LEGO 10370

LEGO Botanicals Poinsettia Building Set 10370 Instruction Manual

Model: 10370

For Adults Ages 18+

1. Introduction

This manual provides comprehensive instructions for assembling, displaying, and maintaining your LEGO Botanicals Poinsettia Building Set (Model 10370). This set allows you to create a detailed, artificial floral display, offering a relaxing building experience and an elegant decoration for your home or office.
The set features a posable LEGO replica of a 'Grande Italia Plant' (Poinsettia) within a woven-basket flowerpot. It includes green leaves and five clusters of vibrant red leaves (bracts) with yellow cyathia at the center. This model is part of the LEGO Botanical Collection, designed for adults and plant enthusiasts.

2. What's in the Box

Your LEGO Botanicals Poinsettia Building Set 10370 contains:

- LEGO Building Elements (608 pieces)
- Printed Building Instructions

Please verify all components are present before beginning assembly. If any pieces are missing, refer to the 'Support' section for assistance.

3. Setup and Assembly

The LEGO Poinsettia set is designed for straightforward assembly. Follow the step-by-step instructions provided in the box or via the LEGO Builder app for the best building experience.

3.1. General Assembly Steps

1. **Unpack Components:** Carefully open the box and sort the LEGO elements. It is recommended to organize pieces by color or type to facilitate the building process.
2. **Follow Instructions:** Refer to the included printed instruction booklet. Each step illustrates which pieces to use and how to connect them. Pay close attention to the orientation of each brick.
3. **Digital Instructions:** A digital version of the building instructions is available through the official LEGO Builder app. This app can provide 3D views and interactive guidance.
4. **Assemble the Flowerpot:** Begin by constructing the woven-basket flowerpot base. This provides stability for the plant structure.
5. **Build the Stem and Foliage:** Proceed to build the central stem and attach the green leaves, ensuring they are posable as indicated in the instructions.
6. **Construct the Bracts:** Assemble the five vibrant red bracts (leaves) and the yellow cyathia (center parts).

7. **Attach Bracts to Stem:** Securely attach the assembled bracts to the main stem structure.
8. **Final Adjustments:** Once assembled, gently adjust the green leaves and red bracts to achieve your desired display arrangement.

4. Operating and Usage

The LEGO Botanicals Poinsettia is designed as a decorative display item. Once assembled, it requires no active 'operation'.

4.1. Display

Place your assembled Poinsettia on any flat, stable surface. It serves as an elegant centerpiece or decorative accent for tables, shelves, or office desks. Its vibrant colors make it particularly suitable for holiday decor.

4.2. Posing

The green leaves and red bracts of the LEGO Poinsettia are posable. You can gently adjust their angles and positions

to create different looks and arrangements, customizing the display to your preference.

5. Maintenance

One of the key benefits of the LEGO Botanicals Poinsettia is its zero-maintenance nature. Unlike real plants, it does not require watering, sunlight, or pruning.

5.1. Cleaning

To keep your LEGO Poinsettia looking its best, occasional cleaning is recommended:

- **Dusting:** Use a soft, dry cloth or a soft-bristled brush to gently remove dust from the surfaces of the bricks.
- **Deeper Cleaning:** For more thorough cleaning, you can carefully wipe the bricks with a damp cloth using mild soap and water. Ensure all soap residue is removed and allow the pieces to air dry completely before reassembling or displaying. Avoid harsh chemicals or abrasive materials, as these can damage the plastic.

6. Troubleshooting

Most issues encountered during assembly can be resolved by carefully reviewing the instructions.

- **Difficulty Connecting Pieces:** Ensure you are using the correct pieces for the step. LEGO bricks are designed to fit together precisely. If a piece doesn't fit easily, double-check its orientation and the instruction diagram.
- **Missing Pieces:** While rare, if you discover a missing piece, please refer to the 'Support' section for information on how to request replacement parts directly from LEGO.
- **Incorrect Assembly:** If a section of your model appears incorrect or unstable, carefully backtrack through the previous steps in the instruction manual to identify where an error might have occurred. Disassemble only the necessary sections and reassemble them correctly.

7. Specifications

Product Name	LEGO Botanicals Poinsettia Building Set
Model Number	10370
Item Model Number (Manufacturer)	6509396
Number of Pieces	608
Recommended Age	18 years and up
