VT COSMETICS Reedle Shot Compact Set Instruction Manual

Models: Reedle Shot 100, Reedle Shot 300, Reedle Shot 700

INTRODUCTION

Thank you for choosing the VT COSMETICS Reedle Shot Compact Set. This set includes three distinct microneedling-inspired serums: Reedle Shot 100, Reedle Shot 300, and Reedle Shot 700. These serums are formulated to enhance the absorption of active ingredients, improve skin texture, and promote overall skin vitality. Please read this manual carefully before use to ensure proper application and optimal results.

SAFETY INFORMATION

- Consult a medical specialist if there are any abnormal symptoms or adverse effects such as red spots, swelling, or itching due to exposure to direct sunlight while or after using the product.
- Do not use on areas with open wounds.
- **Precaution for storage and handling:**
 - a. Keep out of reach of children.
 - b. Keep away from direct sunlight.
- Test the product on a small area of skin in case of allergic and sensitive skin before using the product.
- Use a sun care product when exposed to UV rays after using the product.
- A slight tingling sensation is normal and indicates the formula is working. Cica Reedle helps soothe and comfort the skin. To minimize tingling, apply toner after cleansing, then gently tap on the essence.

PRODUCT OVERVIEW

The Reedle Shot Compact Set offers a tiered approach to skincare, with each serum designed for specific benefits and usage frequency. The higher the number, the higher the concentration of Cica Reedle and the more intensive the treatment.

REEDLE SHOT COMPACT SET

MICRONEEDLING IN A BOTTLE

0.33fl.oz./10mL x 3ea

- REEDLE SHOT 100 – DAILY BOOSTER
- REEDLE SHOT 300 – ADVANCED BOOSTER
- REEDLE SHOT 700 – SPOT TREATMENT

Image: The VT COSMETICS Reedle Shot Compact Set, featuring three serums (100, 300, 700) in their packaging.

Reedle Shot 100: Daily Booster

- Improves the amount, speed, and depth of absorption of active ingredients.
- Ideal for daily skin care.

Reedle Shot 300: Advanced Booster

- Improves deeper absorption and overall skin improvement.
- Recommended for use every 3 days.

Reedle Shot 700: Spot Treatment

- Reinvigorates natural vitality.
- Recommended for use every 7 days.

SKIN BENEFITS

- Removes Blackheads & Whiteheads
- Effortless Exfoliation for Smooth Skin
- Improves Skin Texture & Softness
- Targeted Care for Blemishes

Image: A graphic detailing the skin benefits of the Reedle Shot serums, such as blackhead and whitehead removal, exfoliation, improved texture, and targeted blemish care.

SETUP

The Reedle Shot serums are ready to use directly from their packaging. No assembly or special preparation is required beyond ensuring your skin is properly cleansed and toned before application.

OPERATING INSTRUCTIONS

Follow these general steps for applying the Reedle Shot serums:

- Cleanse:** Begin with a thoroughly cleansed face.
- Tone:** Apply your preferred toner to prepare your skin.
- Apply Reedle Shot:** Dispense an appropriate amount of the chosen Reedle Shot serum onto your skin. Gently tap the essence onto your skin until absorbed. Avoid rubbing vigorously.

4. **Follow-up:** After the Reedle Shot has absorbed, proceed with your regular skincare routine (e.g., moisturizer, eye cream).
5. **Sun Protection:** Always finish with a sun care product for daytime use.

HOW TO USE

PM

Use each of them as STEP ZERO
Follow your skincare routine.
Apply according to its recommended
frequency for each.

REEDLE SHOT 100 EVERY NIGHT FOR THE WHOLE FACE

REEDLE SHOT 300 EVERY 3 DAYS FOR THE WHOLE FACE

REEDLE SHOT 700 AS NEEDED FOR SPOT CARE

 Always finish with sunscreen for daytime

Image: A visual guide on how to incorporate Reedle Shot serums into your evening skincare routine, specifying the frequency for each strength and the necessity of sunscreen for daytime.

Usage Frequency

Adhere to the recommended usage frequency for each serum:

- **Reedle Shot 100:** Use at the first step of daily skin care (every night for the whole face).
- **Reedle Shot 300:** Use at the first step of skin care every 3 days (for the whole face).
- **Reedle Shot 700:** Use for night skin care every 7 days (as needed for spot care).

Higher number means
higher concentration of

Reedle Shots ↑ CICA concentration ↑

	COMPACT SET Reedle Shot 100	#daily
	COMPACT SET Reedle Shot 300	#3 days a week
	COMPACT SET Reedle Shot 700	#7 days a week

Image: A chart explaining that a higher Reedle Shot number indicates a higher concentration of Cica, along with the corresponding recommended usage frequency (daily, every 3 days, every 7 days).

MAINTENANCE

To maintain the efficacy and quality of your Reedle Shot serums:

- Store in a cool, dry place away from direct sunlight.
- Ensure the caps are tightly closed after each use to prevent contamination and product degradation.
- Do not dilute the serums with other products.
- For external use only.

TROUBLESHOOTING

Tingling Sensation

A slight tingling sensation upon application is a normal and expected effect of the Reedle Shot essence, indicating that the active ingredients are working to improve your skin. This sensation is due to the 'cica reedle' components. If the tingling is uncomfortable or persistent, try applying a toner after cleansing and before the Reedle Shot, then gently tap the essence onto your skin rather than rubbing. If severe irritation, redness, swelling, or itching occurs, discontinue use and consult a medical specialist.
