

DUSKTEC AXW-SFL001

DUSKTEC Socket Fan Light User Manual

Model: AXW-SFL001

Brand: DUSKTEC

1. INTRODUCTION

The DUSKTEC Socket Fan Light is a 2-in-1 device combining a ceiling fan and an LED light, designed for easy installation into standard E26/E27 light sockets. This unit provides adjustable airflow and customizable lighting for various indoor spaces.

2. SAFETY INFORMATION

- **Read all instructions:** Before installation and use, carefully read and understand all instructions.
- **Power Disconnection:** Always turn off the power at the circuit breaker or fuse box before installing, cleaning, or performing any maintenance on the fan light.
- **Electrical Safety:** Ensure the light socket is rated for the fan light's wattage and voltage (120 Volts, 26 Watts). Do not use with dimmer switches unless specifically designed for LED fan lights.
- **Secure Installation:** Ensure the light socket is securely mounted and capable of supporting the fan light's weight (1.31 pounds).
- **Blade Clearance:** Maintain adequate clearance around the fan blades to prevent obstruction during operation.
- **Avoid Moisture:** Do not install in damp or wet locations. This product is for indoor use only.
- **Children and Pets:** Keep children and pets away from the fan light during operation.

3. PACKAGE CONTENTS

Verify that all components are present in the package:

- 1x Socket Fan Light Unit
- 1x Remote Control (batteries not included)
- 1x Socket Extender (for deep sockets, if needed)
- 5x Fan Blades
- 1x User Manual

4. SETUP AND INSTALLATION

Follow these steps for proper installation:

1. **Turn off Power:** Before beginning installation, ensure the power to the light socket is turned off at the circuit breaker or wall switch.
2. **Install Fan Blades:** Carefully attach the five fan blades to the main fan unit. Ensure they are securely fastened.
3. **Screw into E26 Socket:** Screw the fan light unit directly into a standard E26/E27 light socket. If the socket is deep, use the included socket extender. Ensure it is screwed in firmly but do not overtighten.
4. **Restore Power:** Once the fan light is securely installed, restore power at the circuit breaker or wall switch.

The DUSKTEC Socket Fan Light is designed for effortless installation by screwing directly into a standard E26/E27 light socket. A socket extender is included for deeper sockets.

Visual guide for the installation process, highlighting the simplicity of attaching the fan blades and screwing the unit into an E26 socket.

5. OPERATING INSTRUCTIONS

The DUSKTEC Socket Fan Light is controlled using the included remote control. Ensure batteries are installed in the remote (not included).

5.1 Remote Control Functions

REMOTE CONTROL FAN LIGHT

Illuminate your space, cool your world

-  6 Wind Speeds
-  Low Noise
-  3 Color Temperatures
-  Dimmable
-  Night Light
-  2H Timing
-  Light Memory

The remote control provides full functionality for the fan light, including fan speed, light settings, and timer functions.

Timing Function

A gentle breeze to lull you to sleep

A comprehensive guide to the remote control layout, indicating buttons for light and fan master on/off, 3-color changeable, night light mode, color temperature adjustment, brightness control, 2-hour timer, natural wind mode, and fan speed levels (1-6).

- **ON/OFF Button:** Turns the fan and light on or off.
- **Fan Speed Control (1-6):** Adjusts the fan speed from 1 (lowest) to 6 (highest).
- **Light ON/OFF:** Toggles the light on or off independently.
- **Color Temperature Adjustment:** Cycles through 3000K (Warm White), 4500K (Natural White), and 6000K (Cool White).
- **Brightness Adjustment:** Dims the light from 10% to 100%.
- **Night Light Mode:** Activates a low-brightness, warm light setting.
- **2-Hour Timer:** Sets the fan and/or light to turn off automatically after 2 hours.
- **Natural Breeze Mode:** Simulates a natural breeze by varying fan speeds.
- **Memory Function:** The fan light remembers the last used light color temperature and brightness settings.

5.2 Fan Speed Operation

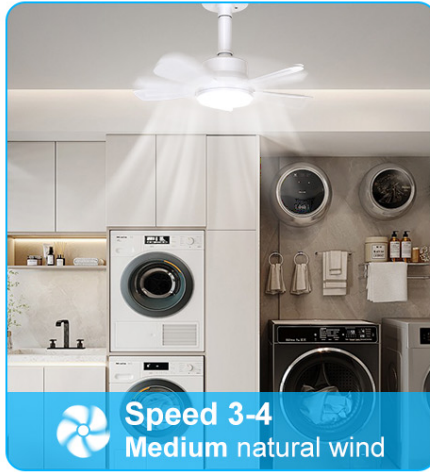

The fan offers 6 adjustable speeds to suit your comfort needs.

6 Fan Speeds Adjustable

Visual representation of the 6 fan speeds, categorized for different comfort levels: comfortable sleep (1-2), air circulation (3-4), and cool breeze (5-6).

6 Fan Speeds

Examples of fan operation in various environments, demonstrating the effect of low, medium, and high wind speeds.

5.3 Light Settings

The integrated LED light offers adjustable color temperature and brightness.

Dual Infinitely Dimming

Customise your preferred light mode and brightness

3000K~6000K Tunable White

10%  100%

Brightness Adjustable

 1200LM

The light offers tunable white from 3000K to 6000K and brightness adjustment from 10% to 100% (1200 Lumens max).

3 Light Color Mode

3000K

6000K

Color Temperature Adjustable

The fan light provides three distinct color modes: Warm light (3000K), Daylight (4500K), and White light (6000K), adjustable via the remote control.

Brightness Adjustable

10%  100%

Dimming Range: 10%-100%

The brightness of the light can be adjusted from 10% to 100% using the remote control.

5.4 Timer Function

Activate the 2-hour timer for automatic shut-off.

POWERFUL & QUIET

A comfortable environment

Product	Noise Level (dB)
DUSKTEC Fan with Light	≤30dB
Others Fan with Light	≤60dB

The 2-hour timer function allows for automatic shut-off, promoting a gentle breeze for sleep.

6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your DUSKTEC Socket Fan Light.

- **Cleaning:** Before cleaning, ensure the power is turned off. Use a soft, dry cloth to wipe down the fan blades and light housing. Do not use abrasive cleaners or solvents.
- **Dust Removal:** Periodically remove dust from the fan blades and motor vents to maintain efficient airflow and prevent overheating.
- **No Lubrication Required:** The motor is permanently lubricated and does not require additional oiling.

7. TROUBLESHOOTING

If you encounter issues with your DUSKTEC Socket Fan Light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan or Light does not turn on	No power to the socket; Remote control batteries are dead; Fan light not screwed in properly.	Check circuit breaker/wall switch; Replace remote batteries; Ensure fan light is securely screwed into the socket.
Fan makes excessive noise	Loose blades; Obstruction; Unit not securely installed.	Ensure blades are tightly secured; Check for any objects interfering with blade rotation; Re-tighten the fan light in the socket.
Remote control not working	Dead batteries; Obstruction between remote and fan light; Remote not paired (if applicable).	Replace batteries; Ensure clear line of sight; Refer to remote pairing instructions (if provided in a separate guide).
Light flickers or is dim	Loose connection; Incorrect dimmer switch (if applicable).	Ensure fan light is securely screwed in; Do not use with incompatible dimmer switches.
Fan airflow is upward only	Fan design is fixed for upward airflow.	This model may have a fixed upward airflow direction. Consider placement for desired air circulation.

Feature	Specification
Model Name	Socket fan light (AXW-SFL001)
Brand	DUSKTEC
Color	White
Electric Fan Design	Ceiling Fan
Power Source	AC
Product Dimensions	7.23"D x 7.24"W x 6.49"H (approx. 15.7" diameter when blades extended)

Feature	Specification
Item Weight	1.31 Pounds
Room Type	Kids Room, Bedroom, Kitchen, Living Room, Nursery, Garages, Closet, Balcony, Small Room, Home Office, Dorm Room, Study Room, Dining Room
Special Features	2-in-1 Socket Fan Light, Super Quiet, Energy Efficient, 6 Fan Speeds, 3 Light Color Temperatures, LED Light with 1200 Lumens, Easy Installation, Lightweight, Remote Control, Sudden-stop protection, Timing & Memory Function
Noise Level	30 Decibels
Wattage	26 watts (Light Power: 16W, Fan Power: 10W)
Number of Blades	5
Speed	6 RPM (6 fan speeds)
Voltage	120 Volts (110-265V compatible)
Switch Type	Toggle (via remote control)
Included Components	1x Remote Control (no batteries included), 1x Socket Extender, 1x Socket Fan, 5x Blades, 1x User Manual
Indoor/Outdoor Usage	Indoor
Control Method	Remote
Motor Type	DC
Installation Type	Flush Mount (screw-in)
Light Color Temperature	3000K-6000K CCT (adjustable)
Lumen Output	1200-1500lm
Material	ABS+PC+Metal
Certifications	CE, Energy Star, FCC, RoHS

9. WARRANTY AND SUPPORT

For warranty information or technical support, please contact DUSKTEC customer service. Details regarding specific warranty periods and support channels are typically provided with your purchase documentation or on the official DUSKTEC website.

Please retain your proof of purchase for any warranty claims.
