Meta Skyler

Ray-Ban Meta (Gen 1) Skyler Smart Glasses User Manual

Model: Skyler

INTRODUCTION

The Ray-Ban Meta (Gen 1) Skyler Smart Glasses combine classic eyewear design with advanced technology. These smart glasses allow you to capture photos and videos from your perspective, listen to audio, make hands-free calls, and interact with Meta AI. Designed for comfort and everyday wear, they integrate seamlessly into your daily life.

WHAT'S INCLUDED

- Ray-Ban Meta Skyler Smart Glasses
- Charging Case
- Cleaning Cloth
- User Manual
- Quick Start Guide

SETUP

Initial Charging

Before first use, fully charge your Ray-Ban Meta glasses using the provided charging case and USB-C cable. Place the glasses securely in the case. The indicator light on the case will show charging status.

Pairing with the Meta View App

1. Download the Meta View app from your smartphone's app store.
2. Open the app and follow the on-screen instructions to create an account or log in.
3. Ensure your glasses are charged and powered on.
4. Follow the app's prompts to pair your glasses via Bluetooth.

OPERATING INSTRUCTIONS

Capturing Photos and Videos

- **To take a photo:** Press the capture button once.
- **To record a video:** Press and hold the capture button. The glasses will record for a few minutes and then auto-shut off. Press and hold again to stop recording manually.

- A small LED light on the glasses will illuminate to indicate recording activity, alerting others.

Audio Playback and Calls

- The open-ear speakers allow you to listen to music, podcasts, and take calls without blocking ambient sounds.
- Control audio playback (play/pause, skip tracks) and answer/end calls using the touchpad on the temple of the glasses.

Meta AI Interaction

- Activate Meta AI by saying "Hey Meta" followed by your command or question.
- Meta AI can provide real-time suggestions, answers, and reminders based on your surroundings.
- Features include live translation between supported languages (French, Italian, Spanish, English, German, Portuguese) and visual search capabilities.

MAINTENANCE

Charging

The included charging case provides up to 32 additional hours of charge for your glasses. Fully charged glasses can last up to four hours with moderate use. Always store your glasses in the charging case when not in use to ensure they are ready for your next adventure.

Battery life

Fully charged glasses can last up to four hours with moderate use. Plus, the included charging case can provide an additional 32 hours of charge.*

*Battery life varies by use, configurations, settings and many other factors.

TROUBLESHOOTING

- **Connectivity Issues:** If experiencing Bluetooth connectivity problems, ensure your glasses are charged, within range of your paired device, and that Bluetooth is enabled on your device. Try restarting both the glasses and your device.

- **Charging Problems:** If glasses are not charging, ensure the charging case is powered and the glasses are correctly seated in the case. Check the charging cable and adapter for damage.
- **Recording Quality:** For optimal video and photo quality, ensure lenses are clean and avoid rapid head movements during recording.
- **Audio Distortion:** If audio is distorted, check the volume settings on your connected device and ensure the speakers on the glasses are not obstructed.

WARRANTY AND SUPPORT

For detailed warranty information and customer support, please refer to the official documentation included in your product packaging or visit the Meta support website. Protection plans are available for extended coverage.

- **2-Year Protection Plan:** Available for purchase.
- **3-Year Protection Plan:** Available for purchase.
