MMK KB281

MMK Bluetooth Keyboard User Manual

Model: KB281

MMK KB281 Wireless Bluetooth Keyboard for iOS, Android, and Windows devices.

1. INTRODUCTION

Thank you for choosing the MMK Bluetooth Keyboard. This compact and versatile wireless keyboard is designed to enhance your productivity across various Bluetooth-enabled devices, including tablets, smartphones, and laptops running iOS, Android, or Windows operating systems. Its slim design, comfortable keys, and long-lasting battery make it an ideal companion for on-the-go typing.

This manual provides detailed instructions for setting up, operating, and maintaining your keyboard to ensure optimal performance.

Wide Compatibility

Mobile phones/Laptop/iPad All Applicable

The MMK Bluetooth Keyboard offers wide compatibility with iOS, Android, and Windows devices.

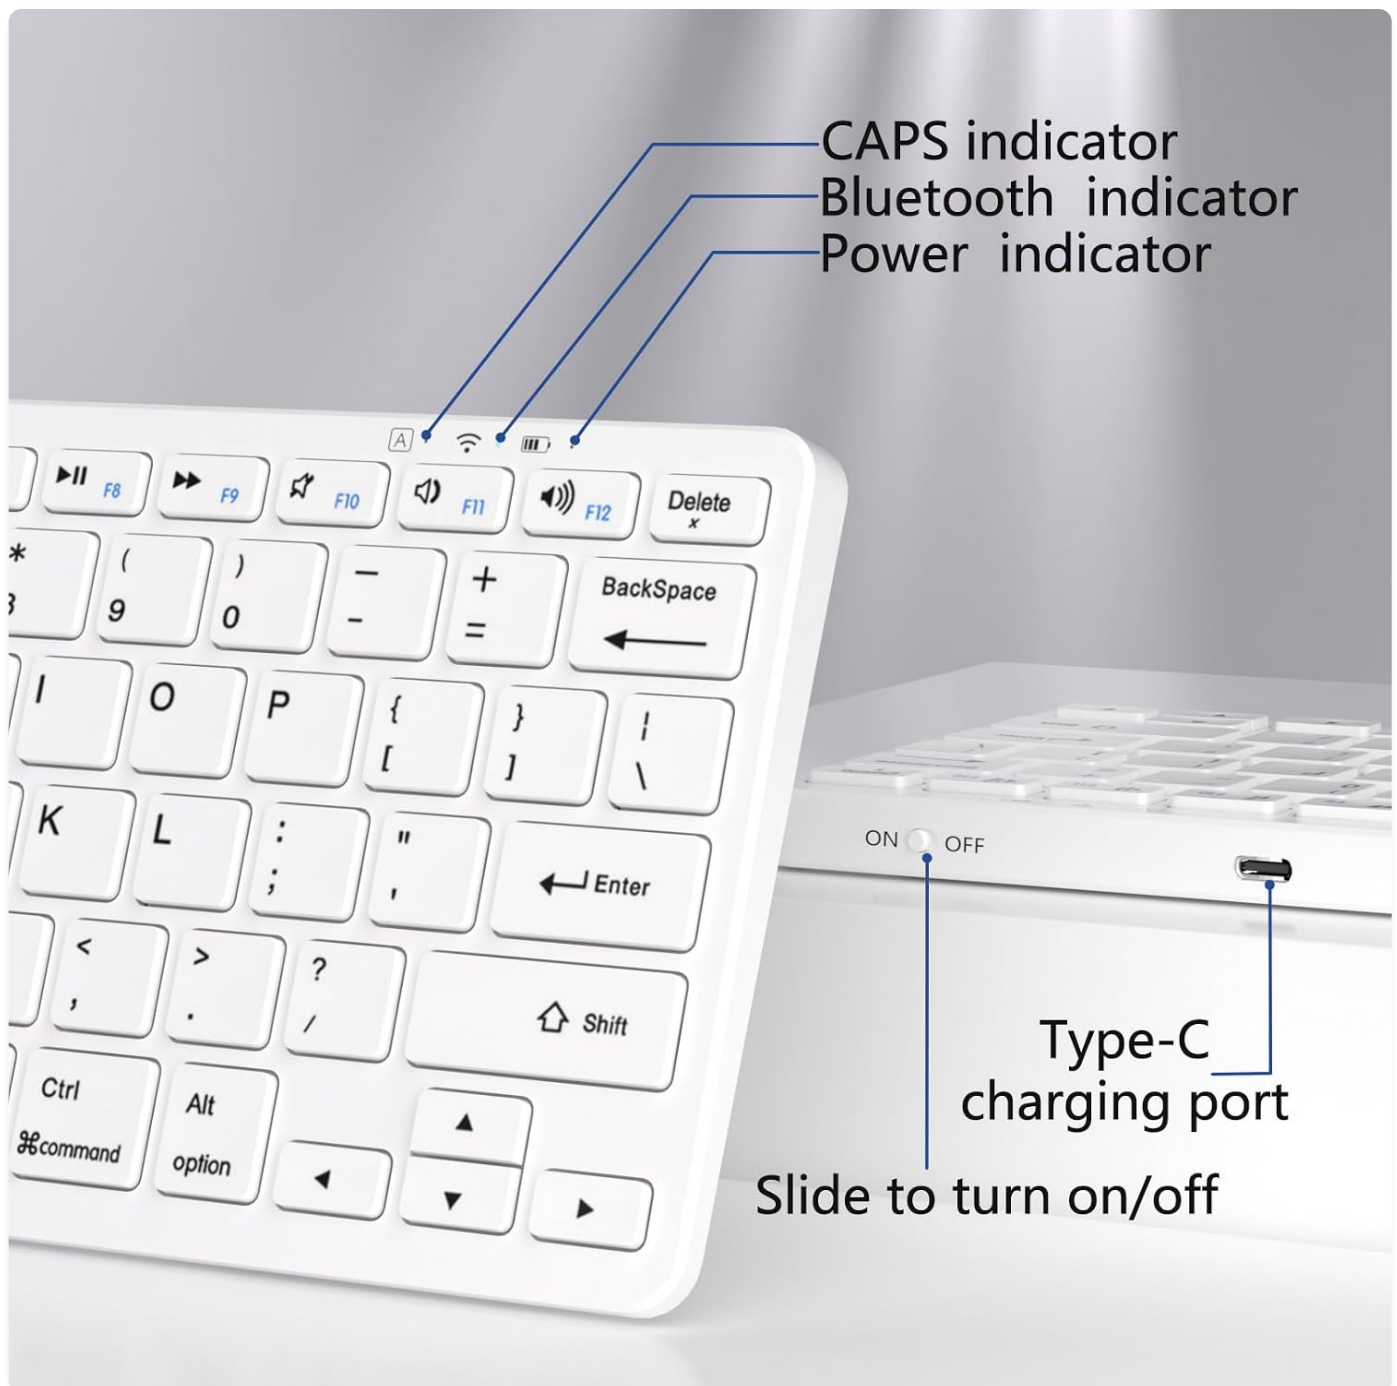

2. PACKAGE CONTENTS

Please check the package for the following items:

- MMK Bluetooth Keyboard
- USB-A to USB-C Charging Cable
- User Manual

3. PRODUCT OVERVIEW

Familiarize yourself with the key components of your MMK Bluetooth Keyboard:

Location of CAPS indicator, Bluetooth indicator, Power indicator, ON/OFF switch, and Type-C charging port.

- **CAPS Indicator:** Lights up when Caps Lock is active.
- **Bluetooth Indicator:** Flashes during pairing, solid when connected.
- **Power Indicator:** Lights up when the keyboard is on, flashes when battery is low, solid during charging.
- **ON/OFF Switch:** Located on the side to power the keyboard on or off.
- **Type-C Charging Port:** Used to charge the keyboard.

4. SETUP

4.1 Charging the Keyboard

Before first use, fully charge the keyboard. Connect the provided USB-A to USB-C cable to the keyboard's Type-C charging port and the other end to a USB power source (e.g., computer, wall adapter). The Power indicator will be solid during charging and turn off when fully charged.

4.2 Powering On/Off

To power on the keyboard, slide the ON/OFF switch to the 'ON' position. To power off, slide the switch to 'OFF'.

4.3 Bluetooth Pairing

Follow these steps to pair your keyboard with your device:

1. Ensure the keyboard is charged and powered on.
2. On your device (tablet, smartphone, laptop), go to Bluetooth settings and turn Bluetooth on.
3. On the MMK keyboard, press and hold the **Fn** key and the **Q** key simultaneously. The Bluetooth indicator light will start flashing, indicating the keyboard is in pairing mode.
4. On your device, search for available Bluetooth devices. You should see "Bluetooth Keyboard" or a similar name appear in the list.
5. Select the keyboard from the list to connect. Once connected, the Bluetooth indicator light on the keyboard will stop flashing and remain solid for a few seconds before turning off to save power.

How to Pair with Your All Devices

Visual guide for pairing the keyboard by pressing Fn + Q.

4.4 Selecting Operating System Mode

To optimize keyboard functions for your specific operating system, press the following key combinations:

- For **iOS/iPadOS**: Press **Fn + Q**
- For **Android**: Press **Fn + W**
- For **Windows**: Press **Fn + E**

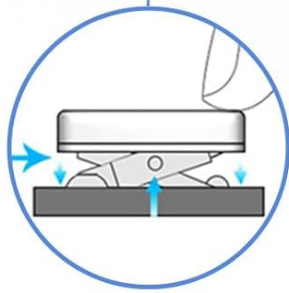

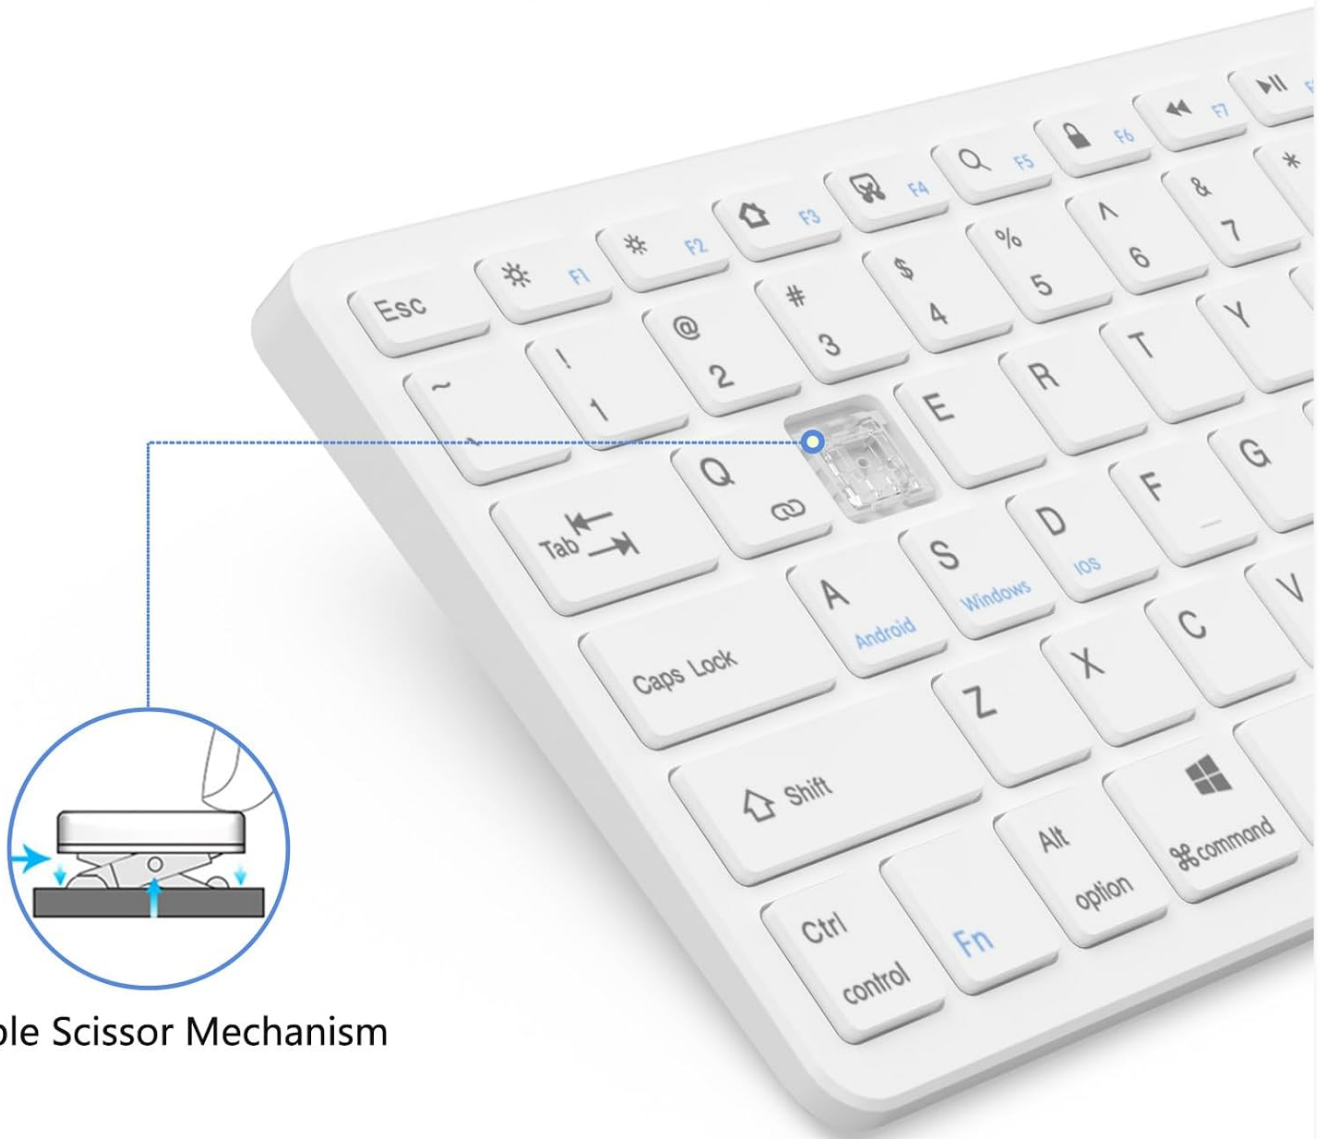

5. OPERATION

5.1 Basic Typing

Once paired and the correct OS mode is selected, you can use the keyboard for typing as you would with a standard keyboard. The keys feature a stable scissor mechanism for a responsive and quiet typing experience.

COMFORTABLE KEYS

Enjoy smooth and precise typing experience

Stable Scissor Mechanism

- **Esc:** Home/Escape
- **F1:** Brightness Down
- **F2:** Brightness Up
- **F3:** Virtual Keyboard
- **F4:** Search
- **F5:** Screenshot
- **F6:** Lock Screen
- **F7:** Previous Track
- **F8:** Play/Pause
- **F9:** Next Track
- **F10:** Mute
- **F11:** Volume Down

- **F12:** Volume Up

5.3 Auto-Sleep Function

To conserve battery, the keyboard will automatically enter sleep mode after a period of inactivity. To wake it up, simply press any key. It may take a moment to re-establish connection with your device.

6. MAINTENANCE

6.1 Cleaning

To clean your keyboard, gently wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials. Ensure the keyboard is powered off before cleaning.

6.2 Storage

When not in use for extended periods, store the keyboard in a cool, dry place. It is recommended to fully charge the keyboard before storing and to recharge it every few months to maintain battery health.

7. TROUBLESHOOTING

If you encounter issues with your MMK Bluetooth Keyboard, please refer to the following common solutions:

- **Keyboard not connecting:**
 - Ensure the keyboard is powered on and fully charged.
 - Verify that Bluetooth is enabled on your device.
 - Make sure the keyboard is in pairing mode (Fn + Q, Bluetooth indicator flashing).
 - Forget the keyboard from your device's Bluetooth settings and attempt to re-pair.
 - Restart both your device and the keyboard.
- **Keys not responding or missing input:**
 - Check the battery level and recharge if necessary.
 - Ensure the keyboard is within the 8-meter operating range of your device.
 - If the keyboard has entered auto-sleep mode, press any key to wake it up. Allow a few seconds for reconnection.
 - Verify that the correct operating system mode (Fn + Q/W/E) is selected for your device.
- **Short battery life:**
 - Ensure the keyboard is fully charged before use.
 - The keyboard features an auto-sleep mode to conserve power; ensure it's not being woken up unnecessarily.
 - Avoid extreme temperatures, which can affect battery performance.
