Care and Maintenance

Proper care will extend the life and appearance of your IDEALHOUSE King Bed Frame.

Upholstery Care (Linen Fabric):

- **Regular Cleaning:** Dust regularly with a soft cloth or brush. Vacuum weekly using an upholstery attachment to remove accumulated dust and debris.
- **Spill Management:** Act quickly to blot up spills with a clean, dry cloth. Do not rub, as this can spread the stain.
- **Spot Cleaning:** For stubborn stains, use a water-based upholstery cleaner. Test the cleaner on an inconspicuous area first to ensure colorfastness. Follow the cleaner's instructions carefully.

Wood Slats Care:

- **Dusting:** Dust frequently with a soft, dry cloth.
- **Cleaning:** Clean all wood surfaces using a high-quality furniture polish as needed.
- **Spills:** Immediately blot up any spills on wood surfaces to prevent damage.

General Maintenance:

- Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary.
- Avoid exposing the bed frame to direct sunlight or extreme temperature changes, which can cause fading or material degradation.
- Do not use harsh chemicals, abrasive cleaners, or solvents on any part of the bed frame.
