## UPGRAVITY TV Stand with Mount

### UPGRAVITY TV Stand with Mount Instruction Manual

FOR 45-65 INCH FLAT/CURVED SCREENS

[Safety Information](#)   [Package Contents](#)   [Assembly Instructions](#)   [Features & Operation](#)   [Maintenance](#)   [Troubleshooting](#)   [Specifications](#)   [Warranty & Support](#)

### Introduction

Thank you for choosing the UPGRAVITY TV Stand with Mount. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new TV stand. Please read these instructions thoroughly before installation and retain them for future reference. This stand is designed to securely hold most 45-65 inch LCD LED flat or curved screens weighing up to 77 lbs, with VESA patterns ranging from 200x200mm to 400x400mm.

The UPGRAVITY TV Stand with Mount provides a stable and adjustable solution for your television.

## Safety Information

---

To ensure safe installation and operation, please observe the following precautions:

- Do not exceed the maximum weight capacity of 77 lbs (35 kg).
- Ensure your TV's VESA pattern is compatible with the stand (200x200mm to 400x400mm).
- Always use the provided anti-tip strap kit to secure the stand to a wall, preventing accidental toppling.
- Assemble the stand on a soft, clean surface to avoid scratches to the product or your floor.
- Keep children and pets away during assembly. Small parts may be a choking hazard.
- Verify all connections are secure before placing the TV on the stand.
- Do not attempt to move the stand with the TV mounted without proper assistance.

*Utilize the anti-tip strap kit for enhanced stability and security, especially in households with children or pets.*

## Package Contents

---

Before beginning assembly, ensure all parts are present and undamaged. Refer to the included instruction booklet for a detailed list of components and hardware. All hardware is typically labeled for easy identification.

- Base Plate
- Support Column
- TV Mounting Bracket Assembly
- Power Strip Tray
- Cable Management Clips/Straps
- Anti-Tip Strap Kit
- Assorted Screws, Washers, and Spacers for TV Mounting
- Assembly Tools (e.g., Allen wrench)

## Assembly Instructions

---

Follow these steps carefully to assemble your UPGRAVITY TV Stand. It is recommended to have a second person assist with mounting the television.

1. **Unpack and Identify Parts:** Lay out all components on a soft, flat surface. Match each part to the corresponding label in the instruction manual.
2. **Assemble the Base and Column:** Attach the support column to the base plate using the designated screws. Ensure it is firmly secured.
3. **Attach Mounting Brackets to TV:** Identify the correct screws and spacers for your TV's VESA mounting holes. Secure the vertical mounting brackets to the back of your television. Ensure they are level and tightly fastened.
4. **Mount TV to Stand:** With assistance, carefully lift the television and hook the brackets onto the horizontal bar of the stand's mounting assembly. Ensure the TV is centered and securely seated.
5. **Secure TV to Stand:** Use the safety screws or locking mechanisms on the stand's mounting assembly to prevent the TV from accidentally dislodging.
6. **Install Power Strip Tray and Cable Management:** Attach the power strip tray to the designated area on the stand. Route all cables through the integrated cable management system and secure them with the provided clips or velcro straps for a tidy appearance.
7. **Install Anti-Tip Strap Kit:** Follow the instructions provided with the anti-tip kit to secure the stand to a wall. This is a critical safety step.

## Product Features & Operation

---

The UPGRAVITY TV Stand offers several features designed for optimal viewing and convenience.

### TV Compatibility

This stand is compatible with most 45-65 inch LCD LED flat or curved screens. It supports VESA patterns including 200x200mm, 300x200mm, 300x300mm, 400x200mm, 400x300mm, and 400x400mm. The maximum weight capacity is 77 lbs (35 kg). Always verify your TV's specifications before use.

*Ensure your television meets the specified VESA, size, and weight requirements for proper fit and safety.*

### Height Adjustment

The TV stand features 3 levels of height adjustment along the main support pole. This allows you to customize the viewing height to suit your preferences and seating arrangements, ensuring an ergonomic viewing experience.

## Will This TV Floor Stand Fit Your TV?

### ✓ VESA Pattern

Max: 400x400mm  
Min: 200x200mm

### ✓ TV Size

TV Size  
42"-65"

### ✓ TV Weight

Max Load 77lbs

### ✓ Screen Types

Flat/Curved TVs

*Adjust the TV height to your preferred viewing level using the secure height position lock.*

### Swivel Function

Enjoy optimal viewing angles from various positions in your room with the stand's +120° to -120° swivel range. This allows you to easily adjust the TV's direction without moving the entire stand.

*The wide swivel range allows for flexible viewing from different areas of your room.*

### Cable Management & Power Strip Tray

The stand features an integrated cable management system within the support column to keep wires neatly concealed and organized. A functional device holder or power strip tray is also included, providing a convenient space for accessories like power strips, soundbars, or AV components, reducing clutter and trip hazards.

*Keep your viewing area tidy with integrated cable management and a dedicated power strip tray.*

## Maintenance

Regular maintenance helps ensure the longevity and safe operation of your TV stand:

- **Cleaning:** Wipe surfaces with a soft, dry cloth. For stubborn marks, use a slightly damp cloth with mild soap, then dry thoroughly. Avoid abrasive cleaners or solvents.
- **Hardware Check:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten if necessary.
- **Cable Inspection:** Inspect cables for any signs of wear or damage. Replace damaged cables immediately.
- **Anti-Tip Strap:** Regularly verify that the anti-tip strap remains securely attached to both the stand and the wall.

## Troubleshooting

If you encounter any issues with your TV stand, refer to the following common solutions:

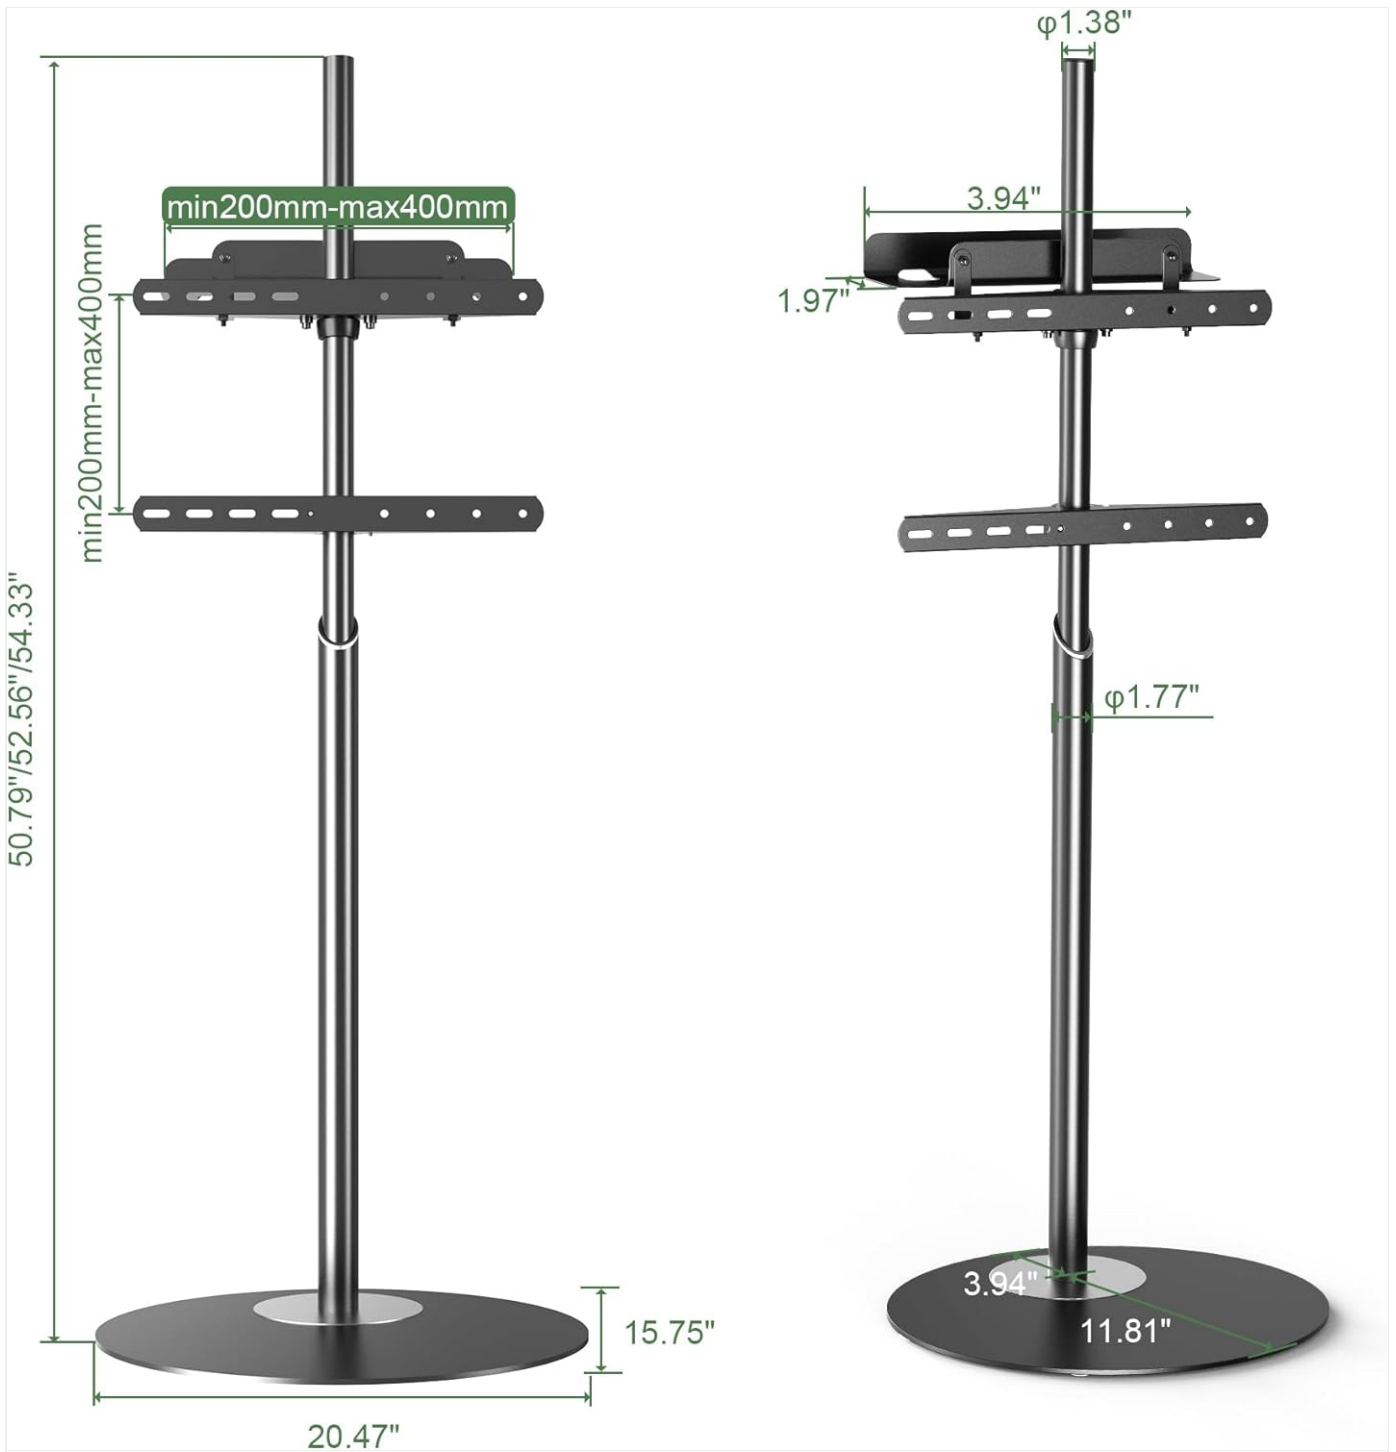

- **Stand feels unstable:** Ensure all assembly screws are tightened. Verify the base is on a flat, level surface. Confirm the anti-tip strap is correctly installed and taut.
- **TV is not level:** Check that the mounting brackets are evenly attached to the TV and that the TV is properly seated on the stand's horizontal bar. Adjust if necessary.
- **Difficulty adjusting height/swivel:** Ensure any locking knobs or levers are loosened before attempting to adjust. Do not force adjustments.
- **Cables are messy:** Re-route cables through the integrated cable management system and use the provided straps to secure them.

If problems persist, please contact UPGRAVITY customer support.
