Cheerble Pumpless Cat Water Fountain E1 User Manual

Model: Elfin E1+ (CDY02)

1. INTRODUCTION

Thank you for choosing the Cheerble Pumpless Cat Water Fountain E1. This innovative pet water dispenser is designed to provide fresh, clean water for your cats and dogs with minimal maintenance. Featuring MagDrive™ technology, it eliminates the traditional water pump, making cleaning effortless and ensuring superior safety. This manual will guide you through the setup, operation, and maintenance of your new water fountain.

2. SAFETY INFORMATION

Your pet's safety is our top priority. Please read and adhere to the following safety guidelines:

- **No Electrical Leakage:** The Cheerble E1 Water Fountain is designed with electronic components completely separate from the water source, significantly enhancing safety.
- **Automatic Shut-off:** The fountain automatically stops dispensing water when the water level is low to prevent damage and ensure safety.
- **BPA-Free Materials:** Constructed from BPA-free materials to ensure the health and well-being of your pets.
- **Indoor Use Only:** This product is intended for indoor use only.
- **Chew-Proof Cable:** The charging cable features a durable braided design to prevent pet bites and electric

shock.

- **Magnetic Cable Management:** Ensures no tangled cords, prevents pull-out by pets, and reduces risk of power port leakage.

True Water-Electricity Separation

All electronic components are housed in a smart base outside the tank, ensuring protection against electricity leakage.

4. SETUP GUIDE

Follow these steps to set up your Cheerble Pumpless Cat Water Fountain E1:

1. Remove the Replacement Kit (water conduit, impeller) from the box.
2. Place the impeller into the groove of the water tank.
3. Insert the water conduit above the impeller.

Easy Set-up Guide

Remove the Replacement Kit (water conduit, impeller) from the box.

Place the impeller into the groove of the water tank.

Insert the water conduit above the impeller.

Image 4.1: Visual guide for the initial assembly of the fountain's internal components.

4. Soak the filter in water for 5 minutes.
5. Rinse the filter for 1 minute.
6. Insert the cleaned filter onto the filter tray and press it flat.

Easy Set-up Guide

Soak the filter in water for 5 minutes.

Rinse the filter for 1 minute.

Insert the cleaned filter onto the filter tray and press it flat.

Image 4.2: Instructions for preparing and installing the multi-layer filter.

7. Install the filter tray, water tray, and spout in sequence, securing with the snap lid.
8. Insert the cable into one of the slots and plug it into a power source to turn on.
9. Properly position the water tank on the base and press the function button for 3 seconds to activate the Cheerble Water Fountain E1.

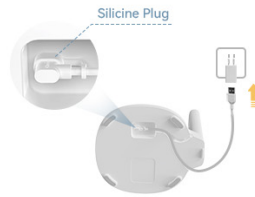

Easy Set-up Guide

07

Install the filter tray, water tray, and spout in sequence, securing with the snap lid.

08

Insert the cable into one of the slots and plug it into a power source to turn on.

09

Properly position the water tank on the base and press the function button for 3 seconds to activate the Cheerble Water Fountain E1.

Image 4.3: Final steps for assembling the fountain, connecting power, and initial activation.

5. OPERATING INSTRUCTIONS

The Cheerble E1 Water Fountain offers two dispensing modes:

- **Time Mode:** Dispenses water for 20 seconds every 15 minutes.
- **Intelligent Mode:** Automatically dispenses water for 20 seconds when a pet is detected nearby with the built-in PIR smart sensor.

To switch between modes or activate the fountain, refer to the function button on the base unit. The fountain is designed to encourage pets to drink more by providing fresh, flowing water on demand or at regular intervals.

Dual Mode Dispensing

Timer Mode

Dispenses water for 20 seconds every 15 minutes.

Intelligent Mode

Automatically dispenses water for 20 seconds when a pet is detected nearby with the smart sensor.
