QCY QCY S6

QCY Watch GS Smart Watch User Manual

Model: QCY S6

Introduction

Thank you for choosing the QCY Watch GS Smart Watch. This manual provides essential information for setting up, operating, and maintaining your device. The QCY Watch GS features a 2.02-inch HD LCD display, full touch screen, Bluetooth calling, and over 100 sports modes. It is IPX8 waterproof and includes comprehensive health monitoring capabilities such as heart rate, blood oxygen, and sleep tracking. Designed for comfort and long battery life with fast charging, this smartwatch is your ideal companion for daily life and fitness activities.

Package Contents

Ensure all items are present in the package:

- QCY Watch GS Smart Watch
- Magnetic Charging USB Cable
- User Manual

Setup Guide

1. Charging the Device

Before first use, fully charge your QCY Watch GS. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port.

- Charging Time: Approximately 2 hours for a full charge.
- Battery Life: Up to 7-14 days for daily use, or 30 days standby time.

2. Powering On/Off

- **Power On:** Press and hold the side button until the screen lights up.
- **Power Off:** From the watch face, swipe down to access quick settings, or navigate to 'Settings' > 'System' > 'Power Off'. Confirm to shut down.

3. Installing the QCY App

To unlock the full potential of your QCY Watch GS, download and install the official QCY App on your smartphone.

- Scan the QR code provided in the watch's packaging or search for "QCY App" in your smartphone's app store (compatible with iOS 13.0+ and Android 8.0+).
- Follow the on-screen instructions to create an account or log in.

4. Pairing with Your Smartphone

Ensure Bluetooth is enabled on your smartphone.

1. Open the QCY App on your smartphone.
2. Navigate to the device pairing section (usually indicated by a '+' icon or "Add Device").
3. The app will search for available devices. Select "QCY Watch GS" from the list.
4. Confirm the pairing request on both your watch and smartphone.
5. Once paired, the watch will synchronize data with the app.

Operating Instructions

Navigating the Interface

- **Swipe Down:** Access quick settings (e.g., brightness, do not disturb, battery status).
- **Swipe Up:** View notifications.
- **Swipe Left/Right:** Cycle through widgets (e.g., activity, heart rate, weather, music control).
- **Press Side Button:** Return to the watch face or open the app menu.
- **Long Press Watch Face:** Change watch faces.

Bluetooth Calls and Notifications

The QCY Watch GS supports Bluetooth calling and message notifications, allowing you to stay connected directly from your wrist.

- **Making/Answering Calls:** Once paired, you can dial numbers, answer, reject, or mute incoming calls directly on the watch.
- **Message Notifications:** Receive alerts for messages from various apps (e.g., WhatsApp, Facebook, SMS) directly on your watch.

Health Monitoring

The QCY Watch GS provides comprehensive health tracking features.

- **Heart Rate Monitoring:** Tracks your heart rate 24/7. View real-time data and historical trends in the QCY App.
- **Blood Oxygen (SpO2) Monitoring:** Measures your blood oxygen levels.
- **Sleep Monitoring:** Analyzes your sleep patterns (deep sleep, light sleep, awake time, REM sleep) to provide a comprehensive sleep quality report.
- **Other Functions:** Mood test, stress test, sedentary reminder, water reminder.

Sports Modes

The watch supports over 100 indoor and outdoor sports modes to track your workouts.

- Select your desired sport mode from the watch's menu.
- The watch will record data such as steps, heart rate, calories burned, and distance.
- View detailed sport reports in the QCY App.

Customization and Other Functions

- **Watch Faces:** Choose from over 200 preset watch faces in the QCY App or upload your own photos to create unique watch faces.
- **Music Control:** Control music playback on your smartphone directly from the watch.
- **Weather Forecast:** Get real-time weather updates.
- **Timer & Stopwatch:** Built-in tools for timing activities.
- **Alarm Clock:** Set alarms directly on the watch or through the app.
- **Remote Camera:** Use your watch as a remote shutter for your phone's camera.
- **Find Phone:** Locate your misplaced smartphone.
- **Voice Assistant:** Access your phone's voice assistant.
- **Game:** Simple games available on the watch.

- **Calculator:** Basic calculator function.
- **Flashlight:** Turn the screen into a flashlight.

Maintenance and Care

Cleaning Your Watch

Regular cleaning helps maintain the watch's appearance and functionality.

- Wipe the screen and strap with a soft, lint-free cloth.
- For stubborn stains, dampen the cloth slightly with water. Avoid using harsh chemicals or abrasive materials.
- Ensure the charging contacts are clean and dry before charging.

Water Resistance (IPX8)

The QCY Watch GS is IPX8 waterproof, meaning it can withstand continuous immersion in water under certain conditions. This makes it suitable for daily use, including:

- Washing hands
- Rainy days
- Showering (avoid hot water and steam)
- Swimming in shallow water (not suitable for diving or high-pressure water activities)

Note: Water resistance is not a permanent condition and may diminish over time with normal wear. Avoid exposing the watch to hot water, steam, or strong jets of water, as this can compromise the seals.

Troubleshooting

Problem	Possible Cause / Solution
Watch does not power on.	Battery might be depleted. Charge the watch for at least 30 minutes. Ensure the charging cable is properly connected.
Cannot pair with smartphone.	• Ensure Bluetooth is enabled on your phone. • Make sure the watch is sufficiently charged. • Restart both the watch and your smartphone. • Forget the device in your phone's Bluetooth settings and try pairing again through the QCY App. • Ensure the QCY App is updated to the latest version.

Problem	Possible Cause / Solution
Notifications not received.	• Check notification permissions for the QCY App in your phone's settings. • Ensure the watch is connected via Bluetooth. • Verify that app notifications are enabled within the QCY App. • Disable "Do Not Disturb" mode on the watch.
Inaccurate health data.	• Ensure the watch is worn snugly on your wrist, not too loose or too tight. • Clean the sensor on the back of the watch. • Avoid excessive movement during measurements.
Screen unresponsive.	Restart the watch by pressing and holding the side button until it powers off, then power it back on. If the issue persists, ensure the watch is charged.
