2. ACCESSING YODHA ON PRIME VIDEO (SETUP)

To watch Yodha, ensure you have an active Amazon Prime Video subscription and a compatible device (smart TV, streaming stick, computer, tablet, or smartphone) with the Prime Video app installed or access to the Prime Video website.

1. **Launch Prime Video:** Open the Prime Video app on your device or visit primevideo.com in your web browser.
2. **Sign In:** If prompted, sign in with your Amazon account credentials.
3. **Search for Yodha:** Use the search bar (usually represented by a magnifying glass icon) and type "Yodha". Select the movie from the search results.
4. **Start Watching:** On the movie's detail page, click the "Watch now" or "Play" button. If it's included with your Prime subscription, it will begin playing. If not, you may see options to rent or buy.

3. OPERATING PLAYBACK CONTROLS

While watching Yodha, you can control the playback using the on-screen controls. These controls typically appear when you move your mouse (on a computer) or tap the screen (on a mobile device/smart TV remote).

- **Play/Pause:** Click or tap the play/pause icon (▶/⏸) to start or temporarily stop the movie.
- **Rewind/Fast Forward:** Use the progress bar to jump to a specific point in the movie. You may also see dedicated rewind (⏮) and fast forward (⏭) buttons to skip by short intervals.
- **Volume Control:** Adjust the volume using the speaker icon and slider.
- **Full Screen:** Select the full-screen icon (usually two arrows pointing outwards) to expand the video to fill your entire screen.
- **Exit Full Screen:** Press the Esc key (on computer) or select the exit full-screen icon (two arrows pointing inwards) to return to normal view.

4. SUBTITLES AND AUDIO TRACKS

Yodha supports subtitles and may offer multiple audio tracks. These options enhance accessibility and viewing experience.

1. **Accessing Options:** During playback, hover over the video or tap the screen to reveal controls. Look for an icon resembling a speech bubble or "CC" (Closed Captions).
2. **Selecting Subtitles:** From the menu, choose your preferred subtitle language (e.g., English, Hindi). You can also select "Off" to disable subtitles.
3. **Changing Audio Tracks:** If available, you can switch between different audio languages (e.g., original language, dubbed versions) from the same menu.

5. TROUBLESHOOTING COMMON ISSUES

If you encounter problems while watching Yodha, try the following solutions:

- **Buffering/Poor Quality:**
 - Check your internet connection speed. A stable broadband connection is required for smooth streaming.
 - Close other applications or devices using bandwidth.
 - Restart your router/modem.
 - Reduce video quality settings if available in the player.

- **Playback Errors:**

- Refresh the page or restart the Prime Video app.
- Clear your browser's cache and cookies (for web browsers).
- Ensure your device's operating system and the Prime Video app are up to date.

- **No Sound/Video:**

- Check your device's volume settings and ensure it's not muted.
- Verify that the correct audio track is selected in the Prime Video player.
- Try playing other videos to determine if the issue is specific to Yodha or your device.
