Lolikit TD-LO-321

Lolikit 26-inch Farmhouse Table Lamps (Model TD-LO-321) Instruction Manual

Comprehensive guide for assembly, operation, and maintenance.

INTRODUCTION

Thank you for choosing the Lolikit 26-inch Farmhouse Table Lamps. This set of two vintage rustic industrial lamps is designed to provide versatile lighting and convenient charging options for your living room, bedroom, or office. Each lamp features a 3-way dimmable main light, a glass night light, and integrated USB A+C charging ports along with an AC outlet. This manual provides essential information for safe and proper assembly, operation, maintenance, and troubleshooting.

IMPORTANT SAFETY INSTRUCTIONS

- Read all instructions carefully before assembly and use.
- Do not connect electricity until the lamp is fully assembled.
- Always unplug the lamp from the power outlet before cleaning or changing bulbs.
- Ensure the power cord is not pinched or damaged during assembly or placement.
- The cord, plug, socket, and USB port are UL listed for safety.
- Do not use with dimmers unless specifically designed for LED bulbs.
- Keep away from water or damp environments. This product is not waterproof.
- Use only E26 base bulbs as specified.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- 2 x Metal Bases with integrated USB A+C Ports & AC Outlet
- 2 x Vintage Metal Lamp Posts
- 2 x Elegant Glass Night Lights (pre-installed)
- 2 x Fabric Lampshades (disassembled)
- 4 x 6W E26 LED Bulbs (2 for main light, 2 spares)
- 2 x Harp Assemblies
- 2 x Finials
- Instruction Manual

ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your Lolikit Farmhouse Table Lamps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Ensure all listed components are present.
2. **Assemble Lampshade:** The fabric lampshade comes disassembled. Attach the metal rings to the fabric shade using the provided clips or Velcro, forming a cylindrical shape. Ensure the black trim is aligned correctly.
3. **Attach Harp:** Secure the harp assembly to the saddle on the lamp post. The harp is the U-shaped metal frame that supports the lampshade.
4. **Install Main Bulb:** Screw one of the provided 6W E26 LED bulbs into the main socket at the top of the lamp post. Do not overtighten.
5. **Place Lampshade:** Lower the assembled lampshade onto the harp, ensuring it rests securely on the top ring of the harp.
6. **Secure Finial:** Screw the finial onto the threaded rod at the top of the harp to hold the lampshade in place.
7. **Connect to Power:** Plug the lamp's power cord into a standard 120V AC electrical outlet.

OPERATING INSTRUCTIONS

Your Lolikit Farmhouse Table Lamp offers multiple lighting and charging functionalities:

- **Main Light Operation:** The main light, located under the lampshade, is controlled by a 2-way rotary switch on the lamp holder. Rotate the switch to turn the light ON or OFF. The included LED bulbs provide a warm 2700K glow.
- **Night Light Operation:** The elegant glass night light, integrated into the lamp base, is controlled by a separate switch on the base. Simply tap the switch to turn the night light ON or OFF. This provides a comforting, gentle glow.
- **USB Charging Ports & AC Outlet:** The lamp base features one USB-A port, one USB-C port, and one AC outlet. These ports provide 5V 2.1A fast charging for mobile phones, tablets, Kindle readers, humidifiers, and other devices. These charging functions operate whether the lights are on or off.

2-WAY ROTARY SWITCH FOR THE TOP BULBS

MAINTENANCE

- **Cleaning:** Always unplug the lamp before cleaning. Wipe the metal base and lamp post with a soft, dry cloth. For the fabric lampshade, use a lint roller or a soft brush to remove dust. Do not use abrasive cleaners or solvents.
- **Bulb Replacement:** Ensure the lamp is unplugged and the bulb has cooled before attempting to replace it. Unscrew the old E26 bulb and screw in a new one. The included LED bulbs have a lifespan of over 25,000 hours. The integrated glass night light is not user-replaceable.
- **Cord Care:** Regularly inspect the power cord for any signs of damage. If the cord is damaged, discontinue use and contact customer service.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	Power cord not plugged in; bulb loose or faulty; power outlet not working.	Ensure cord is securely plugged in. Check if the bulb is screwed in tightly. Test the outlet with another device. Replace bulb if necessary.
Night light does not turn on.	Night light switch not activated; power issue.	Ensure the night light switch on the base is tapped. Check main power connection.
USB ports or AC outlet not charging.	Device not properly connected; power issue; device requires more power than supplied.	Ensure device is securely plugged into the port/outlet. Verify the lamp is plugged into a working power source. Check device's power requirements.
Lampshade is wobbly.	Finial not tightened; harp not seated correctly.	Tighten the finial securely. Ensure the harp is properly clipped into the saddle.
