## Product Components and Dimensions

The MEIGESI Bearbrick Mini Building Blocks Kit contains approximately 7200 individual micro building bricks. These bricks are significantly smaller than traditional building blocks, with some pieces measuring less than 10mm, contributing to the advanced difficulty level of the assembly. The assembled model features a fluorescence design, allowing parts of the figure to glow in the dark after exposure to light.

- **Total Pieces:** Approximately 7200 mini-building bricks.
- **Material:** Durable Plastic.
- **Design Feature:** Fluorescence for glow-in-the-dark effect.
- **Recommended Age:** 14 years and up.

## Assembly Instructions

Assembling the MEIGESI Bearbrick Mini Building Blocks Kit requires patience and attention to detail due to the small size of the bricks. The kit does not include a physical paper instruction manual. All assembly instructions are provided digitally. Please refer to the official digital instructions provided by the manufacturer for step-by-step guidance.

1. **Preparation:** Unpack all components and organize the mini-bricks by color or shape as suggested by the digital instructions. Ensure you have a clean, well-lit workspace.
2. **Accessing Digital Instructions:** Locate the QR code or link provided on the product packaging to access the digital assembly guide.
3. **Follow Step-by-Step:** Carefully follow each step in the digital instructions. Pay close attention to the orientation and placement of each mini-brick.
4. **Patience is Key:** Due to the intricate nature and small size of the pieces, assembly may take a significant amount of time. Take breaks as needed to maintain focus.

5. **Secure Connections:** Ensure each brick is firmly connected to the adjacent pieces to create a stable structure.

## Usage and Display

Once assembled, your MEIGESI Bearbrick figure serves as a unique decorative piece for your home or office. Its fashion-forward design and substantial size make it a focal point. The fluorescence design allows parts of the figure to glow in low-light conditions after being exposed to light, adding an interactive element.

- **Decorative Display:** Place the assembled figure on shelves, desks, or display cabinets.
- **Educational Value:** The building process itself fosters concentration, problem-solving skills, and hand-eye coordination.
- **Fluorescence Effect:** Expose the figure to light to activate its glow-in-the-dark properties for nighttime display.

## Maintenance and Care

To ensure the longevity and appearance of your MEIGESI Bearbrick figure, follow these simple maintenance guidelines:

- **Cleaning:** Gently wipe the assembled figure with a soft, dry cloth to remove dust. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling or storing, keep all pieces in a secure container to prevent loss.
- **Handling:** Handle the assembled figure with care to prevent accidental detachment of pieces.
- **Environment:** Keep the figure away from direct sunlight for prolonged periods to prevent potential fading of colors.

## Troubleshooting

While assembling the kit, you might encounter some common issues:

- **Missing Pieces:** In the rare event of missing pieces, please contact customer service immediately.
- **Difficulty with Digital Instructions:** If you find the digital instructions unclear or difficult to follow, try reviewing previous steps or seeking assistance from the manufacturer's support channels.
- **Loose Connections:** Ensure each mini-brick is pressed firmly into place. If a connection feels loose, re-examine the surrounding pieces for correct alignment.
