LOBKIN S7

LOBKIN S7 Sleep Earbuds User Manual

Model: S7

1. INTRODUCTION

Welcome to the LOBKIN S7 Sleep Earbuds user manual. These earbuds are designed to provide a comfortable audio experience, especially for side sleepers, while minimizing external noise. This manual will guide you through the setup, operation, and maintenance of your new earbuds.

2. PACKAGE CONTENTS

The LOBKIN S7 Sleep Earbuds package typically includes:

- LOBKIN S7 Sleep Earbuds (Left and Right)
- Portable Charging Case
- USB Charging Cable
- User Manual

3. PRODUCT OVERVIEW

The LOBKIN S7 Sleep Earbuds are engineered for minimal size and weight, ensuring comfort during extended wear, particularly while sleeping. The compact charging case provides additional battery life.

4. SETUP

Follow these steps to set up your LOBKIN S7 Sleep Earbuds for first-time use.

4.1 Initial Charging

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case and connect the USB charging cable to the case and a power source. The indicator lights on the case will show charging status.

4.2 Bluetooth Pairing

1. Ensure the earbuds are charged and placed in the charging case.
2. Open the charging case. The earbuds will automatically enter pairing mode, indicated by a flashing light on the earbuds.
3. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
4. Select "LOBKIN S7" from the list of found devices to connect.
5. Once connected, the earbud indicator light will stop flashing.

5. OPERATING INSTRUCTIONS

5.1 Wearing the Earbuds

The LOBKIN S7 earbuds are designed to fit snugly and comfortably, even for side sleepers. Gently insert each earbud into your ear canal. Adjust for a secure and comfortable fit. The ultra-miniature design minimizes pressure.

5.2 Touch Controls

The LOBKIN S7 earbuds feature intuitive touch controls for managing audio playback and calls.

- **Tap Twice (Left or Right):** Play/Pause audio.
- **Tap Triple (Left):** Volume Up.
- **Tap Triple (Right):** Volume Down.
- **Press Once (Left or Right):** Answer/End Call.
- **Press Hold 2 Seconds (Left or Right):** Reject Call.
- **Tap Quantic (Left or Right):** Activate Voice Assistant.

6. MAINTENANCE

Proper care ensures the longevity of your LOBKIN S7 Sleep Earbuds.

- **Cleaning:** Gently wipe the earbuds and charging case with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials. Ensure the charging contacts are clean and dry.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage.
- **Water Resistance:** The earbuds are IPX6 waterproof, meaning they are resistant to strong jets of water. However, they are not designed for submersion. Avoid exposing them to excessive moisture.

7. TROUBLESHOOTING

Here are answers to common questions and solutions for potential issues.

Common Questions (Q&A)

Q1: How long can a single earbud play continuously?

A1: Approximately 4-5 hours.

Q2: If it can only play for 4-5 hours, is it not enough for 7-8 hours of sleep?

A2: When the power runs out, it can be used as a sound-isolating earplug. It is designed for sleeping and has a mini shape, so it cannot store large-capacity batteries. The design prioritizes comfort and size for sleep. The charging case provides additional charges for up to 20 hours of total use.

Q3: Will earbuds broadcast a reminder when the battery is low?

A3: No. The design has been improved for sleeping conditions and will not send low battery alerts in the middle of the night to disrupt your sleep.

General Troubleshooting

- **Connectivity Issues:** If earbuds fail to connect, ensure they are charged, Bluetooth is enabled on

your device, and they are within range. Try unpairing and re-pairing the earbuds.

- **Sound Quality Issues:** Ensure earbuds are properly seated in your ears. Check device volume and earbud volume. Clean any debris from the earbud speakers.
