## KEY FEATURES

### Floating Cantilever Stand

The keyboard case features a unique floating cantilever stand design, allowing your iPad to magnetically attach and float above the keyboard. This design provides a stable and adjustable viewing experience.

Image: The keyboard case in purple, showing the iPad magnetically attached and floating above the keyboard, illustrating the cantilever stand design. This image highlights the side profile and the mechanism of the stand.

Image: Two keyboard cases, one pink and one purple, demonstrating the powerful magnetic attachment and detachment of the iPad from

the case. Blue magnetic field lines are shown for emphasis on the purple case.

## Support Apple Pen Charging

Image: A pink keyboard case showing the iPad adjusted to a 130-degree viewing angle, along with illustrations of the case in closed and open positions, demonstrating its flexibility.

### **Precision Multi-Touch Trackpad**

The integrated multi-touch trackpad allows for precise cursor control and supports multi-finger gestures, enhancing productivity and navigation on your iPad.

### **Backlit Keyboard with Shortcut Keys**

The keyboard features backlighting for comfortable typing in various lighting conditions. It also includes a row of programmable shortcut keys for quick access to iPad functions.

### **Type-C Charging Port**

The keyboard case is charged via a convenient USB-C port. A full charge provides extended continuous use.

## Comprehensive Protection

Constructed from sturdy plastic and synthetic vegan leather, the case provides robust protection for your iPad against daily wear and tear.

## SETUP INSTRUCTIONS

- 1. Charge the Keyboard Case:** Before first use, fully charge the keyboard case using the provided USB-C cable. Connect the cable to the Type-C charging port on the keyboard and a suitable USB power adapter. The charging indicator light will show charging status.
- 2. Insert Your iPad:** Align your iPad with the magnetic back panel of the keyboard case. The powerful magnets will securely attach the iPad. Ensure the camera cutout aligns correctly.

3. **Power On the Keyboard:** Locate the power button on the keyboard (usually near the charging port or function keys) and press it to turn on the keyboard. A power indicator light should illuminate.
4. **Pair with iPad via Bluetooth:**
  - On your iPad, go to *Settings > Bluetooth*.
  - Ensure Bluetooth is turned *On*.
  - On the keyboard, press the Bluetooth pairing key (often indicated by a Bluetooth icon or Fn + C). The Bluetooth indicator light on the keyboard will start blinking, indicating it's in pairing mode.
  - On your iPad, look for "FOGARI Keyboard" or a similar name in the "Other Devices" list and tap to connect.
  - Once connected, the Bluetooth indicator light on the keyboard will stop blinking and remain solid, and your iPad will show the keyboard as "Connected".
5. **Adjust Viewing Angle:** Once the iPad is magnetically attached, you can adjust its angle by tilting it forward or backward on the cantilever stand to achieve your desired viewing position (up to 130 degrees).

## OPERATING INSTRUCTIONS

---

### Keyboard Usage

- **Typing:** Use the keyboard as you would a standard laptop keyboard.
- **Backlight Control:** Use the dedicated backlight key (often a sun icon or Fn + light icon) to cycle through brightness levels or turn the backlight on/off.
- **Shortcut Keys:** The top row of keys provides quick access to iPad functions such as Home, Search, Brightness, Media Controls, Volume, and Lock. Refer to the key legends for specific functions.

### Trackpad Usage

The precision multi-touch trackpad supports various gestures for efficient navigation:

- **Single Finger Tap:** Click/select an item.
- **Two-Finger Scroll:** Scroll up or down on web pages and documents.
- **Pinch to Zoom:** Use two fingers to pinch in or out to zoom.
- **Swipe Up/Down with Three Fingers:** Access the App Switcher or Home Screen (configurable in iPad settings).
- **Swipe Left/Right with Three Fingers:** Switch between open applications.
- **Tap with Two Fingers:** Right-click equivalent (context menu).

For more detailed gesture controls, refer to your iPad's settings under *General > Trackpad & Mouse*.

## MAINTENANCE AND CARE

---

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the keyboard and case exterior. For stubborn marks, slightly dampen the cloth with water. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, close the case to protect both the keyboard and your iPad. Store in a cool, dry place away from direct sunlight.
- **Battery Care:** To prolong battery life, avoid fully discharging the keyboard frequently. Charge it regularly, especially if it will be stored for an extended period.
- **Avoid Liquids:** Keep the keyboard case away from liquids to prevent damage to electronic components.

## TROUBLESHOOTING

---

Problem	Possible Solution
Keyboard not connecting to iPad.	<ul style="list-style-type: none"> <li>◦ Ensure the keyboard is powered on and fully charged.</li> <li>◦ Make sure Bluetooth is enabled on your iPad.</li> <li>◦ Put the keyboard into pairing mode (press Bluetooth pairing key).</li> <li>◦ Forget the device on your iPad's Bluetooth settings and try pairing again.</li> <li>◦ Restart both your iPad and the keyboard.</li> </ul>
