Gizoon WR150

Gizoon Patio Bistro Set (Model WR150) - Assembly and Care Manual

Model: WR150 | Brand: Gizoon

Introduction

Thank you for choosing the Gizoon Patio Bistro Set, Model WR150. This manual provides detailed instructions for the safe assembly, proper operation, effective maintenance, and troubleshooting of your new outdoor furniture. Please read this manual thoroughly before assembly and use to ensure optimal performance and longevity of your product.

Safety Information

Please observe the following safety guidelines to prevent injury or damage to the product:

- Exercise caution around sharp edges and tempered glass during assembly and use.
- Do not exceed the specified weight limits for the chairs and table.
- Ensure all bolts and fasteners are securely tightened before use.
- Place the furniture on a stable, level surface to prevent tipping.
- Keep children and pets away from the assembly area.

Package Contents

Before beginning assembly, verify that all components are present and undamaged. The package should contain:

- 2 x Patio Chairs (Metal frame with Textilene fabric)
- 1 x Glass-top Side Table (Metal frame with tempered glass)
- Assembly Hardware (Bolts, washers, nuts, Allen wrench)
- Instruction Manual

If any parts are missing or damaged, please contact Gizoon customer service immediately.

Setup and Assembly

Assembly is required for this product. All necessary parts and instructions are included. Follow these steps carefully:

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify all parts according to the provided parts list in the separate instruction sheet.
3. **Important Assembly Tip:** When attaching bolts, initially tighten them only about 50%. This is crucial, especially for the chair seat and back fabric. The Textilene material is designed to stretch into place. If you fully tighten one side before securing the other, it may be difficult to align the remaining holes.
4. For chair assembly, loosely attach all bolts connecting the frame components and the Textilene seat/back. Once all bolts are in place and loosely secured, gradually tighten them fully, alternating between sides to ensure even tension and proper alignment. This will allow the fabric to stretch correctly.
5. Assemble the side table by connecting the frame pieces and placing the tempered glass top securely.
6. After assembling both chairs and the table, ensure all bolts are fully tightened.
7. Adjust the leveling screws located at the bottom of the chair and table legs to ensure stability on uneven surfaces.

Image: Detailed dimensions and weight limits for the chair (30.1" H x 29.5" D x 24" W, 330 lbs capacity) and table (15.6" H x 17.3" W x 17.1" D, 110 lbs capacity).

Operating Instructions

The Gizoon Patio Bistro Set is designed for comfortable outdoor relaxation. Here are some usage guidelines:

- **Placement:** This set is suitable for various outdoor environments such as gardens, lawns, patios, balconies, and poolside areas.
- **Comfort:** The enhanced Textilene material provides a breathable and comfortable seating experience, even in warm weather.
- **Stability:** Utilize the adjustable leveling screws on the chair and table legs to ensure the furniture remains stable on uneven ground.
- **Weight Capacity:** Adhere to the maximum weight capacities: 330 lbs for each chair and 110 lbs for the table.

Maintenance and Care

Proper maintenance will extend the life and appearance of your Gizoon Patio Bistro Set:

- **Cleaning:** Wipe the metal frames and Textilene fabric with a damp cloth. For tougher stains, a mild soap solution can be used, followed by rinsing with clean water and wiping dry.
- **Drying:** The Textilene material is quick-drying. After rain or cleaning, allow the furniture to air dry completely. Any small puddles in the seat dip will roll off.
- **Rust Prevention:** The one-piece connected design of the chairs helps prevent rainwater seepage and rust. However, regular inspection and cleaning of metal parts are recommended.
- **Glass Care:** The tempered glass tabletop is durable and easy to clean. Use a glass cleaner for streaks or smudges.
- **Protection:** While designed for outdoor use, consider covering the furniture during prolonged periods of harsh weather or when not in use to further protect it.

Troubleshooting

If you encounter any issues during assembly or use, refer to the following common solutions:

- **Difficulty Aligning Holes During Assembly:** Ensure all bolts are only partially tightened (around 50%) until all components are connected. Then, gradually tighten all bolts fully. This allows for necessary flexibility and stretching of the Textilene fabric.
- **Deformed Screw Holes:** In rare cases, a screw hole might be partially blocked by metal. Carefully attempt to clear the obstruction using a suitable tool or an extra screw to push the metal aside. If unsuccessful, contact customer service for assistance.
- **Unstable Furniture:** Check that all bolts are securely tightened. Adjust the leveling screws on the bottom of each leg to compensate for uneven ground.
- **Rust Spots:** While designed to be rust-resistant, prolonged exposure to moisture or damage to the coating can lead

to rust. Clean any rust spots immediately with a rust remover and apply a protective coating if necessary.

Specifications

Feature	Detail
Brand	Gizoon
Model Number	WR150
Type	Patio Bistro Set (3-piece)
Color	Black
Material	Metal (Steel), Textilene Fabric, Tempered Glass
Chair Dimensions (L x W x H)	24 x 29.5 x 30.1 inches
