# Vente-unique DESADO Bed with Integrated Nightstands and LEDs - 160 x 200 cm - Instruction Manual

Model: DESADO

## 1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Vente-unique DESADO bed. The DESADO bed features integrated nightstands, LED lighting, and is designed for a 160 x 200 cm mattress and slatted base. Please read these instructions carefully before beginning assembly and retain them for future reference.

Image 1.1: The Vente-unique DESADO bed, featuring a white frame, natural wood headboard, and integrated nightstands. A slatted base is also visible.

## 2. SAFETY INFORMATION

- Always assemble the bed on a soft, clean surface to prevent scratches.
- Ensure all components are present and undamaged before assembly. Do not proceed with assembly if any parts are missing or damaged.
- Tighten all screws and fasteners securely, but do not overtighten to avoid damaging the material.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- The bed is designed for a maximum weight capacity of 250 kg (for the slatted base). Do not exceed this limit.
- The LED lighting system operates on a standard power outlet. Ensure the power cord is not pinched or damaged during assembly or use.
- Only use the bed for its intended purpose.

## 3. PACKAGE CONTENTS

Verify that all the following components are included in your package:

- Bed frame components (panels, headboard, footboard, side rails)
- Integrated nightstands (2 units)
- Drawers for nightstands (2 units)
- LED lighting strip and power adapter
- KALISTA slatted base (160 x 200 cm) with 38 poplar wood slats and metal frame
- Assembly hardware (screws, dowels, connectors, etc.)
- Instruction manual (this document)

Image 3.1: The KALISTA slatted base, featuring multiple wooden slats for mattress support.

## 4. SETUP AND ASSEMBLY

Assembly requires two people. Please follow the steps below carefully. Refer to the provided diagram for component identification and placement.

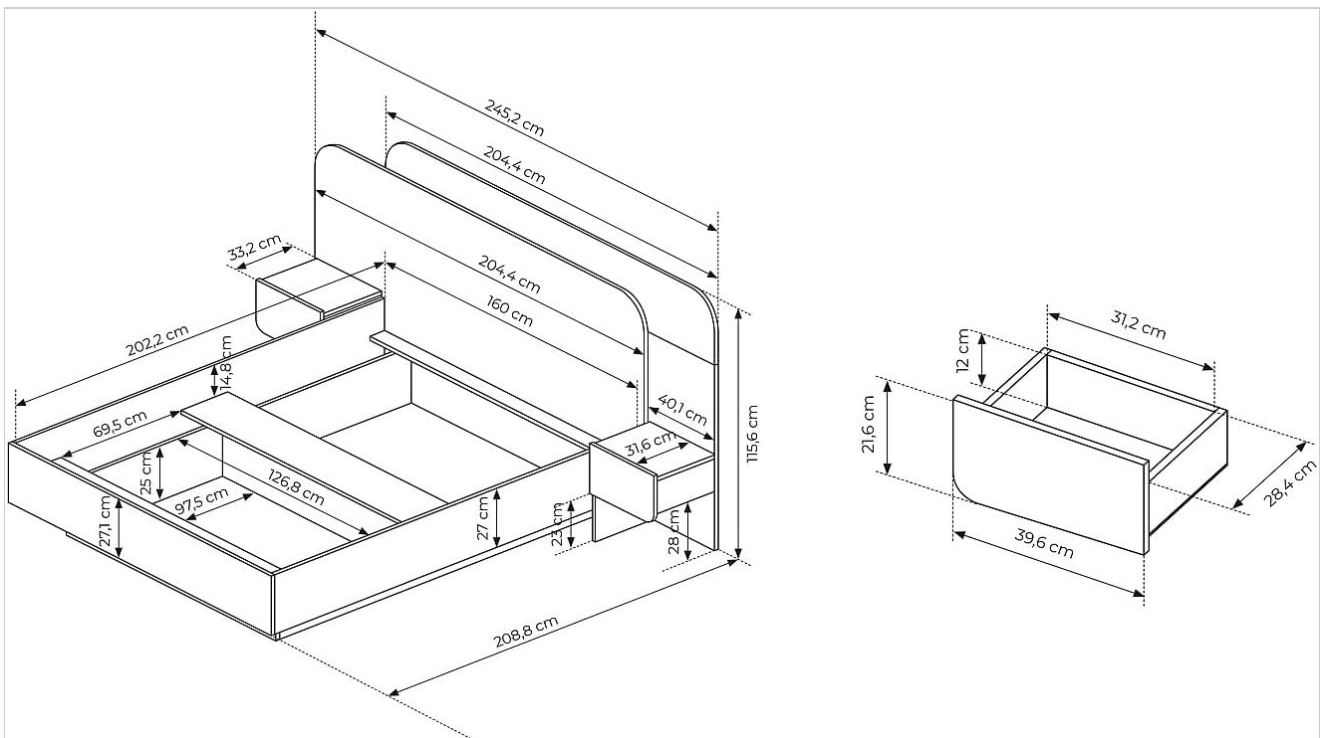

Image 4.1: Assembly diagram with key dimensions for the DESADO bed and its integrated nightstand drawers.

1. **Prepare the Area:** Clear a spacious area for assembly. Lay down a blanket or cardboard to protect the floor and furniture components.
2. **Identify Components:** Unpack all boxes and identify each component using the provided parts list (if separate) and the assembly diagram.

3. **Assemble the Headboard:** Attach the headboard panels together as indicated in the diagram. Ensure the LED channel is correctly positioned.
4. **Attach Side Rails and Footboard:** Connect the side rails to the headboard and footboard using the designated hardware. Ensure the frame is square and stable.
5. **Install Integrated Nightstands:** Secure the nightstand structures to the main bed frame, typically on either side of the headboard.
6. **Assemble and Insert Drawers:** Assemble the two drawers for the nightstands. Insert them into their respective compartments. Ensure they slide smoothly. Each drawer has a maximum load capacity of 2 kg.
7. **Install LED Lighting:** Carefully attach the LED strip into the designated channel on the headboard. Connect the LED strip to the power adapter and route the cable safely.
8. **Place the Slatted Base:** Position the KALISTA slatted base within the bed frame. Ensure it rests securely on the support ledges.
9. **Final Checks:** Double-check all connections and fasteners to ensure they are tight and secure.

## 5. OPERATING INSTRUCTIONS

### 5.1. LED Lighting

The DESADO bed features integrated white LED lighting (12W) for ambient illumination.

- **Power Connection:** Plug the LED power adapter into a standard wall outlet.
- **Operation:** The LED lights are controlled by an integrated switch, typically located on the headboard or near one of the nightstands. Press the switch to turn the lights ON or OFF.

Image 5.1: The DESADO bed with its LED lighting activated, providing a soft glow behind the headboard.

### 5.2. Integrated Nightstand Drawers

The two integrated nightstands each feature a sliding drawer for convenient storage.

- **Opening/Closing:** Gently pull the drawer handle to open and push to close.
- **Load Capacity:** Each drawer has a maximum load capacity of 2 kg. Do not overload the drawers to ensure smooth operation and prevent damage.

## 6. MAINTENANCE

### 6.1. Cleaning

- For general cleaning, wipe surfaces with a soft, damp cloth.
- Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the melamine finish.
- Immediately wipe up any spills to prevent staining or water damage.

### 6.2. General Care

- Periodically check all screws and fasteners and tighten them if necessary to maintain stability.
- Avoid placing hot items directly on the nightstand surfaces. Use coasters or protective pads.
- Do not drag the bed when moving it; always lift it to prevent damage to the frame and floor.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights not turning ON.	Power adapter unplugged; switch off; faulty connection.	Ensure power adapter is securely plugged into a working outlet. Check the LED switch. Verify all LED connections are secure.
Drawers are stiff or not sliding smoothly.	Overloaded drawer; debris in runners; misaligned runners.	Reduce weight in the drawer. Clean drawer runners. Re-check drawer assembly and alignment.
Bed frame feels wobbly.	Loose fasteners; uneven floor.	Tighten all assembly screws and bolts. Ensure the bed is on a level surface; use shims if necessary.

## 8. SPECIFICATIONS

Feature	Detail
Brand	Vente-unique
Model	DESADO
Color	Natural light (wood) and White
Material	Particle board (melamine finish), Wood (poplar for slats), Metal (slatted base frame)
Overall Dimensions (L x W x H)	245.2 cm x 208.8 cm x 115.6 cm
Sleeping Dimensions	160 cm x 200 cm
Number of Places	2 places
Integrated Nightstands	2 units with sliding drawers
Drawer Max Load Capacity	2 kg per drawer
LED Lighting	White LEDs, 12W, switch controlled, mains powered

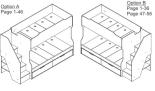

Feature	Detail
Slatted Base Model	KALISTA
Slatted Base Type	Active slats, 38 poplar wood slats, metal frame
Slatted Base Max Load Capacity	250 kg
Product Weight	118.8 kg
Assembly Required	Yes
Country of Origin	France
