Goohome 10x12ft Hardtop Gazebo

Goohome 10x12ft Hardtop Gazebo

INSTRUCTION MANUAL

Product Overview

The Goohome 10x12ft Hardtop Gazebo is designed to provide a comfortable and protected outdoor space. It features a durable galvanized steel double roof, a sturdy aluminum frame, and double-layered sidewalls with netting and curtains for enhanced privacy and protection.

Setup Instructions

Assembly of the Goohome Hardtop Gazebo typically requires 2-5 people and takes approximately 2-4 hours. Ensure all components are present and undamaged before beginning assembly. Refer to the detailed installation videos and manual provided with your product for step-by-step guidance.

For concrete floors, expansion screws are supplied. If installing on wood floors, specific wood panel expansion screws must be purchased separately.

Key Assembly Steps:

1. Assemble the main frame structure, ensuring all connections are secure.
2. Attach the roof panels to the frame, starting with the lower sections and then the upper ventilated roof.
3. Install the double-track system for the sidewalls.
4. Hang the mesh netting and privacy curtains.

Operating Instructions

The Goohome Hardtop Gazebo features a double-track system for its double-layered sidewalls. This allows for flexible configuration to suit your needs:

- **Full Open:** Both mesh netting and privacy curtains can be tied back to provide an open view and maximum ventilation.
- **Semi-Open:** The mesh netting can be closed to keep insects out while allowing airflow, with the privacy curtains tied back.
- **Fully Closed:** Both the mesh netting and privacy curtains can be closed for complete privacy and protection from sun, wind, and light rain.

Maintenance

Regular maintenance will prolong the life and appearance of your gazebo.

- **Cleaning:** Clean the galvanized iron roof and aluminum frame with mild soap and water. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Fabric Care:** The polyester curtains and mesh netting can be spot cleaned with mild detergent. For deeper cleaning, follow care instructions on the fabric tags. Ensure fabrics are completely dry before storing or closing for extended periods to prevent mildew.
- **Frame Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten as necessary.
- **Anchoring:** Ensure the gazebo remains securely anchored to the ground, especially in areas prone to strong winds.

Troubleshooting

- **Stability Issues:** If the gazebo feels unstable, check all frame connections and ensure ground anchors are properly installed and secured. High winds can affect stability; consider temporary disassembly or additional anchoring in severe weather.
- **Water Leakage:** Ensure all roof panels are correctly installed and sealed. Check for any gaps or misalignments.
- **Curtain/Netting Snagging:** Inspect the double-track system for any obstructions or damage. Ensure curtains and netting are properly aligned on their hooks.

Specifications

Feature	Detail
Brand	Goohome
Model	10x12ft Hardtop Gazebo
Material	Alloy Steel (Roof), Aluminum (Frame)
Product Dimensions (L x W x H)	118.11"L x 118.11"W x 116.14"H
