

Fodoss FD-PPS-Cloud-1.5set

Fodoss Baby Playpen with Mat

MODEL: FD-PPS-CLOUD-1.5SET

Instruction Manual

Introduction

Thank you for choosing the Fodoss Baby Playpen with Mat. This playpen is designed to provide a safe and spacious environment for your baby to play and explore. Its generous 59x59 inch size can accommodate multiple children, offering ample space for toys and movement. Constructed with safety and durability in mind, this playpen features high-toughness materials, a sturdy steel frame, and a comfortable playmat. Please read this manual carefully before assembly and use to ensure proper installation and safe operation.

Safety Information

Your child's safety is our top priority. Please adhere to the following safety guidelines:

- **Adult Supervision Required:** Never leave your child unattended in the playpen. Constant adult supervision is essential.
- **Secure Assembly:** Ensure all parts are correctly assembled and securely fastened before placing a child in the playpen. Regularly check for loose connections.
- **Stable Placement:** Place the playpen on a flat, level surface. The integrated suction cups at the base are designed to enhance stability; ensure they are properly engaged.
- **Non-Toxic Materials:** The playpen fabric is non-toxic and BPA-free, making it safe for teething babies.
- **Foam-Covered Pipes:** The top steel pipes are foam-covered to reduce the risk of injury from impacts or biting.
- **Height for Safety:** The 27-inch height is designed to prevent children from climbing out. Do not use if your child can climb over the sides.
- **Hazard-Free Zone:** Keep the playpen away from stairs, windows, heating appliances, and other potential hazards.

- **No Additional Padding:** Do not add extra padding or mattresses that could allow a child to climb out.

Package Contents

Please verify that all components are present before beginning assembly:

- Steel Pipes (various lengths for frame)
- T-Joint Connectors
- Fabric Enclosure with Mesh Walls
- Double-Sided Play Mat
- Pull Rings (for assisting standing)
- Suction Cups (pre-attached to base connectors)

Setup Instructions

Follow these steps to assemble your Fodoss Baby Playpen:

1. **Unpack Components:** Carefully remove all items from the packaging and lay them out on a clean, flat surface. Verify all parts are present according to the 'Package Contents' list.
2. **Assemble Base Frame:** Connect the shortest steel pipes to the T-joint connectors to form the base square or rectangle. Ensure a snug fit. The T-joints are designed for stability.
3. **Install Vertical Pipes:** Insert the vertical steel pipes into the appropriate T-joints on the base frame.
4. **Attach Fabric Enclosure:** Slide the fabric enclosure over the assembled frame. Ensure the mesh sides are facing outwards and the zipper opening is positioned as desired.
5. **Assemble Top Frame:** Connect the remaining steel pipes to the top T-joints, completing the upper perimeter of the playpen. Ensure the foam-covered sections are on the top rails.
6. **Secure All Connections:** Double-check that all steel pipes are fully inserted into the T-joints and that the fabric is taut and securely fitted around the frame.
7. **Place Play Mat:** Lay the double-sided play mat inside the assembled playpen.
8. **Attach Pull Rings:** If desired, attach the pull rings to the top rail of the playpen for your child to use for support when standing.

Operating Instructions

To ensure optimal use and safety of your Fodoss Baby Playpen:

- **Entry and Exit:** Use the external zipper opening for easy access to place or remove your child. Always ensure the zipper is fully closed when the child is inside.
- **Interaction:** The 360-degree mesh walls allow for clear visibility and interaction with your child from any angle.
- **Toy Storage:** The playpen doubles as a convenient area for storing your child's toys, keeping them contained and accessible.
- **Portability:** The playpen is lightweight and can be moved to different locations within your home, away from potential hazards.

Stable playpen, baby can't climb out

360° mesh, interact with baby at any time

Soft cloth cover
cushioning any pain

BUILD A SAFE PLAY AREA

Goodbye to dangerous situations

Image: Illustrates the playpen as a safe play area, preventing children from accessing household hazards.

Maintenance

Proper maintenance will extend the life of your Fodoss Baby Playpen:

- **Cleaning Fabric:** Wipe the fabric enclosure and playmat with a damp cloth and mild soap. Do not use harsh chemicals or abrasive cleaners. Air dry thoroughly before folding or storing.
- **Cleaning Frame:** Wipe the steel pipes and plastic connectors with a damp cloth.
- **Regular Inspection:** Periodically check all connections, zippers, and fabric for any signs of wear, damage, or loose parts. Replace any damaged components immediately.
- **Storage:** When not in use, the playpen can be disassembled and stored in a dry, cool place. The playmat is foldable for compact storage.

Troubleshooting

If you encounter any issues with your Fodoss Baby Playpen, please refer to the following:

Problem	Possible Cause	Solution
Playpen feels unstable or wobbly.	Connections are not fully secured; suction cups not engaged.	Ensure all steel pipes are fully inserted into the T-joints. Press down on the base to engage the suction cups firmly to the floor.
Missing parts during assembly.	Packaging error or lost component.	Carefully check all packaging materials. If parts are still missing, contact Fodoss customer support with your model number and purchase details.
Zipper is stuck or difficult to operate.	Fabric caught in zipper; zipper mechanism dirty.	Gently pull the fabric away from the zipper teeth. Clean the zipper with a soft brush if dirt is present. Do not force the zipper.
