

ESR PD0302AC-0301

ESR Qi2 3-in-1 Charging Station User Manual

Model: PD0302AC-0301

1. INTRODUCTION

Thank you for choosing the ESR Qi2 3-in-1 Charging Station. This device is designed to provide a convenient and efficient charging solution for your Apple devices, including iPhone, Apple Watch, and AirPods. Featuring certified Qi2 15W MagSafe iPhone charging and an officially certified Apple Watch charger, it ensures safe, reliable, and fast power delivery. Its compact and foldable design makes it ideal for both home and travel use.

2. PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- ESR Qi2 3-in-1 Charging Station
- USB-C to USB-C Charging Cable
- Power Adapter (Wall Brick)
- Detachable Apple Watch Charging Module
- Travel Bag
- User Manual (this document)

3. SETUP GUIDE

1. **Unpack the Charging Station:** Carefully remove all components from the packaging.
2. **Connect the Power Adapter:** Insert one end of the provided USB-C to USB-C charging cable into the USB-C port on the back of the charging station. Connect the other end of the cable to the power adapter, then plug the power adapter into a wall outlet.
3. **Attach the Apple Watch Charging Module:** The Apple Watch charging module is detachable. To use it with the station, align the module with the designated slot on the charging station's base and gently push until it clicks into place. Ensure it is securely connected.
4. **Prepare for Charging:** Fold the main charging pad to its upright position. The magnetic surface for iPhone charging should be visible.

Detachable Apple Certified Watch Module

Fits any pocket and connects to any USB-C port.

4. OPERATING INSTRUCTIONS

4.1 Charging Your iPhone

1. Ensure your iPhone is a 12 series or later and has MagSafe compatibility (or is equipped with a magnetic case).

2. Place your iPhone onto the upright magnetic charging pad. The strong magnets will automatically align your phone for optimal charging.
3. You can position your iPhone in either portrait or landscape mode for comfortable hands-free viewing while it charges.

4.2 Charging Your Apple Watch

1. Place your Apple Watch onto the Apple Watch charging module. Ensure the watch is properly seated on the magnetic charging surface.
2. The module provides fast charging for your Apple Watch.

4.3 Charging Your AirPods

1. Place your AirPods (4/3, Pro/2) charging case onto the designated wireless charging spot on the base of the station.
2. Ensure the AirPods case is centered on the charging area for efficient power transfer.

The ESR Qi2 3-in-1 Charging Station allows for simultaneous charging of all three devices, streamlining your charging experience.

Qi2 Fast Charging on the Go

Double the Speed with Qi2 15W and
Apple-Certified 2nd-Gen tech

5. MAINTENANCE

- **Cleaning:** Disconnect the charging station from power before cleaning. Use a soft, dry cloth to wipe the surface. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use or for travel, fold the charging station into its compact form and store it in the provided travel bag to protect it from dust and scratches.

- **Handling:** Avoid dropping the device or exposing it to extreme temperatures or moisture.

6. TROUBLESHOOTING

- **Device not charging:**
 - Ensure the charging station is properly connected to a working power outlet.
 - Verify that your device (iPhone, Apple Watch, AirPods) is correctly aligned on its respective charging area. For iPhone, ensure MagSafe alignment.
 - Check if your phone case is compatible with MagSafe charging. Thick or non-magnetic cases may interfere.
 - Ensure the Apple Watch module is securely inserted into the station.
- **Slow charging:**
 - Confirm you are using the original power adapter and cable provided with the charging station.
 - Ensure your device supports fast wireless charging.

- Avoid charging in excessively hot environments, as this can slow down charging speeds.

- **Overheating:**

- It is normal for the charger and device to become slightly warm during charging. If it becomes excessively hot, disconnect it immediately.
- Ensure proper ventilation around the charging station.
