

XCQQ XCQQ-S9BL

XCQQ Smart Bidet Toilet Seat User Manual

MODEL: XCQQ-S9BL

Brand: XCQQ

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or injury. Keep this manual for future reference.

- Ensure the product is connected to a properly grounded outlet (120 Volts, 1300 Watts).
- Do not immerse the unit in water or spray water directly onto the unit.
- Unplug the bidet from the power outlet before cleaning or servicing.
- Do not allow children to operate the bidet without supervision.
- Avoid using abrasive cleaners or harsh chemicals on the bidet surface.

2. PACKAGE CONTENTS

Verify that all components are included in the package:

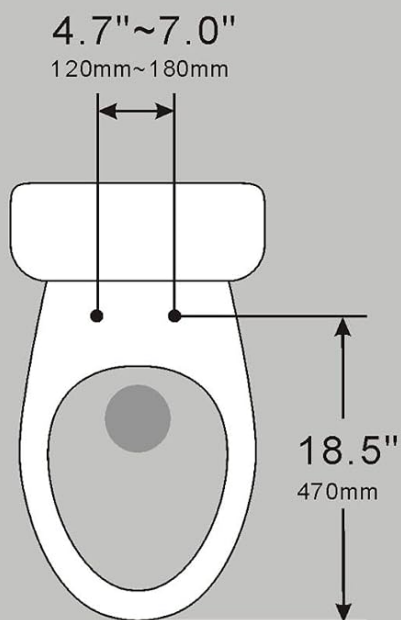

- Bidet toilet seat
- Filter
- Mounting hardware
- Connecting components
- Instruction manual

3. INSTALLATION GUIDE

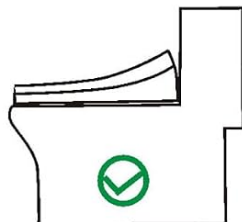

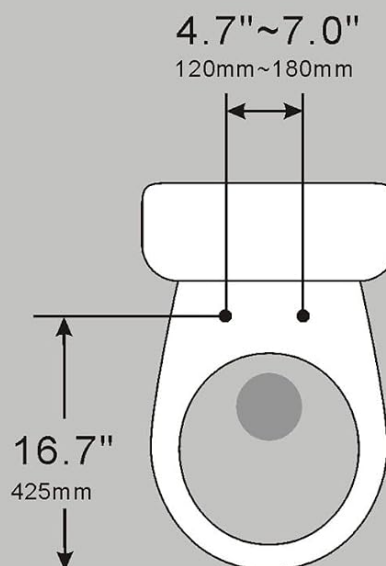

Before beginning installation, ensure your toilet is compatible with the bidet seat's dimensions (Elongated or Round) and that a power outlet is available nearby.

PLEASE CONFIRM YOUR TOILET SIZE BEFORE PLACING ORDER!

Elongated

Round

Fits

May Not Fit

Outlet Required

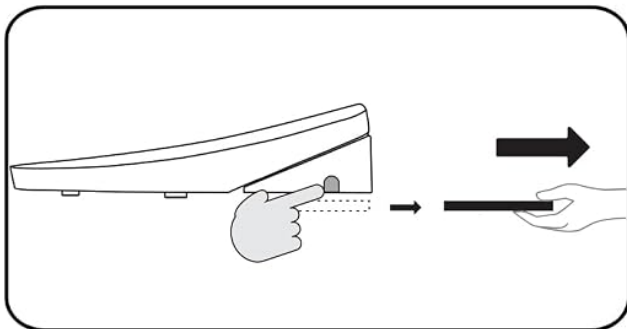

Confirm your toilet size and ensure an outlet is available.

Installation Steps:

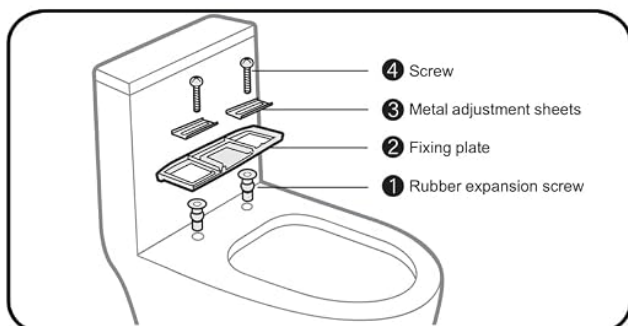

1. **Remove Existing Toilet Seat:** Turn off the water supply valve to the toilet. Flush the toilet to drain the tank. Unscrew and remove the old toilet seat and its mounting hardware.
2. **Prepare Mounting Plate:** Hold down the side buckle on the bidet seat to remove the fixing plate.
3. **Secure Fixing Plate:** Insert the expanding rubber bolts into the toilet holes. Secure the fixing plate to the toilet using the provided screws and adjustment sheets. Adjust the plate's position to align with the bidet seat.
4. **Attach Bidet Seat:** Push the smart toilet seat onto the fixing plate by holding down the side buckle until it clicks into place.
5. **Connect Water Supply:** Turn off the main water supply valve. Attach the three-way valve to the threads of the toilet tank. Connect the DMT pipe and filter to the bidet seat and the three-way valve.
6. **Restore Water and Power:** Open the water supply valve. Wait 3-5 minutes for the bidet to fill with water. Plug the bidet into the power outlet. The LED light will start blinking, and the spray bar will automatically extend and retract, performing a water spray check.

Installation Guide

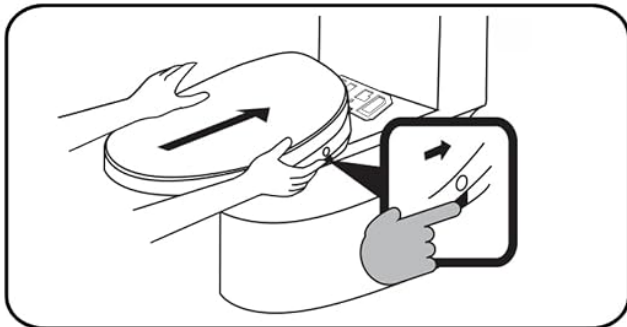

- 1** Hold down the side buckle to remove the fixing plate.

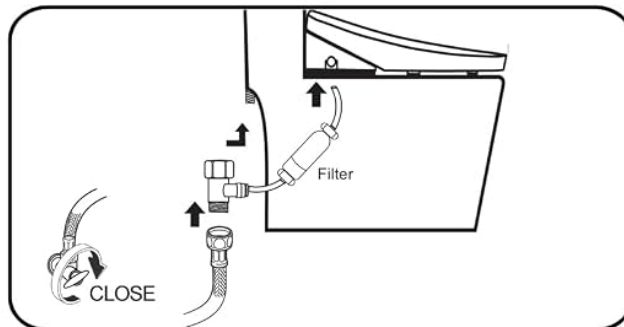

- 2** Secure the fixing plate to the toilet using the provided screws and adjustment sheets.

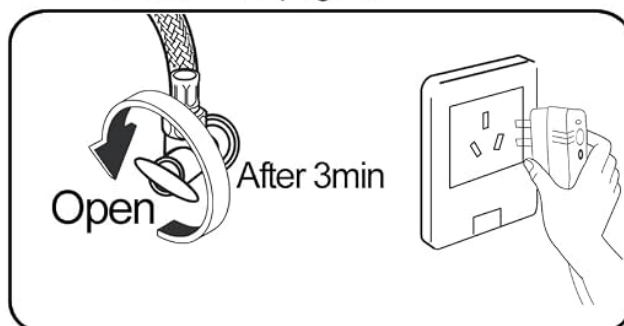

- 3** Push the smart toilet seat onto the fixing plate by hold down the side buckle.

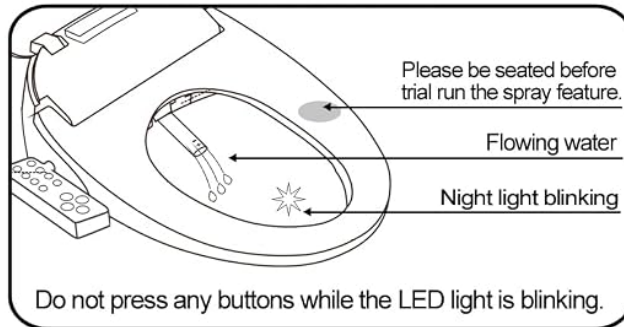

- 4** Turn off the water supply valve. Attach the three-way valve to the threads of the toilet tank. Connecting DMT pipe and filter.

- 5** Please make sure to open the water supply valve first, wait 3 minutes for the water to fill the bidet, then plug it in.

- 6** When the power is activated the LED light will start to blink, the spray wand will automatically extend (without spray) and the water will flow down the wand into the toilet.

ATTENTION

Stop blinking the LED light (blue night light): If the LED light blinks continuously for more than 5 minutes, please unplug the bidet and turn off the water valve. Turn on the water valve first, wait 3-5 minutes, then plug it and do not operate any functions. The blue light will stop blinking in 1 minute.

4. OPERATING INSTRUCTIONS

The XCQQ Smart Bidet Toilet Seat offers a range of features for enhanced hygiene and comfort, controlled via the side panel.

Overview of the multi-function control panel.

Key Features:

- **Versatile Cleaning Modes:** Experience tailored comfort with bidet warm water washing that can be adjusted between 92°F and 102°F. Choose from options like rear cleansing, feminine washing, and one-touch auto cleaning & drying. The self-cleaning nozzles activate before and after each use to maintain a hygienic environment.

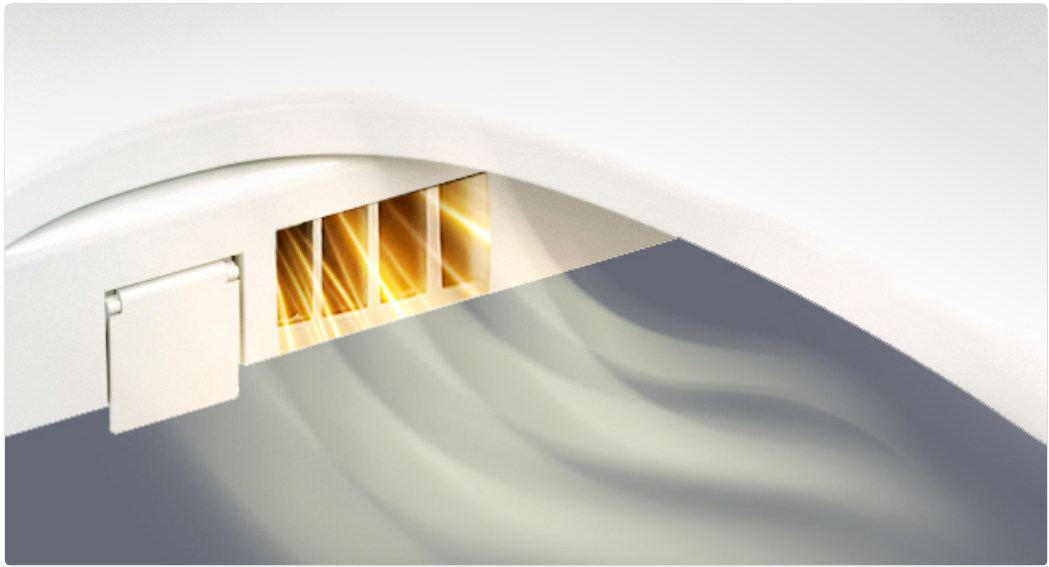

Various cleaning modes for personalized hygiene.

- **Customizable Nozzle Position:** Personalize your bathroom routine with adjustable nozzle positions and an oscillating spray feature. The system remembers your last nozzle position setting, ensuring a personalized, thorough clean that adapts to your preferences each time you use it.
- **Heated Toilet Seat:** Keep warm on winter mornings with a heated seat that provides a gentle warmth. With adjustable temperature settings, you can enjoy a cozy experience right from the moment you sit down, ensuring comfort even on the coldest days.

Enjoy a warm and comfortable seat.

- **Warm Air Drying:** Reduce paper waste with the integrated warm air dryer, which gently dries after cleansing, offering a convenient, hands-off experience. The dryer's adjustable temperature settings ensure you stay comfortable while contributing to a more sustainable lifestyle.

Efficient and comfortable warm air drying.

- **Smart Display Screen:** A high-resolution LED screen displays real-time water and seat temperatures, providing clear feedback on your settings.

Real-time temperature display for convenience.

- **Quiet and Convenient:** Enjoy a peaceful bathroom experience with a soft-closing lid and seat, along with an optional silent mode for beep sound. The subtle nightlight offers just enough illumination for nighttime trips without needing to turn on harsh main lights.

Soft-closing lid and integrated night light for quiet and easy nighttime use.

5. MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and optimal performance of your bidet toilet seat.

- **Exterior Cleaning:** Wipe the exterior surfaces with a soft, damp cloth and mild, non-abrasive detergent. Do not use harsh chemicals or abrasive pads.
- **Nozzle Cleaning:** The bidet features a self-cleaning nozzle. For additional cleaning, you can manually extend the nozzle (refer to the operating instructions) and gently clean it with a soft brush and mild soap.
- **Filter Maintenance:** Periodically check the water filter for any debris. Replace the filter as needed to maintain optimal water flow and purity.

6. TROUBLESHOOTING

If you encounter any issues with your XCQQ Smart Bidet Toilet Seat, please refer to the common solutions below. For more detailed troubleshooting, consult the official [Troubleshooting Guide PDF](#).

- **No Water Spray:** Ensure the water supply valve is fully open and the bidet is properly plugged in. Check if the sensor is activated when seated.
- **No Heat/Warmth:** Verify the power connection. Check the temperature settings for both the seat and water on the control panel.
- **Weak Water Pressure:** Ensure the water supply valve is fully open. Check the water filter for clogs and clean or replace if necessary. Adjust water pressure settings on the control panel.
- **LED Light Blinking Continuously:** If the blue night light blinks continuously for more than 5 minutes, unplug the bidet and turn off the water valve. Turn on the water valve first, wait 3-5 minutes, then plug it in. The blue light should stop blinking in 1 minute.

Answered questions about this manual

Does XCQQ sell the mounting bracket separately for the XCQQ-S9BL Smart Bidet Toilet Seat if the original one broke?

The user manual for the XCQQ-S9BL Smart Bidet Toilet Seat identifies the mounting component as the Fixing Plate. While the manual lists the fixing plate as part of the standard package contents, it does...
