## CESDAP Z18

# CESDAP Multifunctional Wireless Charging Station Z18 User Manual

Model: Z18

## 1. PRODUCT OVERVIEW

The CESDAP Z18 is a multifunctional device designed to streamline your bedside or desk setup. It integrates a wireless charging station for multiple Apple devices (iPhone, Apple Watch, AirPods), an alarm clock, and a night light into a single compact unit. This manual provides detailed instructions for its setup, operation, and maintenance.

Image 1.1: The CESDAP Z18 charging station with a smartphone, smartwatch, and wireless earbuds in position for charging, alongside the digital alarm clock and night light.

## 2. SAFETY INSTRUCTIONS

- Ensure the device is connected to a stable power source with the provided adapter.
- Do not expose the device to water, moisture, or extreme temperatures.
- Avoid disassembling or modifying the device, as this may void the warranty and pose safety risks.
- Keep the device away from strong magnetic fields.
- Do not place metal objects on the wireless charging pads, as this may cause overheating.
- Use a soft, dry cloth for cleaning.

## 3. PACKAGE CONTENTS

Please check the package for the following items:

- CESDAP Z18 Multifunctional Wireless Charging Station
- USB Power Cable
- User Manual

## 4. PRODUCT FEATURES

- **Wireless Charging:** Simultaneously charges compatible smartphones, Apple Watches, and AirPods.
- **Digital Alarm Clock:** Features a clear LED display for time and alarm settings.
- **Night Light:** Integrated night light with adjustable brightness levels.
- **Compact Design:** Space-saving design suitable for nightstands or desks.
- **Power-Off Time Memory:** Retains time settings even after power disconnection due to an included battery.

# BATTERY INCLUDED, **POWER-OFF** TIME MEMORY

No need to reset time if power is disconnected

*Image 4.1: An illustration of the CESDAP Z18 highlighting its internal battery for power-off time memory, ensuring time settings are retained.*

## 5. SETUP GUIDE

---

1. **Unpack:** Carefully remove the charging station and all accessories from the packaging.
2. **Connect Power:** Insert the USB power cable into the charging station's input port and connect the other end to a suitable power adapter (not included) and then to a wall outlet. The display will illuminate.
3. **Initial Time Setting:** Upon first power-up, the clock may need to be set. Refer to the "Operating Instructions - Alarm Clock" section for detailed steps on setting the time.

## 6. OPERATING INSTRUCTIONS

---

### 6.1 Wireless Charging

- **Smartphone:** Place your compatible smartphone vertically on the upright charging pad. Ensure the phone is centered for optimal charging. A charging indicator on the phone screen will confirm connection.
- **Apple Watch:** Place your Apple Watch on the dedicated magnetic charging module. It will automatically align and begin charging.
- **AirPods/Earbuds:** Place your compatible wireless earbuds case on the flat charging pad located at the base of the unit. A charging indicator on the case will confirm connection.

**Note:** Ensure your devices are compatible with wireless charging (Qi standard) and are placed correctly on the charging areas. Remove any thick cases or metal attachments that may interfere with charging.

### 6.2 Alarm Clock

## Easy to operate

<b>TIME FORMAT :</b>	Long press $\oplus$ to switch to 24-hour or long press $\ominus$ to switch to 12-hour.
<b>TIME SETTING:</b>	Short press $\text{M}$ to set the time with $\oplus$ and $\ominus$ .
<b>ALARM SETTING:</b>	Double press $\text{M}$ to set the alarm with $\oplus$ and $\ominus$ .

Image 6.2.1: Overview of the CESDAP Z18's functional areas and control buttons for easy operation.

- **Time Format (12/24-hour):** Long press the 'M' button to switch between 12-hour and 24-hour time formats.
- **Setting Time:**
  - a. Short press the 'M' button to enter time setting mode. The hour digits will flash.
  - b. Use the '+' and '-' buttons to adjust the hour.
  - c. Short press 'M' again to move to minute setting. The minute digits will flash.

- d. Use the '+' and '-' buttons to adjust the minutes.
- e. Short press 'M' a third time to confirm and exit time setting mode.

- **Setting Alarm:**

- a. Double press the 'M' button to enter alarm setting mode. The alarm hour digits will flash.
- b. Use the '+' and '-' buttons to adjust the alarm hour.
- c. Double press 'M' again to move to alarm minute setting. The alarm minute digits will flash.
- d. Use the '+' and '-' buttons to adjust the alarm minutes.
- e. Double press 'M' a third time to confirm and exit alarm setting mode.

- **Alarm On/Off:** A single press of the alarm icon button (often integrated with 'M' or a dedicated button) will toggle the alarm on or off. An alarm icon on the display indicates it is active.
- **Snooze Function:** When the alarm sounds, press any button (except the alarm off button) to activate snooze. The alarm will sound again after a short interval (e.g., 5-10 minutes).
- **Turning Off Alarm:** To turn off the alarm completely, press the dedicated alarm off button or follow the alarm on/off toggle instruction.

## 6.3 Night Light

## 3 WARM LIGHT LEVELS JUST RIGHT FOR SLEEP

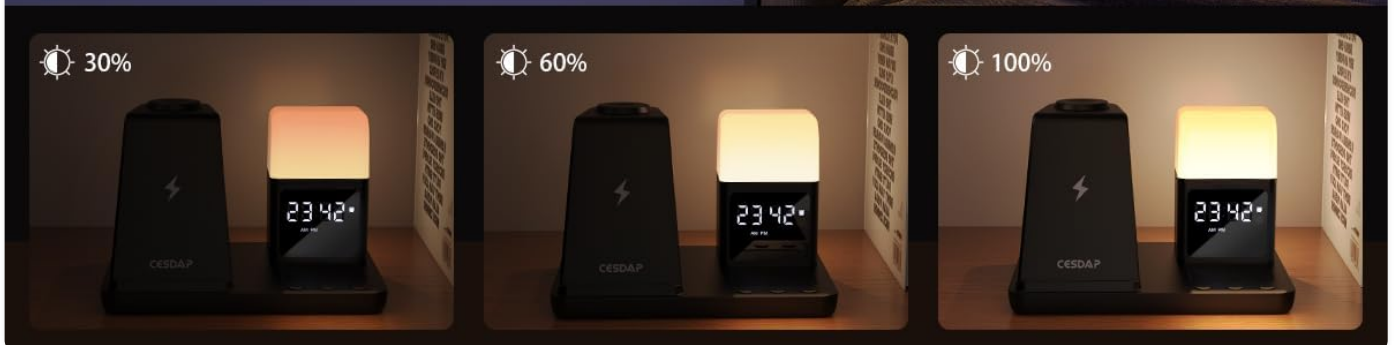

Image 6.3.1: The night light feature of the CESDAP Z18 demonstrating its three adjustable warm light levels.

- **Turning On/Off:** Locate the touch switch or button for the night light (often labeled "Light Off" or with a light bulb icon). A short press will turn the light on or off.
- **Adjusting Brightness:** With the night light on, press and hold the night light button or tap it repeatedly to cycle through different brightness levels (e.g., low, medium, high).

## 7. MAINTENANCE

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry, lint-free cloth to wipe the surface of the device. Do not use abrasive cleaners, solvents, or aerosol sprays.
- **Storage:** If storing the device for an extended period, disconnect it from power and store it in a cool, dry place.
