Miniature Motors BBH-038

MINIATURE MOTORS 12V Kids Electric Ride-On Truck Car Instruction Manual

Brand: Miniature Motors | Model: BBH-038

1. Introduction

Thank you for choosing the MINIATURE MOTORS 12V Kids Electric Ride-On Truck Car. This manual provides essential information for the safe assembly, operation, and maintenance of your new electric ride-on toy. Please read all instructions carefully before use and retain this manual for future reference.

2. Safety Information

Your child's safety is our top priority. This electric ride-on truck is designed with several safety features and is certified by ASTM and CPSIA safety standards. Adult supervision is always required.

- **Parental Remote Control:** For younger children or when close supervision is needed, parents can take full control of the vehicle using the included remote control.
- **Safety Belt:** Ensure the safety belt is securely fastened before each ride.
- **Slow-Start Technology:** The vehicle features slow-start technology for stable and gradual acceleration, preventing sudden jerks.
- **4-Wheel Suspension:** The spring suspension system ensures a smooth and stable ride on various surfaces, enhancing safety and comfort.
- **Charging Instructions:** After each use, charge the battery for at least 8-12 hours, but never for longer than 20 hours.

Recharge the battery at least once a month to ensure proper care and a longer-lasting ride. Failure to follow these instructions will void your warranty and may damage the battery.

3. What's in the Box

Upon opening the package, please ensure all components are present:

- MINIATURE MOTORS Electric Ride on Car
- 1* Charger
- 1* Parent Remote Control
- 2* Spanners
- User Manual (this document)

4. Setup and Assembly

Assembly is required for this product. Please follow the detailed steps in the assembly video provided below. Ensure all connections are secure before use.

Video 1: Official assembly guide for the MINIATURE MOTORS 12V/24V Ride on Truck Car. This video demonstrates step-by-step instructions for putting together the vehicle, including attaching wheels, connecting wiring, and installing the steering wheel and other components.

Key Assembly Steps:

1. **Prepare the Chassis:** Place the main body of the car upside down on a soft surface to prevent scratches.
2. **Install Axles and Wheels:** Attach the front and rear axles, then secure the wheels using the provided washers and nuts. Ensure all wheels spin freely.
3. **Connect Wiring:** Locate the battery compartment. Connect the TWO WHITE motor connectors and the RED battery connector. Ensure all connections are firm.
4. **Install Steering Wheel:** Connect the steering wheel connector to the dashboard connector, then insert the steering wheel onto its fixed part.
5. **Attach Accessories:** Secure the windshield, side mirrors, and front bumper.
6. **Install Seat:** Place the seat into position and secure it with screws.
7. **Remote Control Setup:** Load two AAA (1.5V) batteries into the remote control. Pair the remote control with the car by holding down the 'up' and 'down' keys simultaneously for 3 seconds until the LED flickers, then turn on the car. The LED will stop flashing when successfully paired.

---

5. Operating Instructions

The MINIATURE MOTORS 12V Kids Electric Ride-On Truck offers both manual and parental remote control driving modes.

Starting the Vehicle:

- Press the power button on the dashboard to turn on the car. You will hear an engine startup sound.
- The LED headlights will illuminate.

Driving Modes:

- **Manual Mode:** The child can operate the car using the foot pedal and steering wheel. The speed in manual mode is set at 3.5MPH.
- **Parental Remote Control Mode:** For younger children, use the remote control to steer, move forward/backward, and control speed. The remote control offers three speed settings (2-3.5MPH) and an emergency brake/stop function.

Entertainment Features:

- **Bluetooth Music Player:** Connect your smart device via Bluetooth to play your child's favorite songs and stories through the built-in speaker.
- **Horn and Engine Sounds:** The steering wheel includes buttons for a fun horn and realistic engine sounds.

6. Maintenance

Proper maintenance ensures the longevity and safe operation of your electric ride-on truck.

- **Battery Charging:** Always follow the charging instructions provided in the Safety Information section. Use only the charger included with the product.
- **Cleaning:** Wipe the vehicle with a damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the vehicle in a dry, cool place away from direct sunlight when not in use.

7. Troubleshooting

If you encounter any issues with your electric ride-on truck, please refer to the following common solutions:

- **Vehicle not moving:** Check if the battery is charged and properly connected. Ensure the power button is on and the driving mode is selected. If using the remote, ensure it is paired and not in 'P' (park/brake) mode.
- **Remote control not working:** Check the batteries in the remote control and ensure it is properly paired with the vehicle.
- **Reduced speed/power:** This may indicate a low battery charge. Recharge the battery fully.
- **Unusual noises:** Inspect wheels and axles for any obstructions or loose parts.

If problems persist, please contact customer support.

8. Specifications

Feature	Detail
Brand Name	Miniature Motors
Model Number	BBH-038
Item Type Name	Kids Electric Ride on Car
Manufacturer Minimum Age	36 Months
Manufacturer Maximum Age	60 Months
Size	12V
