Coolfiqu LP-humidifiers

Coolfiqu 6L Humidifier User Manual

Model: LP-humidifiers

1. Introduction

Thank you for choosing the Coolfiqu 6L Humidifier. This device is designed to enhance your indoor environment by providing optimal humidity levels, offering both cool and warm mist options, and functioning as an essential oil diffuser. Its large 6-liter capacity ensures long-lasting operation, making it ideal for bedrooms, large rooms, and plant care. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure you get the most out of your humidifier.

2. Setup Guide

2.1 Unpacking and Initial Preparation

Carefully remove all packaging materials from the humidifier. Ensure all components are present: the main humidifier unit, water tank, power cord, user manual, and essential oil tray.

Figure 2: Remove any protective tape from the humidifier unit before use.

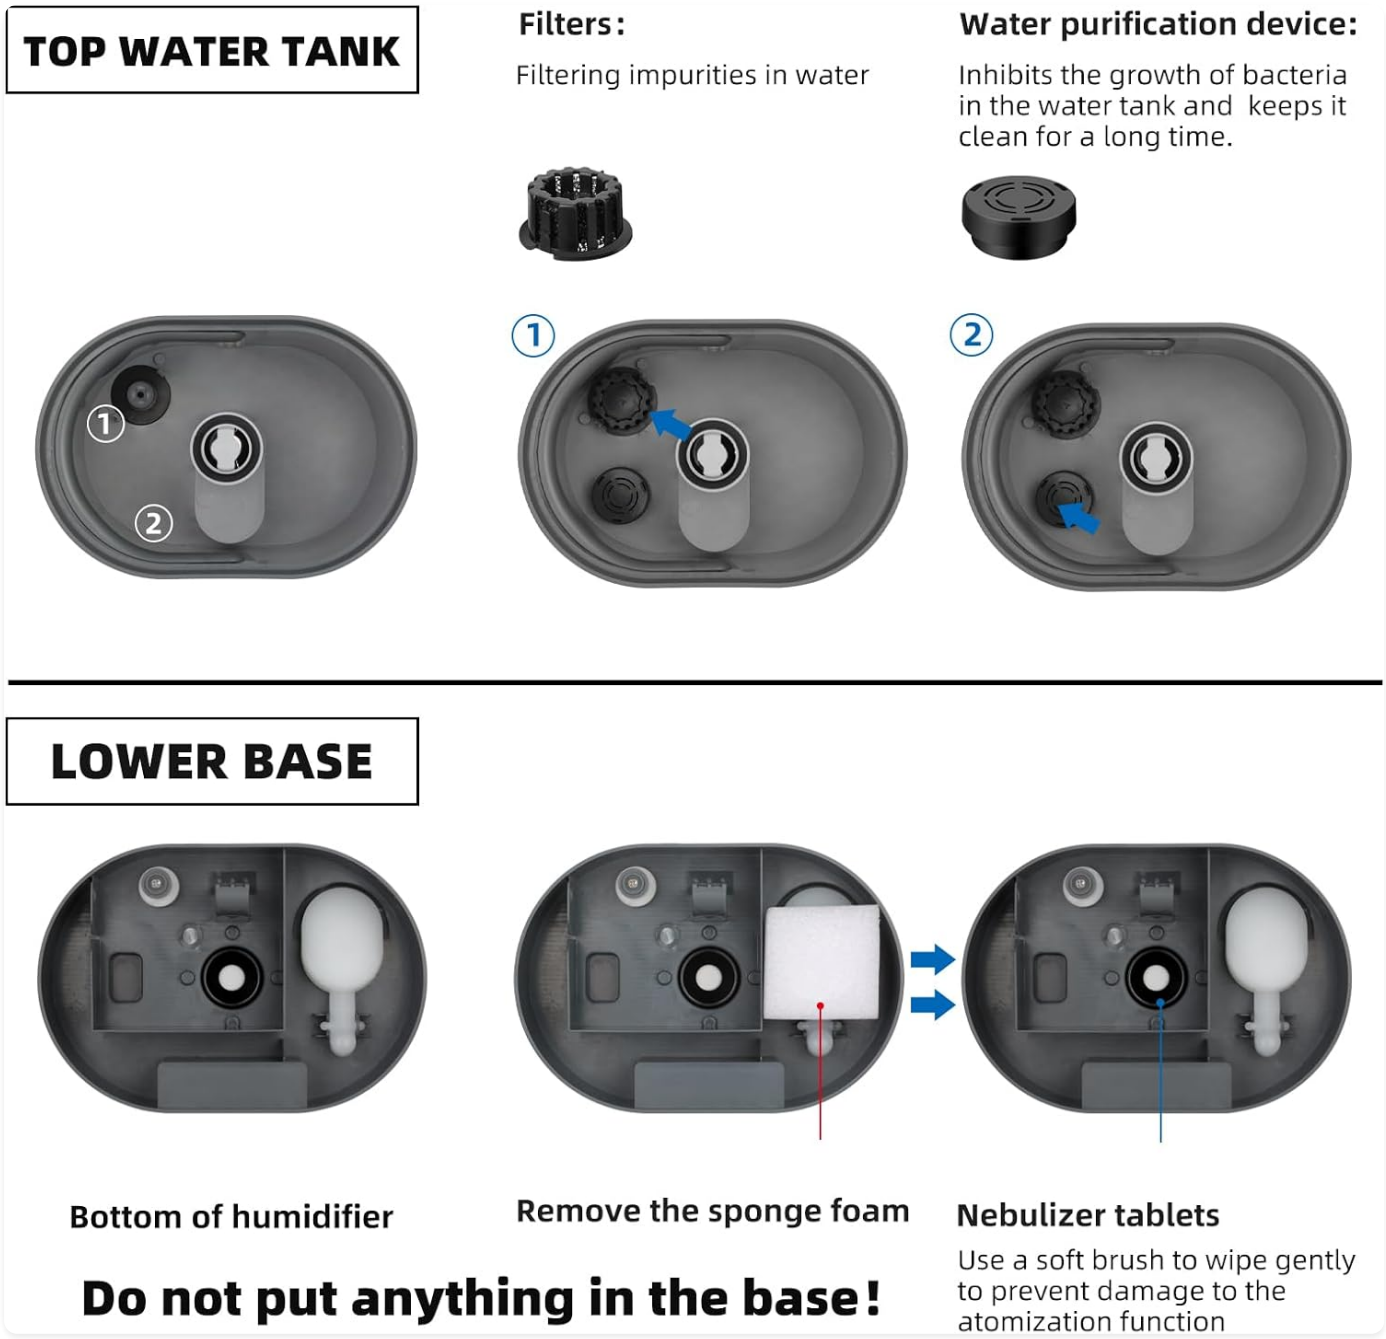

Figure 3: Ensure all internal foam packaging is removed from the base.

2.2 Assembling the Nozzle Cap

Align the nozzle cap with the humidifier cup lid. Press them firmly together to assemble. Proper alignment ensures optimal mist distribution.

Figure 4: Align and press the nozzle cap onto the cup lid.

2.3 Water Tank Components

Familiarize yourself with the components inside the water tank, including the filter and water purification device.
