Setup Instructions

Follow these steps to properly set up your Sealy Heated Mattress Pad:

1. **Place the Mattress Pad:** Lay the heated mattress pad flat on your mattress, ensuring it is centered and smooth. The deep pockets are designed to fit mattresses up to 17 inches deep.
2. **Connect the Coupler:** Locate the coupler on the mattress pad and firmly connect the power cord from the controller to it. Ensure a secure connection.
3. **Plug in the Power:** Plug the power cord from the controller into a standard electrical outlet.
4. **Position Controllers:** For King size pads, two controllers are included. Position each controller conveniently on either side of the bed for individual access.

Care and Maintenance

Proper care will extend the life of your heated mattress pad.

- **Machine Washable:** Disconnect the power cord from the controller and the mattress pad before washing. Machine wash on a gentle cycle with cold water (under 30°C).
- **Drying:** Tumble dry on low heat or line dry. Ensure the mattress pad is completely dry before reconnecting to power.
- **Storage:** When not in use, store the mattress pad in a cool, dry place. Avoid folding it tightly to prevent damage to the internal wiring.
- **Do NOT:** Dry clean, bleach, or iron the mattress pad.

Troubleshooting

If you encounter any issues with your heated mattress pad, please refer to the following common solutions:

- **Pad Not Heating:**
  - Ensure all connections (controller to pad, power cord to outlet) are secure.
  - Check if the power outlet is functional by plugging in another appliance.
  - Verify the controller is turned on and a heat setting is selected.
- **Pad Heats Unevenly:**
  - Ensure the mattress pad is laid flat and not folded or bunched up.
  - Check for any visible damage to the pad or wiring.

- **Controller Display Not Working:**
  - Unplug the unit from the wall outlet for 5 minutes, then plug it back in.
  - Ensure the connection between the controller and the pad is firm.

If the problem persists after attempting these steps, please contact customer support.
