PAWZ Road AMT0204BG-S

PAWZ Road 53.5-Inch Cat Tree Instruction Manual

Model: AMT0204BG-S | Brand: PAWZ Road

INTRODUCTION

Thank you for choosing the PAWZ Road 53.5-Inch Cat Tree. This multi-level cat tower is designed to provide your feline companions with a dedicated space for climbing, scratching, playing, and resting. Featuring spacious hammocks, cozy condos, durable scratching posts, and comfortable perches, this cat tree offers a stimulating and secure environment for indoor cats. Please read this manual carefully before assembly and use to ensure proper setup and long-lasting enjoyment for your pets.

53.5" Tall, Endless Climbing Fun

6 Levels perfect for 1-3
cats playing

SAFETY INFORMATION

- **Adult Assembly Required:** This product contains small parts and requires adult assembly. Keep children away during assembly.
- **Placement:** Place the cat tree on a flat, stable surface against a wall or in a corner to prevent tipping.
- **Anti-Tip Strap:** Always use the included anti-tip strap to secure the cat tree to a wall, especially for active or multiple cats, to enhance stability and safety.
- **Regular Inspection:** Periodically check all screws and connections to ensure they are tight. Tighten if necessary.
- **Damage:** If any part of the cat tree becomes damaged, discontinue use immediately and replace the damaged component.
- **Supervision:** Supervise your pets, especially during initial use, to ensure they adapt safely to the new structure.

Safe and Stable

An added safety strap

Cat Condos/Houses	2

Component	Quantity
Hammock	1
Hanging Toys (pompoms)	2
Hardware (screws, bolts, washers, L-wrench)	1 set
Anti-Tip Wall Anchor Strap	1
Instruction Manual	1

ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your cat tree. It is recommended to have a clear, spacious area for assembly.

Step 1: Prepare the Base

Place the largest, heaviest board (baseboard) on a flat surface. This will be the foundation of your cat tree. Identify the shortest support posts and attach them to the designated holes on the baseboard using the provided screws and L-wrench. Ensure they are securely tightened.

Step 2: Assemble the Lower Condo and Platform

Attach the first cat condo structure to the top of the posts from Step 1. Then, secure a platform on top of this condo. Use appropriate screws to fasten all connections firmly. Some posts may be sisal-wrapped for scratching, while others are plush-covered for comfort.

Step 3: Install the Hammock Level

Connect the next set of support posts to the platform from Step 2. Then, attach the steel-framed hammock between these posts. Ensure the hammock is taut and securely fastened to provide a stable resting spot for your cat.

Soft and Deep Hammock

Steel Frame for Stability and Safety

Size: 39cm/15.4"*44cm/17.3"

Image: Close-up of the cat tree's deep hammock, designed for comfort and stability.

Step 4: Build the Upper Levels and Second Condo

Continue adding support posts and platforms above the hammock level. Integrate the second cat condo into the structure as indicated in the diagram. Ensure all connections are tight as you build upwards.

More Relaxation Spots

Explore, play or sleep

Step 5: Attach Dual Top Perches

Secure the final set of posts and the dual padded perches to the top of the structure. These perches provide elevated observation points for your cats. Ensure they are firmly attached.

Step 6: Final Touches and Safety Strap

Attach the hanging pom-pom toys to the designated spots. Finally, install the anti-tip wall anchor strap. Locate a suitable wall stud or use appropriate wall anchors (not included) and secure the strap from the cat tree to the wall. This step is crucial for safety.

OPERATING INSTRUCTIONS

The PAWZ Road Cat Tree is designed for intuitive use by your cats. No complex operation is required.

- **Climbing and Exploration:** Cats can freely climb and explore the multiple levels, platforms, and condos.
- **Scratching:** Encourage your cats to use the sisal-wrapped posts for scratching to maintain nail health and protect your furniture.
- **Resting:** The hammocks, condos, and padded perches provide comfortable spots for napping and relaxation.
- **Play:** The hanging pom-pom toys offer interactive play opportunities.

Maintenance and Care

- **Cleaning:** The plush material on the perches and covers is detachable and machine washable for easy cleaning. For other plush surfaces, spot clean with a mild detergent and damp cloth. Allow to air dry completely.
- **Sisal Posts:** The sisal scratching posts can be cleaned with a vacuum cleaner to remove loose fibers and cat hair. Avoid using harsh chemicals or excessive moisture on sisal.
- **Structural Integrity:** Periodically check all screws and connections for tightness. Re-tighten as needed to maintain stability.
- **Damage Check:** Inspect the cat tree regularly for any signs of wear, tear, or damage. Replace worn-out parts if necessary to ensure your pet's safety.

Troubleshooting

- **Wobbling:** If the cat tree wobbles, ensure all screws are tightened. Verify it is placed on a level surface. Always use the anti-tip strap to secure it to a wall.
- **Cats Not Using It:** Introduce your cat to the tree gradually. Place treats or toys on different levels. Catnip can also be used to attract them. Ensure the tree is in a location your cat feels safe and comfortable.
- **Loose Parts:** If any parts become loose, re-tighten them immediately. If a part is broken, contact customer support for a replacement.

Product Specifications

Feature	Detail
Model Number	AMT0204BG-S
