oneisall LM5C Quiet Cat Vacuum Groomer and Pet Grooming Kit User Manual

MODEL: LM5C

Introduction

Thank you for choosing the oneisall LM5C Quiet Cat Vacuum Groomer and Pet Grooming Kit. This all-in-one system is designed to provide a stress-free grooming experience for your pets while maintaining a clean home environment. Featuring ultra-quiet operation at 48 dB, it is specifically engineered to prevent startling sensitive felines. The kit includes a comprehensive set of tools for shedding, trimming, and general cleaning, ensuring efficient and comfortable pet care.

Safety Information

Always follow manufacturer instructions for safe use and cleaning. Do not use this product on humans or near water. Ensure the device is unplugged before cleaning or changing attachments. Keep out of reach of children and pets when not in use. Inspect the power cord and hose for any damage before each use.

Package Contents

Your oneisall LM5C Pet Grooming Kit includes the following components:

- Vacuum Unit with 1.5L Dust Cup
- Flexible Hose
- Grooming Brush
- Shedding Brush
- Electric Clipper
- Paw Trimmer
- Cleaning Nozzle
- Cleaning Brush
- 6 Comb Guides (3mm, 6mm, 9mm, 12mm, 18mm, 23mm)
- Spare Filter

- Instruction Manual

Setup

1. Place the main vacuum unit on a stable, flat surface.
2. Connect one end of the flexible hose to the vacuum unit's intake port.
3. Select the desired grooming attachment (e.g., Grooming Brush, Electric Clipper) and securely attach it to the other end of the flexible hose.

4. Ensure the dust cup is properly installed and locked into place.
5. Plug the power cord into a standard 110V-120V (50/60Hz) electrical outlet.

Operating Instructions

The oneisall LM5C features three adjustable suction levels: Adaptation Mode, Grooming Mode, and Cleaning Mode. Start with Adaptation Mode for sensitive pets and gradually increase as needed.

Image: Illustration of the three suction modes (Adaptation, Grooming, Cleaning) with corresponding icons and descriptions.

1. Grooming Brush

Use the grooming brush for daily deshedding and to promote a healthy, shiny coat. Gently brush your pet's fur in the direction of hair growth. The brush features retractable pins for easy hair release directly into the vacuum.

Won't Scare Your Lovely-Kitty

2. Electric Clipper

Attach the electric clipper for precise trimming. Select the appropriate comb guide (3mm, 6mm, 9mm, 12mm, 18mm, or 23mm) based on the desired hair length. The clipper's vacuum function collects trimmed hair instantly, preventing mess.

Versatile Trimming & Vacuum

2 in 1 trimmer for body, butt, paw, face and ear

3. Paw Trimmer

Use the specialized paw trimmer for delicate areas like paws, face, and ears. Its compact design allows for accurate and safe trimming.

4. Cleaning Tools

The nozzle and cleaning brush attachments are ideal for collecting pet hair from furniture, carpets, and other household surfaces, ensuring a tidy home after grooming sessions.

NO Fly Away Hair

Maintenance

1. Emptying the Dust Cup

The 1.5L dust cup is detachable for easy emptying. Press the release button to detach the cup, then open it to dispose of collected hair. One-click cleaning simplifies the process.

Easy Clean Up

2. Cleaning Filters

Regularly clean the internal filters to maintain optimal suction performance. A spare filter is included for convenience. Refer to the manual for detailed filter cleaning instructions.

3. Cleaning Attachments

After each use, clean all grooming attachments with the provided cleaning brush to remove any remaining hair or debris. This ensures hygiene and prolongs the lifespan of the tools.

Troubleshooting

- Reduced Suction:** Check if the dust cup is full and needs emptying. Ensure filters are clean and properly installed. Verify the hose and attachments are free from blockages.

- **Unit Not Turning On:** Confirm the power cord is securely plugged into a working electrical outlet. Check for any tripped circuit breakers.
- **Unusual Noise:** Disconnect the unit from power and inspect the hose and attachments for any foreign objects that might be causing obstruction.

Specifications

Model Number	LM5C
