BWE 8039-B

BWE Model 8039-B Black Outdoor Shower Faucet Set

Instruction Manual

Product Overview Specifications Package Contents Safety Information Installation Operation Maintenance Troubleshooting Warranty & Support

1. Product Overview

The BWE Model 8039-B Black Outdoor Shower Faucet Set is designed for both outdoor and indoor use, offering a versatile and stylish showering solution. This system features a two-function design, allowing users to switch between a rainfall shower head and a convenient handheld sprayer. Constructed from solid brass with a matte black finish, it ensures durability and ease of maintenance.

Key Features:

- **Dual Functionality:** Seamlessly switch between the overhead rainfall shower and the handheld sprayer using the integrated diverter. Note that both functions cannot operate simultaneously.
- **Durable Construction:** Made from solid brass, this shower system is built to resist leaks and rust, ensuring long-lasting performance. The matte black finish is designed for easy cleaning and maintenance.
- **High-Pressure Rainfall Shower:** Experience a luxurious and natural raining sensation with the 8-inch overhead shower head, providing ample coverage and a relaxing shower.
- **Convenient Handheld Sprayer:** The handheld shower is also crafted from solid brass, offering durability and reliability. Its smooth surface simplifies cleaning and enhances user comfort.
- **Adjustable Height:** The shower faucet is designed with adjustable height to accommodate various user preferences, ensuring a comfortable showering experience for everyone.
- **Easy Installation:** This system includes all necessary mounting hardware for a straightforward installation process, allowing for easy retrofitting without extensive remodeling.

2. Specifications

Brand	BWE

Model Number	8039-B
Color	Matte Black
Material	Brass
Finish Type	Matte Black
Number of Handles	1
Mounting Type	Wall Mount
Item Weight	9.4 Pounds
Head Size	8 inches (Rain Shower Head)
Included Components	8" Rain Shower Head, Handheld Shower with Shower Hose, Installation Hardware, Shower Holder Set

3. Package Contents

Please verify that all components are present and undamaged before beginning installation. If any parts are missing or damaged, please contact BWE customer support.

- Rain Shower Head (8 inches)
- Handheld Shower
- Shower Hose
- Shower Holder Set
- Main Faucet Body (with single handle)
- Shower Bar/Riser
- Mounting Hardware (screws, anchors, gaskets, etc.)

4. Safety Information

- Always turn off the main water supply before beginning any installation or maintenance.
- Ensure all connections are secure to prevent leaks.
- Do not overtighten components, as this may cause damage.
- If you are unsure about any part of the installation, consult a qualified plumber.
- Protect the product from freezing temperatures if installed outdoors in cold climates. Drain water from the system during winter months to prevent damage.

5. Installation Guide

This BWE shower system is designed for straightforward wall-mounted installation. Follow these general steps for proper

setup. For detailed diagrams and specific instructions, refer to the included installation manual.

Tools You May Need:

- Adjustable Wrench
- Screwdriver (Phillips/Flathead)
- Drill
- Measuring Tape
- Level
- Pencil
- Sealant Tape (Teflon Tape)

Installation Steps:

1. **Prepare the Wall:** Ensure the mounting surface is clean, flat, and structurally sound. Turn off the main water supply.
2. **Mount the Faucet Body:** Attach the main faucet body to the wall using the provided mounting hardware. Ensure it is level and securely fastened. Apply sealant tape to threaded connections.
3. **Connect Water Lines:** Connect the hot and cold water supply lines to the corresponding inlets on the faucet body. Ensure a watertight seal.
4. **Assemble the Shower Bar:** Connect the vertical shower bar/riser to the main faucet body. Secure it to the wall using the upper mounting bracket.
5. **Attach Shower Head:** Screw the 8-inch rainfall shower head onto the top of the shower bar.
6. **Install Handheld Sprayer:** Attach the shower hose to the handheld sprayer and the designated outlet on the faucet body. Mount the handheld shower holder to the shower bar at a comfortable height.
7. **Test for Leaks:** Slowly turn on the main water supply and check all connections for leaks. Tighten any leaking connections as needed.

6. Operation

The BWE shower system features a single handle for controlling water flow and temperature, and a diverter to switch between the rainfall shower head and the handheld sprayer.

Controlling Water Flow and Temperature:

- **Turn On/Off:** Lift the single handle to turn on the water flow. Push it down to turn off.
- **Adjust Temperature:** Rotate the single handle left for hot water and right for cold water. Adjust to your desired temperature.
- **Adjust Flow:** The further you lift the handle, the greater the water flow.

Image: Single handle control for temperature and flow, and the diverter for modes.

Switching Between Functions:

- Locate the diverter knob or lever on the shower bar.
- Rotate the diverter to direct water flow to either the rainfall shower head or the handheld sprayer. Both functions cannot be active simultaneously.

Image: Handheld shower in use and its adjustable height feature.

Adjusting Shower Head Height:

- The shower bar allows for height adjustment of the rainfall shower head.
- Loosen the securing mechanism on the shower bar, adjust the height as desired, and then firmly tighten to secure the shower head in place. A slight force may be required for adjustment.

7. Maintenance

Regular cleaning and maintenance will ensure the longevity and optimal performance of your BWE shower faucet set.

- **Cleaning the Finish:** The matte black finish is designed for easy cleaning. Use a soft cloth and mild soap or a non-abrasive cleaner specifically designed for bathroom fixtures. Avoid harsh chemicals, abrasive cleaners, or scouring pads, as these can damage the finish.
- **Cleaning Nozzles:** The rainfall shower head and handheld sprayer feature touch-clean silicone nozzles. To remove mineral buildup, simply rub the nozzles with your finger or a soft brush.
- **Winterization (for Outdoor Use):** If installed outdoors in a region with freezing temperatures, it is crucial to drain all water from the shower system before winter to prevent pipe and component damage due to freezing. Consult a plumber for proper winterization procedures if needed.

8. Troubleshooting

If you encounter any issues with your BWE shower faucet set, refer to the following common troubleshooting tips. For problems not listed here, please contact customer support.

Problem	Possible Cause	Solution
Low Water Pressure	Clogged shower head nozzles; partially closed shut-off valve; mineral buildup in pipes.	Clean shower head nozzles. Ensure shut-off valves are fully open. Consider professional descaling if mineral buildup is severe.
Leaks from Connections	Loose connections; worn gaskets; insufficient sealant tape.	Tighten connections. Replace worn gaskets. Reapply sealant tape to threaded connections.
Water Temperature Issues	Incorrect hot/cold supply connections; water heater issues; cartridge malfunction.	Verify hot and cold water lines are connected correctly. Check water heater settings. If issues persist, the cartridge may need replacement (contact support).
Diverter Not Switching Functions	Mineral buildup in diverter; faulty diverter cartridge.	Attempt to flush the diverter by running water through both functions. If still stuck, the diverter cartridge may need replacement (contact support).

9. Warranty & Support

BWE products are manufactured to high-quality standards and are backed by a manufacturer's warranty. For specific warranty details, including coverage period and terms, please refer to the warranty card included with your purchase or visit the official BWE website.

If you require technical assistance, have questions about installation, or need to report a missing/damaged part, please contact BWE customer support. Contact information can typically be found on the product packaging or the BWE official website.
