## TURBO CHALLENGE 095641

# TURBO CHALLENGE Ferrari FXX K Evo RC Car (Model 095641)

## USER MANUAL

### 1. Introduction

---

Thank you for choosing the TURBO CHALLENGE Ferrari FXX K Evo RC Car, Model 095641. This 1:18 scale remote-controlled vehicle is designed as an 85-part assembly kit, offering an engaging building experience before the thrill of driving. This manual provides essential information for assembly, operation, maintenance, and safety to ensure a safe and enjoyable experience. This product is suitable for users aged 6 years and older.

### 2. Important Safety Information

---

Please read and understand all safety warnings before use. Failure to follow these instructions may result in injury or damage to the product.

- Remove all fasteners and packaging elements before giving the toy to a child.
- Battery installation and replacement must be performed by an adult.
- Only use the recommended battery types (AA alkaline batteries).
- Remove batteries from the toy and remote control if not used for an extended period.
- Do not dispose of batteries in fire; they may explode or leak.
- Avoid operating the vehicle near water, heat sources, or in heavy traffic areas.
- Do not modify the product or its components.

### 3. Package Contents

---

Ensure all items are present before beginning assembly:

- 1 x Ferrari FXX K Evo 1:18 Scale RC Car Assembly Kit (85 parts)
- 1 x 2.4 GHz Remote Control

- 1 x Assembly Manual (English/French, included in the kit)

**Note: Batteries are NOT included and must be purchased separately.**

## 4. Assembly Instructions

---

The Ferrari FXX K Evo RC car is an 85-part assembly kit. A detailed assembly guide is included within the product packaging to assist you through each step of construction. Please follow the instructions carefully to ensure proper functionality and durability of the vehicle.

1. Unpack all components and lay them out on a clean, flat surface.
2. Refer to the included assembly manual for step-by-step visual and written instructions.
3. Carefully connect the chassis, body panels, wheels, and other parts as indicated.
4. Ensure all connections are secure before proceeding to the next step.
5. Once assembly is complete, double-check all parts for proper fit and stability.

## 5. Battery Installation

---

Battery installation must be performed by an adult.

### For the RC Car:

- Locate the battery compartment on the underside of the car.
- Use a screwdriver (not included) to open the battery compartment cover.
- Insert **3 x AA alkaline batteries**, ensuring correct polarity (+/-).

- Replace the cover and secure it with the screw.

### For the Remote Control:

- Locate the battery compartment on the back of the remote control.
- Open the battery compartment cover.
- Insert **2 x AA alkaline batteries**, ensuring correct polarity (+/-).
- Replace the cover.

## 6. Operating Instructions

---

Once the car is assembled and batteries are installed, you are ready to operate your Ferrari FXX K Evo RC Car.

1. **Power On:** Turn on the power switch on the RC car. Then, turn on the power switch on the remote control. The remote control and car should automatically pair (indicated by a steady light on both devices).
2. **Controls:** Use the joystick or directional buttons on the remote control to steer the car. Typically, one joystick controls forward/backward movement, and the other controls left/right steering.
3. **Range:** The 2.4 GHz remote control system provides a range of up to 20 meters (approximately 65 feet).
4. **Speed:** The car can reach speeds of up to 9 km/h (approximately 5.6 mph).
5. **Driving Environment:** The car is designed for stable performance both indoors and outdoors on various surfaces. Avoid wet conditions or extremely rough terrain.

## 7. Maintenance

---

Proper maintenance will extend the life of your RC car.

- **Cleaning:** Wipe the car and remote control with a soft, slightly damp cloth. Do not use harsh chemicals or immerse in water.
- **Storage:** Store the car and remote control in a cool, dry place away from direct sunlight and extreme

temperatures.

- **Battery Care:** Always remove batteries from both the car and remote control if they will not be used for an extended period to prevent leakage and corrosion.
- **Inspection:** Periodically check for loose parts or damage. Tighten screws if necessary.

## 8. Troubleshooting

---

If you encounter issues with your RC car, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Car does not move or respond.	Low or incorrectly installed batteries in car or remote. Car/remote not paired.	Check and replace batteries in both car and remote. Ensure correct polarity. Turn both devices off and on again to re-establish connection.
Short control range or intermittent signal.	Weak batteries. Interference from other 2.4 GHz devices. Obstacles between remote and car.	Replace batteries. Move to an area with less electronic interference. Ensure a clear line of sight between remote and car.
Car moves slowly or erratically.	Low batteries. Damage to wheels or drivetrain.	Replace batteries. Inspect wheels and axles for obstructions or damage.

## 9. Specifications

---

- **Model:** 095641
- **Brand:** TURBO CHALLENGE
- **Scale:** 1:18
- **Material:** Plastic
- **Color:** Red
- **Dimensions (Car):** 27 x 11 x 6.9 cm (L x W x H)
- **Power Source (Car):** 3 x AA Batteries (not included)
- **Power Source (Remote Control):** 2 x AA Batteries (not included)
- **Radio Frequency:** 2.4 GHz
- **Control Range:** Up to 20 meters
- **Maximum Speed:** Up to 9 km/h
- **Assembly:** Required (85 parts)
- **Recommended Age:** 6 years and up
- **Manufacturer:** MGM JOUET
