- **Speaker:** In-game audio output.
- **Headset Jack:** Connect a compatible headset.
- **USB Port:** Charging and wired connection.

SETUP

Initial Charging:

Before first use, fully charge the controller. Connect the supplied USB charging cable to the controller's USB port and the other end to a powered USB port on your PS4 console or a USB wall adapter (not included). The light bar on the controller will slowly flash orange while charging and turn off when fully charged.

Pairing with PS4:

1. Ensure your PS4 console is powered on.
2. Connect the controller to the PS4 console using the supplied USB charging cable.
3. Press the **PS Button (HOME)** on the controller. The controller will power on and automatically pair with the console.
4. Once paired, you can disconnect the USB cable to use the controller wirelessly. The light bar will glow a solid color (e.g., blue for Player 1) indicating a successful connection.
5. To pair additional controllers, repeat steps 2-4 for each controller.

Note: If the controller does not pair, ensure the PS4 system software is up to date.

OPERATING INSTRUCTIONS

Powering On/Off:

- **To Power On:** Press the **PS Button (HOME)**.
- **To Power Off:** Hold the **PS Button (HOME)** for approximately 10 seconds until the light bar turns off, or select "Power Off Controller" from the PS4 Quick Menu.

Turbo Function:

The Turbo function allows a button to be repeatedly pressed automatically as long as it is held down, which can be useful in certain games.

1. Press and hold the **TURBO Button**.
2. While holding **TURBO**, press the action button (e.g., Cross, Circle, Square, Triangle, L1, R1, L2, R2) you wish to assign the turbo function to.
3. Release both buttons. The assigned button will now activate the turbo function when pressed.
4. To disable turbo for a specific button, repeat steps 1-2.
5. To clear all turbo settings, hold the **TURBO Button** and press the **SHARE Button** simultaneously.

Headset Connection:

Connect a compatible 3.5mm headset to the headset jack on the bottom of the controller for in-game audio and voice chat.

CHARGING

The controller contains a built-in rechargeable battery. When the battery level is low, the light bar may flash or change color to indicate low power.

- Connect the controller to your PS4 console or a USB wall adapter using the provided USB cable.
- The light bar will slowly flash orange during charging.
- The light bar will turn off when the controller is fully charged.
- Charging time may vary depending on the power source and remaining battery level.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the controller. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the controller in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the controller frequently. Charge it regularly, even if not in use for extended periods.
- **Avoid Drops:** Protect the controller from drops and impacts, which can damage internal components.

TROUBLESHOOTING

Problem	Solution
Controller does not turn on.	Ensure the controller is charged. Connect it to the PS4 with the USB cable and press the PS Button.
Controller does not connect to PS4 wirelessly.	1. Connect the controller to the PS4 with the USB cable and press the PS Button to re-pair. 2. Ensure the PS4 system software is up to date. 3. Reset the controller: Locate the small reset button on the back (often near the L2 shoulder button, inside a small hole). Use a thin object (like a straightened paperclip) to press and hold the button for 3-5 seconds. Then, re-pair the controller.
Buttons or analog sticks are unresponsive.	1. Ensure the controller is fully charged. 2. Reset the controller (see above). 3. Clean around the buttons and sticks to remove any debris.

Problem	Solution
Controller disconnects frequently.	1. Ensure there are no strong wireless interferences nearby (e.g., other Wi-Fi devices, microwaves). 2. Move closer to the PS4 console. 3. Re-pair the controller.
