

**AMAFACE B35-PURPLE**

# AMAFACE Open Ear Headphones User Manual

Model: B35-PURPLE

## 1. PRODUCT OVERVIEW

The AMAFACE Open Ear Headphones are designed for comfort and situational awareness, making them ideal for sports and daily activities. They feature a unique open-back design that rests gently on your ears, allowing you to hear your surroundings while enjoying high-quality audio.

## Key Features:

- **True Open-Back Design:** Allows earbuds to rest gently and securely on top of your ears, providing comfort and breathability for extended wear.
- **Situational Awareness:** Enables you to hear your surroundings, enhancing safety during outdoor activities like running or biking.
- **Extended Playtime:** Up to 5 hours on a single charge, with the charging case providing an additional 4 charges for a total of 25 hours of playtime.
- **Automatic Connection:** Simple one-click pairing and automatic connection upon opening the charging case.
- **Powerful Stereo Sound:** Equipped with 10mm composite membrane speaker drivers for pure, balanced audio, crystal clear sound, and deep, resonant bass.

- **Designed for Exercise:** Flexible and secure ear hooks ensure the headphones stay in place during workouts.
- **IPX6 Water Resistant:** Resistant to water, sweat, and rainy weather, making them suitable for various sports and outdoor activities.
- **Smart LED Display:** The charging box features a smart LED that flashes alternately in multiple colors.

# OPEN-EAR DESIGN

A New Way of Hearing!  
Born for Sports!

## 2. SETUP

### 2.1 Charging the Headphones and Case

Before first use, fully charge both the headphones and the charging case. The charging case features an LED display to indicate battery status.

- Place the earbuds into the charging case. Ensure they are properly seated.
- Connect the charging case to a power source using a compatible USB-C cable (not explicitly mentioned but standard for such devices).
- The LED lights on the charging case will indicate charging status and battery level.

## 2.2 Wearing the Headphones

The open-ear design with ear hooks ensures a secure and comfortable fit. Follow these steps for correct wearing:

1. Identify the left (L) and right (R) earbuds.
2. Gently place the earbud over your ear, with the speaker resting just outside your ear canal.
3. Adjust the ear hook to fit snugly and comfortably around the back of your ear.

Image 2.2: Diagram illustrating the correct way to wear the open-ear headphones, showing the earbud resting outside the ear canal and the hook securing it.

## 2.3 Bluetooth Pairing

The headphones feature one-step auto-pairing for convenience.

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, etc.), go to Bluetooth settings.
3. Search for new Bluetooth devices and select "C01" (or similar model name) from the list.
4. Once connected, you will hear a confirmation tone, and the headphones will be ready for use.

## 4. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your AMAFACE Open Ear Headphones.

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the earbuds and charging case. Do not use harsh chemicals or abrasive materials.
- **Water Resistance:** While IPX6 rated (resistant to strong jets of water), avoid submerging the headphones in water. Dry them thoroughly after exposure to sweat or rain before placing them back in the charging case.
- **Storage:** Store the headphones in their charging case when not in use to protect them from dust and damage. Store in a cool, dry place away from extreme temperatures.
- **Battery Care:** To preserve battery life, avoid fully discharging the battery frequently. Charge regularly, even if not used for extended periods.

## 5. TROUBLESHOOTING

---

If you encounter any issues with your headphones, refer to the following common solutions:

### 5.1 Pairing Issues

- **Headphones not connecting:**
  - a. Ensure the earbuds are charged.
  - b. Turn off Bluetooth on your device and turn it back on.
  - c. Forget the device ("C01" or similar) from your device's Bluetooth list and try pairing again.
  - d. Place both earbuds back into the charging case, close the lid, wait a few seconds, then open the lid to re-initiate pairing mode.
- **Only one earbud connecting:**
  - a. Ensure both earbuds are charged.
  - b. Place both earbuds back into the charging case, close the lid, and then open it again. This often re-syncs them.
  - c. If the issue persists, try resetting the headphones (refer to product-specific reset instructions if available, otherwise, a full discharge and recharge can sometimes help).

### 5.2 Sound Quality Issues

- **Low volume or poor sound:**
  - a. Adjust the volume on both your device and the headphones.
  - b. Ensure the earbuds are positioned correctly on your ears. While open-ear, proper placement affects sound delivery.
  - c. Clean any debris from the speaker grilles.
  - d. Move closer to your connected device to avoid interference.
- **Intermittent audio or disconnections:**
  - a. Reduce the distance between the headphones and your device.
  - b. Avoid environments with strong Wi-Fi or other Bluetooth interference.
  - c. Ensure there are no physical obstructions between the headphones and the device.

### 5.3 Charging Issues

- **Headphones or case not charging:**
  - a. Check the charging cable and adapter for damage.
  - b. Ensure the charging port on the case is clean and free of debris.
  - c. Verify that the earbuds are correctly seated in the charging case.
  - d. Try a different charging cable or power source.
