Lindby Leia Modern Floor Lamp Instruction Manual

Model: Leia | Brand: Lindby

INTRODUCTION

This manual provides detailed instructions for the safe and efficient use of your Lindby Leia Modern Floor Lamp. Please read all instructions carefully before assembly and operation. Keep this manual for future reference.

SAFETY INFORMATION

WARNING: Always disconnect the lamp from the power supply before cleaning, changing the bulb, or performing any maintenance.

- Ensure the power supply voltage matches the lamp's requirements (230V).
- Do not use bulbs exceeding the specified wattage (1 x 15W LED).
- This lamp is designed for indoor use only (IP20).
- Keep away from water and moisture.
- Do not attempt to modify the lamp. Any modifications may void the warranty and pose a safety risk.
- If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.

SETUP

1. Unpacking

Carefully remove all components from the packaging. Inspect for any damage. Retain packaging materials for potential future transport or returns.

2. Assembly

The Lindby Leia floor lamp typically requires minimal assembly. Follow these general steps:

1. Attach the main pole sections together, ensuring they are securely tightened.
2. Connect the lamp head to the adjustable arm.

3. Secure the adjustable arm to the base. Ensure all connections are firm.
4. Place the lamp on a stable, level surface.

The diagram also shows the base diameter (34 cm) and the length of the power cable (250 cm) with the integrated foot switch.

3. Bulb Installation

This lamp uses an E27 fitting.

1. Ensure the lamp is unplugged from the power outlet.
2. Carefully screw an E27 LED bulb (maximum 15W) into the lamp holder. Do not overtighten.
3. Plug the lamp into a suitable power outlet.

MAINTENANCE

1. Cleaning

To maintain the appearance and functionality of your lamp:

- Ensure the lamp is unplugged before cleaning.
- Wipe the lamp with a soft, dry cloth.
- Do not use abrasive cleaners, solvents, or polishing agents as these may damage the finish.

2. Bulb Replacement

When the bulb needs replacement:

1. Unplug the lamp from the power outlet.

2. Allow the old bulb to cool completely before touching it.
3. Carefully unscrew the old E27 bulb.
4. Screw in a new E27 LED bulb (maximum 15W).
5. Plug the lamp back into the power outlet.
