## Key Features:

- **Wireless Connectivity:** Seamless Bluetooth connection for total freedom of movement.
- **Extended Battery Life:** Up to 60 hours of continuous listening.
- **Passive Noise Reduction:** Provides an immersive and clear listening experience.
- **Bass Amplification:** Enhance your music with fantastic bass.
- **Voice Assistant Support:** Compatible with Apple Siri and Google Assistant for hands-free control.
- **Multipoint Technology:** Connect to multiple devices simultaneously.
- **USB-C Charging:** Modern and convenient charging.

## SETUP

---

### Package Contents:

Before you begin, ensure all items are present in the package:

- 1x Hama "Spirit Calypso II" Bluetooth Headphones
- 1x USB-C to USB-C Charging Cable (15 cm length)
- 1x Quick Installation Guide
- 1x Safety Instructions

### **Charging the Headphones:**

To charge your headphones, connect the supplied USB-C cable to the USB-C port on the headphones and to a compatible USB-C power source. A full charge takes approximately 2.5 hours. The headphones provide voice messages regarding battery status.

A close-up view of the right earcup, showing the control buttons and the USB-C charging port.

### **Bluetooth Pairing:**

1. Ensure the headphones are charged and powered off.
2. Press and hold the power button until the LED indicator flashes, indicating pairing mode.

3. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
4. Select "Hama Spirit Calypso II" from the list of found devices.
5. Once connected, the headphones will provide a voice message confirming successful pairing.

The headphones support Bluetooth 5.3 for a stable connection and MultiPoint technology, allowing simultaneous connection to two devices.

## OPERATING THE HEADPHONES

---

### Power On/Off:

- **Power On:** Press and hold the power button for approximately 3 seconds until the indicator light illuminates and you hear a power-on sound.
- **Power Off:** Press and hold the power button for approximately 5 seconds until the indicator light turns off and you hear a power-off sound.

The headphones will automatically power off if left unused for three minutes without an active Bluetooth connection to conserve battery.

### Controls:

The headphones feature intuitive controls located on the earcup:

- **Volume Control:** Use the dedicated volume buttons to increase or decrease the audio level. Volume can also be adjusted via your device's voice assistant.
- **Play/Pause:** Press the multi-function button once to play or pause audio.
- **Next/Previous Track:** Use the skip buttons to navigate between tracks.
- **Answer/End Call:** Press the answer button to manage phone calls.
- **Extra Bass Boost:** Activate or deactivate the Extra Bass Boost mode for enhanced bass performance. The headphones will provide a voice message when this mode is engaged.

### **Voice Assistant:**

Activate your device's voice assistant (Apple Siri or Google Assistant) by pressing the designated button. You can then issue commands for music playback, calls, and other functions.

### **Wired Audio Playback:**

In addition to Bluetooth, the headphones can be used with an audio cable via the 3.5mm jack, allowing for continued listening even when the battery is depleted or with non-Bluetooth devices.

## **MAINTENANCE**

---

### **Cleaning:**

To maintain the condition of your headphones, gently wipe the earcups and headband with a soft, dry cloth. Avoid using harsh

chemicals or abrasive materials. Do not immerse the headphones in water.

## Storage:

When not in use, store the headphones in a cool, dry place away from direct sunlight and extreme temperatures. The foldable design allows for compact storage, protecting them from damage.

The Hama Spirit Calypso II headphones folded, demonstrating their portability and ease of storage.

## TROUBLESHOOTING

---

If you encounter issues with your Hama Spirit Calypso II headphones, refer to the following common solutions:

- **No Power:** Ensure the headphones are fully charged. Connect them to a USB-C power source and allow sufficient charging time.

- **Cannot Pair:** Make sure Bluetooth is enabled on your device and the headphones are in pairing mode. Try turning both devices off and on again. Clear previous Bluetooth connections on your device if necessary.
- **No Sound:** Check the volume levels on both the headphones and your connected device. Ensure the headphones are properly paired. If using a wired connection, ensure the cable is fully inserted.
- **Poor Sound Quality:** Move closer to your connected device to reduce interference. Ensure there are no physical obstructions between the headphones and the device.
- **Voice Assistant Not Responding:** Confirm that your device's voice assistant is enabled and properly configured. Ensure the headphones are connected and the voice assistant button is pressed correctly.

If problems persist, consult the quick installation guide or contact Hama customer support.
