2. Setup

Before first use, unpack all components and ensure they are intact. Place the machine on a stable, flat surface. Familiarize yourself with the included accessories.

Included Components:

- 1x Mooye Almond Milk Maker
- 1x Cleaning Brush
- 1x Cleaning Pad
- 1x Power Cord
- 1x Measuring Cup
- 1x Recipe Book
- 1x Instruction Manual
- 1x Filter Bag

This image displays all items included in the Mooye Nut Milk Maker package: the instruction manual, a recipe book, a measuring cup, a cleaning sponge, a filter bag, and a cleaning brush.

This image illustrates the compact dimensions of the Mooye Nut Milk Maker (11.2 inches H, 5.9 inches W) and lists the included accessories: a cleaning sponge, cleaning brush, measuring cup, and filter bag.

3. Operating Instructions

The Mooye Nut Milk Maker features an intuitive control panel for easy operation. Ensure the lid is correctly secured before starting any program to avoid error messages.

A detailed view of the Mooye Nut Milk Maker's LED control panel, displaying options for Milk Shake, Nut Milk, Soymilk, Juice, Boil Water, Oat Milk, Rice Paste, and Clean functions, along with Menu/Delay Start and Start/Cancel buttons.

General Operation Steps:

1. Add your desired ingredients into the stainless steel inner container.
2. Add water or milk, ensuring it does not exceed the maximum fill line.
3. Securely close the lid. The machine has a safety lock design; it will only operate if the lid is correctly installed.
4. Press the 'Menu/Delay Start' button to cycle through the available programs until your desired mode is selected.
5. Press the 'Start/Cancel' button to begin the program.

Program Timings & Functions:

Program	Timing	Heating Functions
Milk Shake	3 mins	No
Nut Milk	8 mins	No
Soymilk	35 mins	Yes
Juice	3 mins	No
Boil Water	10 mins	Yes
Oat Milk	2 mins	No
Rice Paste	23 mins	Yes
Clean	11 mins	Yes

This chart provides a comprehensive overview of the different modes available on the Mooye Nut Milk Maker, including their respective processing times and whether they involve heating.

Delay Start Function:

The machine features a 12-hour delay start function. To set it, select your desired mode, then long-press the 'Menu/Delay Start' button. Adjust the delay time (1-12 hours) using the 'Start/Cancel' button. The machine will begin operation after the set delay.

An official Mooye US video tutorial on how to effectively set the delay start function on your Nut Milk Maker, allowing you to prepare ingredients in advance for fresh beverages later.

This visual guide demonstrates the 12-hour delay start function, showing ingredients being added at night (8:00 PM) and fresh milk being ready in the morning (8:00 AM).

General Usage Demonstration:

This official video from Mooye US demonstrates the process of making various plant-based milks and other beverages using the 35oz Nut Milk Maker, showcasing its ease of use and multi-functional capabilities.

4. Recipes

Your Mooye Nut Milk Maker comes with a dedicated recipe book to help you explore a variety of delicious plant-based beverages. Here are a few examples:

Soy Milk:

- **Ingredients:** 60g of soybeans
- **Optional:** 3-4 teaspoons of maple syrup/honey, 2 teaspoons pure vanilla extract, 3 Medjool dates

Almond Milk:

- **Ingredients:** 60g of almonds
- **Optional:** 4-5 pitted dates, 2 teaspoons pure vanilla extract, a pinch of ground cinnamon, a pinch of sea salt

Oat Milk:

- **Ingredients:** 60g of rolled oats
- **Optional:** 3-4 teaspoons of maple syrup/honey, 2 teaspoons pure vanilla extract, tiny pinch of salt

Mango Smoothie:

- **Ingredients:** 2-3 pitted mangoes, 2-3 cups yogurt

Carrot Honey Juice:

- **Ingredients:** 1 carrot (about 200g), Apple (about 170g), Honey (20ml), Milk

5. Maintenance & Cleaning

Proper maintenance ensures the longevity and optimal performance of your Mooye Nut Milk Maker. The machine features a convenient auto-clean function.

Auto-Clean Program:

1. After use, it is recommended to add water immediately to the inner container.
2. Select the 'Clean' mode on the control panel.
3. Press 'Start/Cancel' to begin the 11-minute cleaning cycle.

This official Mooye US video guides users through initiating the self-cleaning program, simplifying the maintenance process for the Nut Milk Maker.

Manual Cleaning Precautions:

- Always unplug the machine before manual cleaning.
- Do not wet the power interface or the bottom of the unit.
- Use the provided cleaning brush and pad to carefully clean the interior, paying attention to the blades. Be cautious as the blades are sharp.
- Wipe the exterior with a damp cloth.

A critical cleaning instruction image for the Mooye Nut Milk Maker, emphasizing not to wet the power interface or the bottom of the unit to prevent electrical hazards.

6. Troubleshooting

If you encounter any issues with your Mooye Nut Milk Maker, please refer to the common troubleshooting steps below. If the problem persists, contact customer service.

E2 Error Display:

The 'E2' error code indicates that the lid of the soy milk maker cup is not correctly installed on the machine body. The machine has a safety lock design and will not operate unless the lid is properly secured.

1. Remove the lid.
2. Carefully re-align and re-install the lid, ensuring it clicks securely into place.
3. Once the lid is correctly covered, the 'E2' error should clear, and the machine will be ready for use.

An official Mooye US video explaining how to resolve the 'E2' error displayed on the Nut Milk Maker, typically indicating an improperly closed lid, and demonstrating the correct way to secure it.

7. Specifications

Feature	Detail
Brand	Mooye
