

TIGUBFRE JGPY-7008-QB

TIGUBFRE Queen Size Bed Frame Instruction Manual

MODEL: JGPY-7008-QB

1. Introduction

Thank you for choosing the TIGUBFRE Queen Size Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read these instructions carefully before beginning assembly and retain them for future reference.

1.1. Product Overview

This upholstered platform bed frame features a storage headboard with integrated LED lighting, a charging station, and two large capacity under-bed drawers. Designed for a Queen (U.S. Standard) mattress (60"W x 80"L), it provides sturdy support without the need for a box spring.

1.2. Safety Information

- Do not load the bed frame with more than 1200 pounds. Exceeding this weight limit may compromise structural integrity and lead to injury.
- Exercise caution around sharp edges and metal support legs during assembly to prevent cuts or pinches.
- Always unplug the charging station when not in use.
- Do not charge more than 3 devices simultaneously using the integrated charging station to prevent overheating.
- Follow all assembly instructions carefully to ensure the bed frame is stable and secure. Improper assembly can lead to instability or collapse.
- Keep small parts and packaging materials away from children to prevent choking hazards.

2. Package Contents

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer service.

- Headboard (with integrated LED Lights Strip and Charging Station)
- Bed Frame Side Rails
- Footboard
- Wood Slats
- Metal Support Legs
- 2 Storage Drawers (with metal baskets and pulleys)
- Assembly Hardware (screws, bolts, washers, Allen wrench)
- Remote Control for LED Lights
- Instruction Manual

3. Setup and Assembly Instructions

Assembly typically takes approximately 30 minutes with two people. No additional tools are required beyond what is provided. Ensure you have a clear, spacious area for assembly.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a

soft, clean surface to prevent scratches. Refer to the parts list to ensure all items are present.

2. **Assemble the Headboard:** Attach any necessary support brackets or legs to the headboard as per the detailed instructions in the included manual.
3. **Connect Side Rails:** Securely attach the side rails to the headboard and footboard using the provided hardware. Ensure all connections are tightened but do not overtighten until the frame is fully assembled.
4. **Install Center Support:** Place the center support beam(s) and associated legs into position and secure them to the frame.
5. **Place Wood Slats:** Lay the wood slats across the frame, ensuring they are evenly spaced and secured. The EVA silent strip between the slats and metal frame helps reduce noise.
6. **Assemble and Insert Drawers:** Assemble the metal storage drawers according to their specific instructions. Once assembled, slide them into the designated under-bed spaces.
7. **Final Tightening:** Once all components are in place, go back and securely tighten all bolts and screws.

Figure 3.1: Assembly Overview. This image provides a visual guide to the bed frame's structure and indicates an estimated assembly time of 30 minutes.

4. Operating Instructions

4.1. LED Lights

The integrated LED light strip in the headboard offers customizable lighting options for your bedroom ambiance.

- **Control:** The LED lights can be controlled via a dedicated remote control or a smartphone application. Refer to the separate LED light manual (if provided) for app download and pairing instructions.
- **Features:** Enjoy over 20 preset lighting effects and 4 interactive modes, allowing you to adjust brightness, color, and patterns to suit your preference.

4.2. Charging Station

The headboard includes a convenient charging station to power your electronic devices.

- **Ports:** The charging station is equipped with 2 standard 110V/12A AC plug outlets, 1 USB port (5V/2A), and 1 Type-C port (5V/2A).
- **Power Supply:** The charging station is powered by a 6.5ft long power supply cord. Ensure it is plugged into a functional wall outlet.
- **Usage:** Connect your smartphones, tablets, or other compatible devices for convenient charging directly from your bed.

Figure 4.3: Power Outlet and USB Ports. A closer look at the integrated power and USB ports for device charging.

4.3. Storage Drawers

The bed frame includes two metal storage drawers for organizing your belongings.

- **Capacity:** The drawers provide ample space for storing clothes, blankets, bedding, and other items.
- **Mechanism:** The drawers are equipped with high-quality metal baskets and pulleys, allowing for smooth operation.

- **Under-bed Clearance:** The bed frame offers 7.8 inches of under-bed space, facilitating easy cleaning by robotic vacuums and providing additional storage options.

5. Maintenance

- **Cleaning Upholstery:** For routine cleaning, gently vacuum the upholstered headboard and frame with a soft brush attachment. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner specifically designed for upholstery, testing on an inconspicuous area first.
- **Frame Stability:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary to maintain the bed frame's stability and prevent squeaking.
- **LED Lights:** Keep the LED strip and remote control clean and dry. Avoid exposing them to excessive moisture or direct sunlight.
- **Charging Station:** Ensure the charging station ports are free from dust and debris. Do not use liquid cleaners directly on the ports.
- **Drawers:** Keep the drawer tracks and wheels clean to ensure smooth operation. Avoid overloading the drawers to prevent damage to the baskets or pulleys.

6. Troubleshooting

Problem	Possible Cause	Solution
Bed frame is squeaking or unstable.	Loose bolts/screws; uneven floor; damaged slats.	Tighten all assembly hardware. Ensure the bed is on a level surface. Inspect slats for damage and replace if necessary.
LED lights are not turning on or functioning incorrectly.	Power connection issue; remote battery low; app not paired.	Check if the LED power cord is securely plugged in. Replace remote control batteries. Re-pair the app with the LED strip as per its specific instructions.
Charging station is not providing power.	Main power cord unplugged; device not compatible; circuit overload.	Ensure the charging station's main power cord is securely plugged into a wall outlet. Verify your device is compatible. Reduce the number of devices being charged simultaneously.
Storage drawers are difficult to open/close.	Overloaded drawer; debris in tracks; damaged wheels.	Reduce the weight or volume of items in the drawer. Clean any debris from the drawer tracks and wheels. Inspect wheels for damage.

7. Specifications

Feature	Detail
Brand	TIGUBFRE
Model Number	JGPY-7008-QB
Size	Queen (U.S. Standard)
Product Dimensions	87"L x 62"W x 47"H
