STF Dune

STF Dune Wireless On-Ear Headphones User Manual

Model: Dune

1. INTRODUCTION

Thank you for choosing the STF Dune Wireless On-Ear Headphones. This manual provides essential information for the safe and efficient use of your headphones. Please read it carefully before use and retain it for future reference.

Package Contents

- 1 x STF Dune Wireless On-Ear Headphones
- 1 x Auxiliary Audio Cable (3.5mm)
- 1 x USB Type-C Charging Cable
- 1 x User Manual

2. SAFETY INFORMATION

- Do not expose the headphones to extreme temperatures, humidity, or corrosive environments.
- Avoid dropping or subjecting the headphones to strong impacts.
- Do not disassemble or attempt to repair the headphones yourself. Contact qualified service personnel.
- Keep out of reach of children.
- Prolonged listening at high volume levels may cause hearing damage. Adjust volume to a safe level.
- Use only the provided charging cable or a certified equivalent.

3. PRODUCT OVERVIEW

Familiarize yourself with the components of your STF Dune headphones:

4. SETUP

4.1 Charging the Headphones

Before first use, fully charge your headphones.

1. Connect the USB Type-C charging cable to the charging port on the headphones.
2. Connect the other end of the cable to a USB power source (e.g., computer USB port, wall adapter 5Vcc 1A).
3. The indicator light will show charging status (e.g., red for charging, off or blue for fully charged).
4. A full charge provides approximately 8 hours of usage.

Image: Close-up of the STF Dune headphones showing the USB Type-C charging port.

4.2 Pairing via Bluetooth

To connect your headphones wirelessly:

1. Ensure the headphones are charged and powered off.
2. Press and hold the Power button until the indicator light flashes blue and red, indicating pairing mode.

3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "STF Dune" from the list of devices.
5. Once connected, the indicator light will flash blue slowly or remain solid blue.
6. The wireless range is approximately 10 meters (33 feet).

4.3 Wired Connection (3.5mm Aux)

You can use the headphones with a wired connection even if the battery is depleted.

1. Connect one end of the 3.5mm auxiliary audio cable to the audio input port on the headphones.
2. Connect the other end of the cable to the 3.5mm audio output jack of your device.
3. The headphones will automatically switch to wired mode.

Image: Close-up of the STF Dune headphones showing the 3.5mm auxiliary audio input port.

4.4 MicroSD Card Usage

The headphones support MicroSD card playback for direct music listening.

1. Insert a MicroSD card (pre-loaded with audio files) into the MicroSD card slot on the headphones.
2. The headphones will automatically detect the card and begin playing music.
3. Use the control buttons to manage playback.

5. OPERATING INSTRUCTIONS

The STF Dune headphones feature intuitive controls for various functions.

Control Functions

Button/Action	Function
Power Button (Long Press)	Power On/Off
Power Button (Short Press)	Play/Pause music, Answer/End call
Volume Up (+)	Increase Volume (short press), Next Track (long press)
Volume Down (-)	Decrease Volume (short press), Previous Track (long press)
Mode Button (M)	Switch between Bluetooth, MicroSD, and Aux modes
Incoming Call	Short press Power button to Answer, Long press to Reject

6. MAINTENANCE

6.1 Cleaning

- Wipe the headphones with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Avoid getting moisture into any openings.

6.2 Storage

- Store the headphones in a cool, dry place away from direct sunlight.
- Avoid storing in areas with extreme temperatures or high humidity.
- If storing for an extended period, charge the headphones periodically to maintain battery health.

7. TROUBLESHOOTING

Common Issues and Solutions

Problem	Solution
Headphones do not power on.	Ensure the headphones are charged. Connect to a power source using the USB Type-C cable.

Problem	Solution
Cannot pair via Bluetooth.	◦ Ensure headphones are in pairing mode (flashing blue and red). ◦ Make sure Bluetooth is enabled on your device. ◦ Move headphones closer to your device (within 10m). ◦ Forget "STF Dune" from your device's Bluetooth list and try pairing again.
No sound in wireless mode.	◦ Check if headphones are properly paired and connected. ◦ Adjust volume on both headphones and your device. ◦ Ensure the correct audio output is selected on your device.
No sound in wired mode.	◦ Ensure the 3.5mm audio cable is fully inserted into both the headphones and your device. ◦ Test with a different audio cable if available.
Microphone not working.	◦ Ensure headphones are connected via Bluetooth (microphone functionality is typically not available in wired mode). ◦ Check microphone settings on your connected device.
