MAINTENANCE

Proper care and maintenance will extend the life and appearance of your MFSTUDIO patio furniture set.

- **Cleaning Rattan:** Wipe the handwoven PE rattan with a dry cloth to remove dust and light debris. For deeper cleaning, use a mild soap solution and a soft brush, then rinse thoroughly and allow to air dry.
- **Cushion Care:** The cushions feature CUSHION PRO technology, making them anti-soiling, water-resistant, oil-resistant, and stain-resistant. For spills, blot immediately with a clean cloth. For general cleaning, spot clean

with a mild soap and water solution. Allow cushions to air dry completely before storage or reuse.

- **Frame Care:** The metal frame should be wiped clean with a dry cloth. Avoid abrasive cleaners that could damage the finish.
- **Weather Protection:** While designed for all-weather use, it is recommended to cover the furniture during prolonged periods of harsh weather (heavy rain, snow, intense sun) or when not in use for extended periods to maximize its lifespan.

TROUBLESHOOTING

If you encounter any issues with your patio furniture set, consider the following common solutions:

- **Wobbly Furniture:** Check all bolts and screws to ensure they are securely tightened. Uneven ground can also cause wobbling; try repositioning the furniture.
- **Cushion Compression:** If cushions appear compressed after unpacking, allow them several days to fully expand. Gentle fluffing can help restore their shape.

- **Rattan Damage:** For minor rattan fraying, carefully trim loose strands. For significant damage, contact customer support for repair options or replacement parts.
- **Stains on Cushions:** Refer to the cushion care instructions in the Maintenance section. For stubborn stains, a specialized outdoor fabric cleaner may be used, following the product's instructions.
