4. SETUP

4.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided USB data cable to the charging case and a compatible USB power source. The charging indicator on the case will show the charging status. A full charge for the case takes approximately 3 hours, providing over 7 hours of earbud usage. Earbuds themselves have a battery life of approximately 2 hours per charge.

4.2 Bluetooth Pairing

1. Ensure the earbuds are charged and removed from the charging case.
2. Enable Bluetooth on your mobile phone or compatible device.
3. Search for available Bluetooth devices. The earbuds should appear as 'Yunir Translator' or a similar name.
4. Select the earbuds to pair. A voice prompt will confirm successful connection.

4.3 App Installation

To utilize the translation features, download and install the dedicated translation application on your smartphone. Refer to the instructions provided within the app for specific setup and language selection.

5. OPERATING INSTRUCTIONS

The Yunir Voice Translator Earbuds offer multiple modes for translation and general audio functions.

5.1 Translation Modes

After connecting the earbuds via Bluetooth and launching the translation app, select your desired translation mode:

- **Touch Mode:** For two people, each wearing an earbud. Tap the earbud to speak, and the translation will be heard by the other person.
- **Speaker Mode:** One person wears an earbud, and the translation is played through the phone's speaker for others to hear.
- **Free Talk Mode:** Allows for continuous, real-time translation in a conversation, releasing users from constant button presses.
- **Offline Mode:** Supports translation without an internet connection for selected languages. Ensure necessary language packs are downloaded in the app beforehand.

5.2 Music Playback and Call Management

The earbuds feature multi-function touch controls:

- **Play/Pause Music:** Single tap on either earbud.
- **Answer/End Call:** Single tap on either earbud during an incoming call.
- **Reject Call:** Press and hold either earbud for approximately 2 seconds during an incoming call.
- **Next Track:** Double tap the right earbud.
- **Previous Track:** Double tap the left earbud.

The earbuds also feature noise reduction for clear audio during calls and translation.

6. MAINTENANCE

- Clean the earbuds and charging case regularly with a soft, dry cloth.
- Avoid exposing the device to extreme temperatures, humidity, or liquids, as it is not water-resistant.
- Store the earbuds in their charging case when not in use to protect them and keep them charged.
- Do not attempt to disassemble or repair the device yourself. Contact customer support for assistance.

7. TROUBLESHOOTING

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
Earbuds not pairing	Ensure earbuds are charged. Turn off and on your phone's Bluetooth. Restart the earbuds by placing them back in the case and taking them out.
No sound or low volume	Check phone volume. Ensure earbuds are properly seated in your ears. Reconnect Bluetooth.
Translation not working	Ensure the translation app is open and correctly configured. Check internet connection for online translation. Verify language packs for offline mode.
Earbuds not charging	Check USB cable and power adapter. Ensure earbuds are correctly placed in the charging case. Clean charging contacts if necessary.
