PACKAGE CONTENTS

Please check the package contents upon unboxing:

- Tibuta 10-inch Android Tablet (Model A20)
- Protective Case
- Charger
- User Manual (this document)

SETUP

1. Initial Charging

Before first use, fully charge your tablet. Connect the provided charger to the USB-C port on the tablet and plug it into a power outlet. The battery indicator on the screen will show charging progress.

2. Power On/Off

- **To Power On:** Press and hold the Power button (located on the side) until the Tibuta logo appears.
- **To Power Off:** Press and hold the Power button until the power options menu appears, then select "Power off".

3. Initial Setup Wizard

Upon first power-on, the tablet will guide you through an initial setup wizard. Follow the on-screen prompts to:

- Select your language.
- Connect to a Wi-Fi network.
- Sign in with your Google account or create a new one.
- Set up screen lock (PIN, pattern, or password).
- Review and accept terms and conditions.

OPERATING YOUR TABLET

1. Navigating the Android Interface

Your tablet runs on Android 11. Common gestures include:

- **Tap:** Select an item or open an app.
- **Long Press:** Access contextual menus or move icons.
- **Swipe:** Scroll through pages, menus, or switch between home screens.
- **Pinch-to-Zoom:** Zoom in or out on images and web pages.

2. Connecting to Wi-Fi

1. Go to **Settings > Network & internet > Wi-Fi.**

2. Toggle Wi-Fi **On**.
3. Select your desired network from the list.
4. Enter the password if prompted, then tap**Connect**.

3. Using Cameras

Your tablet features a 5MP front camera and an 8MP rear camera. Open the Camera app to capture photos and videos.

MAINTENANCE

- Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive cleaners or solvents.
- Software Updates:** Regularly check for system updates in **Settings > System > System update** to ensure optimal performance and security.
- Battery Care:** Avoid extreme temperatures. Do not let the battery fully drain frequently. For long-term storage, charge the tablet to about 50%.
- Storage Management:** Periodically clear unnecessary files and apps to free up storage space and maintain performance.

TROUBLESHOOTING

| Problem | Solution |
|--------------------------|--|
| Tablet won't turn on. | Ensure the tablet is charged. Connect the charger and wait a few minutes before attempting to power on again. If it still doesn't turn on, try holding the power button for 10-15 seconds. |
| Wi-Fi connection issues. | Restart your Wi-Fi router. On the tablet, go to Wi-Fi settings, forget the network, and then reconnect. Ensure you are within range of the Wi-Fi signal. |

| Problem | Solution |
|----------------------------|--|
| Apps are slow or crashing. | Close background apps. Clear app cache (Settings > Apps > [App Name] > Storage > Clear cache). Restart the tablet. Ensure sufficient free storage space. |
| Screen is unresponsive. | Perform a forced restart by holding the power button for about 10 seconds until the tablet reboots. |
| Battery drains quickly. | Reduce screen brightness. Turn off Wi-Fi/Bluetooth when not in use. Close unnecessary background apps. Limit usage of power-intensive applications. |
