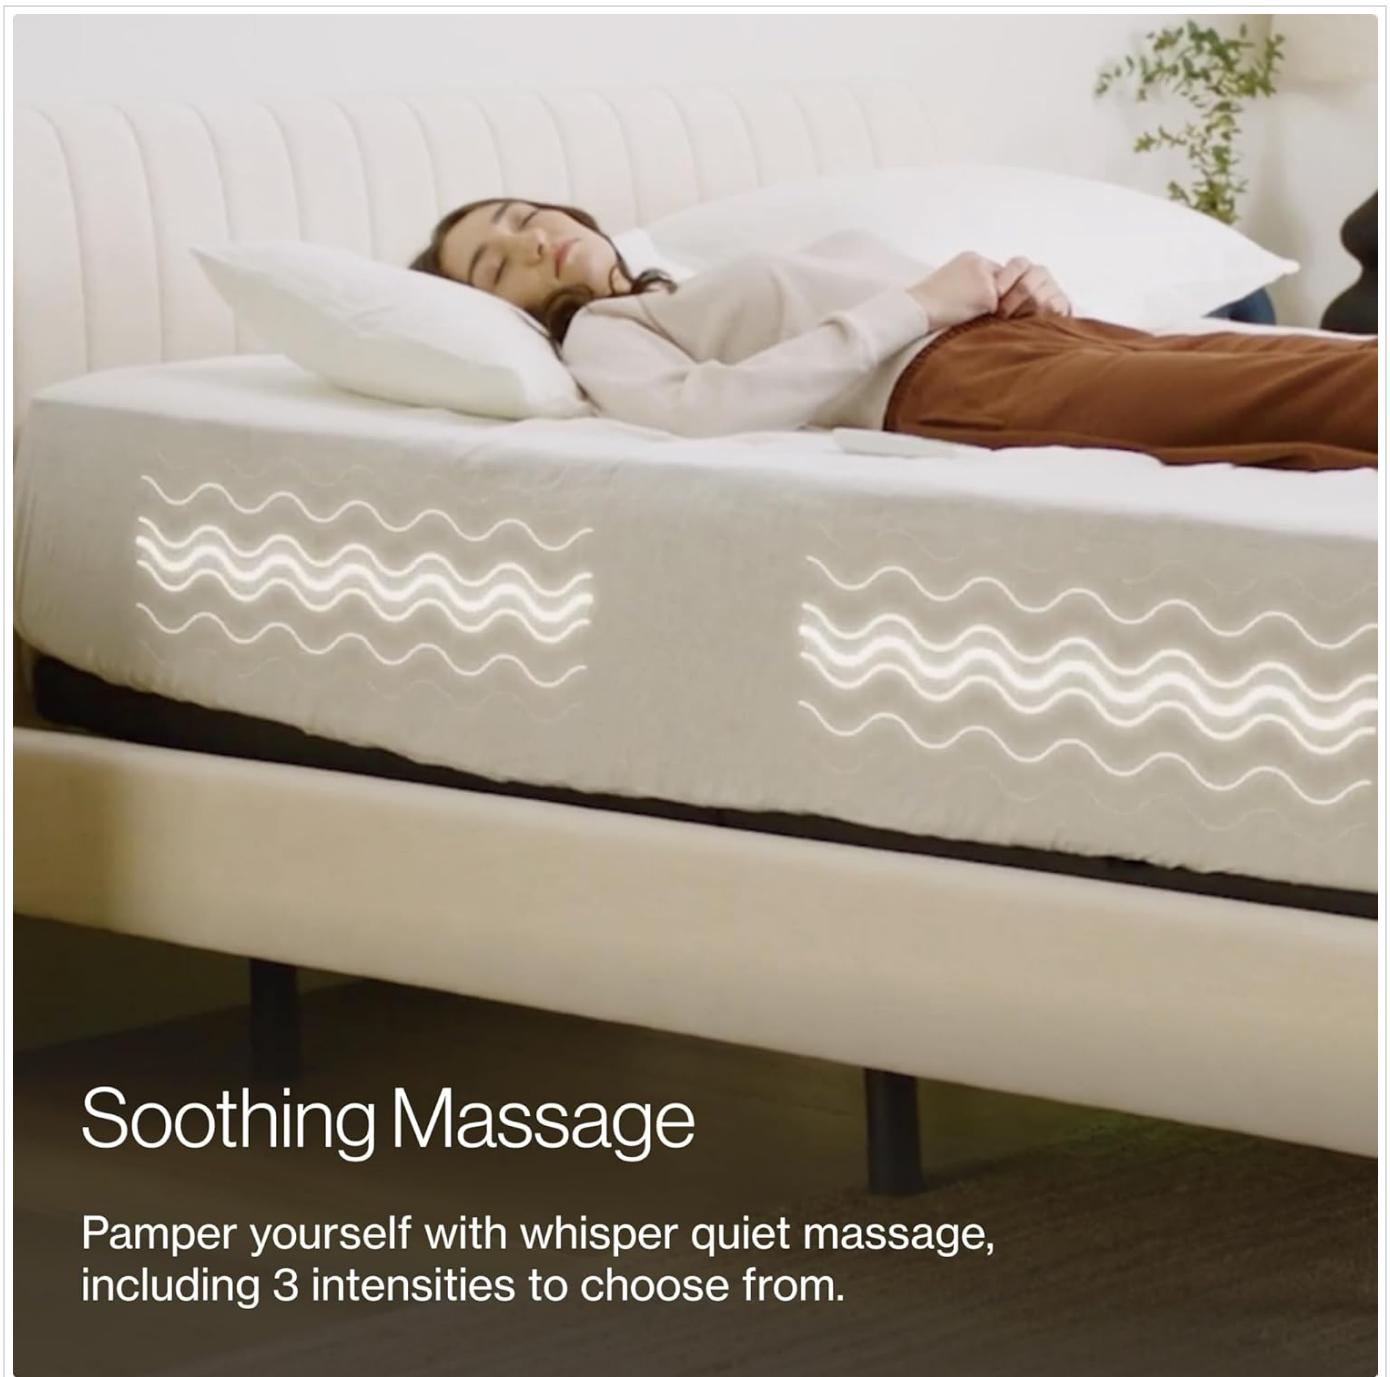

Figure 3: Overview of Base Features.

SPECIAL FEATURES

Massage Function

The integrated massage function offers three intensity levels to help you relax. Activate and adjust the intensity using the remote control.

Soothing Massage

Pamper yourself with whisper quiet massage, including 3 intensities to choose from.

Figure 4: Soothing Massage Feature.

Zero Gravity and Anti-Snore Presets

These pre-programmed positions are designed to optimize comfort and address specific needs. The Zero Gravity position distributes weight evenly, while the Anti-Snore position slightly elevates the head to open airways.

Customizable Comfort & Support

Elevate your head or feet and turn down the pressure with the Zero Gravity setting.

Figure 5: Customizable Comfort and Zero Gravity Setting.

Split King Configuration (for Twin XL models)

While this specific model is a Full size, Nectar offers Twin XL adjustable bases that can be paired to create a Split King configuration. This allows each partner to independently control their side's adjustments.

Split the Difference

Our Split King size allows you to individually control each sleeper's position separately with two Twin XL mattresses. Adjust each side however you like.

IMPORTANT SAFETY INFORMATION

Please read and adhere to the following safety guidelines to ensure safe operation and longevity of your adjustable base:

- Do not exceed the maximum weight capacity of 750 pounds.
- Be cautious of moving parts during use and assembly. Keep hands and feet clear of the mechanism.
- Always follow the assembly instructions carefully to prevent instability or collapse.
- Keep children and pets away from the adjustable base's moving parts.
- Ensure the power cord is not pinched or damaged.

SPECIFICATIONS

Feature	Detail

Model Number	Slimbadjustable-s:full

MAINTENANCE AND CARE

To ensure the longevity and proper functioning of your Nectar Premier Adjustable Base, follow these general maintenance guidelines:

- Regularly inspect all connections and fasteners to ensure they are secure.
- Keep the area around the motors and moving parts free from dust and debris.
- Clean the fabric surfaces with a soft, damp cloth and mild soap if necessary. Avoid harsh chemicals.
- Do not attempt to open or service the motor or electronic components yourself. Contact customer support for assistance.

TROUBLESHOOTING

If you encounter any issues with your Nectar Premier Adjustable Base, please refer to the following common troubleshooting tips:

- **No Power:** Ensure the power cord is securely plugged into a working outlet and the base. Check the circuit breaker.
- **Remote Not Responding:** Replace the batteries in the wireless remote. If using the app, ensure Bluetooth is enabled and the app is connected to the base.
- **Base Not Adjusting:** Check for any obstructions under the bed that might be preventing movement. Ensure the safety lock on the remote (if present) is disengaged.
- **Unusual Noises:** Verify that all legs and components are tightened. If unusual noises persist, discontinue use and contact customer support.

For further assistance, please contact Nectar Customer Support.

WARRANTY AND SUPPORT

Your Nectar Premier Adjustable Base is covered by a manufacturer's warranty. Please refer to the warranty documentation included with your purchase for specific terms and conditions. For product support, technical assistance, or warranty claims, please visit the official Nectar website or contact their customer service department.
