OPERATING INSTRUCTIONS (FIRE PIT)

The fire pit table features an integrated button ignition system for easy and safe operation.

1. Ensure the propane tank is connected and the gas valve is open.
2. Push and turn the ignition knob to the "ON" position.
3. Press the integrated button ignition to ignite the burner.
4. Once lit, hold the knob for 5-10 seconds, then release.
5. Adjust the flame height using the control knob.
6. To turn off, turn the control knob to the "OFF" position and close the propane tank valve.
7. When not in use, place the provided cover over the fire pit area to convert it into a regular table surface.

TROUBLESHOOTING

If you encounter any issues with your VONZOY patio furniture set, please refer to the following common solutions or contact customer support.

Problem	Possible Cause	Solution
Fire pit not igniting.	Propane tank valve closed, low propane, ignition button not pressed long enough, battery issue.	Ensure tank valve is open. Check propane level. Press and hold ignition button for recommended duration. Check/replace ignition battery.
Cushions slipping.	Improper placement, excessive movement.	Ensure cushions are correctly aligned with the anti-slip points. Minimize sudden movements.
Furniture feels unstable.	Uneven ground, adjustable foot knobs not properly set.	Adjust the foot knobs on each piece to level the furniture on uneven surfaces.

For any issues not covered here, please contact VONZOY customer support for assistance.
