2. SETUP

2.1 Unboxing and Initial Inspection

Carefully unpack your Oilsky M303 MP3 Player and check for all included accessories. Inspect the device for any signs of physical damage. If any components are missing or damaged, please contact customer support.

2.2 Charging the Device

Before first use, fully charge the device. Connect the included USB cable to the player's charging port and the other end to a USB power adapter (not included) or a computer's USB port. The battery indicator on the screen will show charging status.

2.3 Powering On/Off

- **To Power On:** Press and hold the power button located on the side of the device until the screen lights up.
- **To Power Off:** Press and hold the power button, then select 'Power Off' from the on-screen options.

2.4 Language Settings

Upon first boot, you may be prompted to select your preferred language. If not, navigate to **Settings > System > Languages & input > Languages** to choose your desired language. The device supports a Japanese keyboard for input.

2.5 Connecting to Wi-Fi

To access online features, connect your device to a Wi-Fi network:

1. Go to **Settings > Network & internet > Wi-Fi**
2. Toggle Wi-Fi **On**.
3. Select your desired network from the list and enter the password if prompted.

2.6 Bluetooth Pairing

Pair your Oilsky M303 with Bluetooth headphones or speakers:

1. Go to **Settings > Connected devices > Bluetooth**.
2. Toggle Bluetooth **On**.
3. Put your Bluetooth accessory into pairing mode.
4. Select the accessory from the 'Available devices' list on your M303 to pair.

4. MAINTENANCE

4.1 Cleaning

Use a soft, dry, lint-free cloth to clean the device screen and body. Avoid using abrasive cleaners or solvents, which can damage the surface.

4.2 Storage

Store the device in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity. Avoid placing heavy objects on the device.

4.3 Battery Care

To prolong battery life:

- Avoid fully discharging the battery frequently.
- Do not expose the device to extreme heat or cold.
- If storing the device for an extended period, charge it to about 50% before storage.

4.4 Software Updates

Periodically check for software updates in **Settings > System > System update** to ensure optimal performance and access to new features.

5. TROUBLESHOOTING

If you encounter issues with your Oilsky M303, refer to the following common solutions:

- **Device not powering on:** Ensure the battery is charged. Connect the device to a charger for at least 30 minutes before attempting to power it on again.
- **Charging issues:** Check the USB cable and charger for damage. Try a different USB port or power adapter.
- **Wi-Fi/Bluetooth connectivity problems:** Ensure Wi-Fi/Bluetooth is enabled in settings. Restart the device and your router/Bluetooth accessory. Forget the network/device and try reconnecting.
- **Music/Video not playing:** Check if the file format is supported. Ensure the files are not corrupted. Try playing a different file.

- **MicroSD card not recognized:** Ensure the card is inserted correctly. Try reinserting the card or using a different microSD card to rule out card issues.
- **Device unresponsive:** Press and hold the power button for about 10-15 seconds to force a restart.
- **General performance issues:** Clear cache of frequently used apps or perform a factory reset (Note: A factory reset will erase all data on the device. Back up important data before proceeding).

If the device is not functioning as expected, and the above steps do not resolve the issue, please refer to the warranty and support information for further assistance. Some issues may have specific recovery methods provided by customer support via email.
