## OPERATING INSTRUCTIONS

Follow these steps to effectively use your MoKo Tablet Sleeve for protection and organization.

- 1. Open the Sleeve:** Use the two-way zipper to fully open the sleeve, providing a 180° access.
- 2. Insert Tablet:** Place your 9-11 inch tablet into the main padded tablet pocket. Secure it if there's an internal strap.
- 3. Organize Accessories:**
  - Utilize the pen loop for a stylus or pen.
  - Store smaller items like earbuds or USB drives in the 3 small mesh pockets.
  - Secure cables, chargers, or a mouse using the 3 elastic loops.
  - Use the zipped mesh pocket for items requiring extra security.
- 4. Utilize Front Pockets:** The two front pockets, including one with a magnetic snap, offer quick access for items like a phone or small notebook.

5. **Close the Sleeve:** Zip up the sleeve completely to secure all contents.
6. **Carry:** Use the non-slip handle for comfortable hand-carrying, or place the sleeve inside a larger bag or backpack.

## MAINTENANCE AND CARE

---

Proper care will extend the life and maintain the appearance of your tablet sleeve.

### Cleaning Instructions:

- **Spot Cleaning:** For minor spills or dirt, gently wipe the affected area with a damp cloth and mild soap.
- **Drying:** Allow the sleeve to air dry completely. Do not use direct heat sources like hair dryers, as this may damage the material.
- **Avoid Harsh Chemicals:** Do not use bleach, abrasive cleaners, or solvents, as these can degrade the fabric and protective layers.

### Storage:

When not in use, store the sleeve in a cool, dry place away from direct sunlight to prevent material degradation.

## TROUBLESHOOTING

---

This section addresses common concerns and provides solutions.

- **Tablet Does Not Fit:**  
Ensure your tablet's screen size is between 9 and 11 inches. Check the external dimensions of your tablet, especially if it has a thick case, against the sleeve's internal dimensions (11.81 x 9.44 inches / 30 x 24 cm). This sleeve is designed for a snug fit to provide optimal protection.
- **Zipper Issues:**  
If the zipper is stiff, try applying a small amount of zipper lubricant or graphite from a pencil. Avoid forcing the zipper, as this can cause damage.
- **Sleeve Appears Bulky:**  
The sleeve is designed with a multi-layer protective structure, which adds some thickness. Overfilling the accessory pockets can also contribute to bulk. Organize accessories efficiently to minimize overall size.
