# **B-MAX BMG-06 Universal Suction Cup Cell Phone Holder Instruction Manual**

Model: BMG-06

## **1. PRODUCT OVERVIEW**

---

The B-MAX BMG-06 Universal Suction Cup Cell Phone Holder is designed to provide a secure and accessible mounting solution for your smartphone in your vehicle. Its robust suction cup ensures stability, while the adjustable arm allows for optimal viewing angles. This holder is ideal for hands-free navigation, calls, and music control while driving.

Image 1.1: The B-MAX BMG-06 Universal Suction Cup Cell Phone Holder, showcasing its main components including the suction cup base, adjustable arm, and phone clamp.

### Key Features:

- **Universal Design:** Accommodates smartphones of various sizes and brands.
- **Suction Cup Fixation:** Ensures your phone remains secure even during vehicle movement.
- **Elegant Black Color:** Blends seamlessly with any car interior.
- **Easy Installation:** Simply attach to the desired surface and position your phone.
- **Durable and Resistant:** Constructed for long-lasting use without damaging your smartphone.

## 2. SETUP AND INSTALLATION

---

Follow these steps to properly install your B-MAX BMG-06 cell phone holder in your vehicle.

### 2.1 Choosing a Mounting Surface:

Select a clean, smooth, and flat surface on your dashboard or windshield. Ensure the surface is free of dust, grease, or moisture for optimal suction.

## 2.2 Attaching the Holder:

1. Clean the chosen mounting surface thoroughly with a damp cloth and dry it completely.
2. Remove the protective film from the suction cup.
3. Press the suction cup firmly against the clean surface.
4. While maintaining pressure, push down the lever on the base of the suction cup to create a vacuum seal. You should feel it lock into place, indicating a secure attachment.

Image 2.1: The B-MAX BMG-06 holder shown alongside its packaging, illustrating the product's compact design and how it might appear before installation.

## 2.3 Adjusting the Arm and Clamp:

1. The flexible arm can be bent and rotated to achieve your desired viewing angle. Adjust it to a position that does not obstruct your view of the road.
2. The phone clamp can be rotated 360 degrees. Loosen the nut behind the clamp, adjust the angle,

and then tighten the nut to secure it.

### 3. OPERATING INSTRUCTIONS

---

Once installed, using the B-MAX BMG-06 holder is straightforward.

#### 3.1 Inserting Your Smartphone:

1. Gently pull apart the two arms of the phone clamp. The clamp is spring-loaded and will expand.
2. Carefully place your smartphone into the expanded clamp. Ensure it is centered and securely held by the padded grips.
3. Release the clamp arms slowly, allowing them to grip your phone firmly.

#### 3.2 Removing Your Smartphone:

1. Gently pull apart the two arms of the phone clamp to release the phone.
2. Carefully remove your smartphone from the clamp.

#### 3.3 Adjusting Viewing Angle During Use:

You can fine-tune the viewing angle by gently bending the flexible arm or rotating the phone clamp as needed. Always ensure adjustments are made safely and do not distract you from driving.

### 4. MAINTENANCE

---

Proper maintenance will extend the life of your B-MAX BMG-06 cell phone holder.

- **Cleaning the Suction Cup:** If the suction cup loses its grip, it may be due to dust or dirt. Rinse the suction cup under warm water and let it air dry completely. Do not wipe it with a cloth, as this can leave lint.
- **General Cleaning:** Wipe the holder with a soft, damp cloth to remove dust and grime. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** When not in use for extended periods, detach the holder and store it in a cool, dry place away from direct sunlight.

### 5. TROUBLESHOOTING

---

If you encounter issues with your B-MAX BMG-06 holder, try these solutions:

- **Suction Cup Not Sticking:**
  - Ensure the mounting surface is clean, dry, and smooth.
  - Rinse the suction cup with warm water and air dry it.
  - Apply firm pressure when attaching and ensure the lever is fully engaged.
- **Phone Not Holding Securely:**
  - Ensure your phone is properly centered within the clamp.
  - Check that the clamp arms are fully closed around your phone.
  - Verify that the nut behind the clamp is tightened if the clamp itself is loose.
- **Holder Vibrates Excessively:**
  - Ensure the suction cup is securely attached.

- Adjust the flexible arm to a more stable position, minimizing leverage.

## 6. SPECIFICATIONS

---

Feature	Detail
Brand	Generic
