SAFETY INFORMATION

- **Regular Screw Check:** For optimal stability and safety, check the firmness of all screws at least once a month. Tighten any loose screws immediately.
- **Anti-Tip Kit:** Utilize the included anti-tip kit to secure the cat tree to a wall, especially if you have active or multiple large cats. This prevents accidental tipping.
- **Placement:** Place the cat tree on a flat, stable surface. Avoid placing it near windows without proper securing or in high-traffic areas where it could be easily bumped.
- **Supervision:** Supervise your pets during their initial interactions with the cat tree to ensure they use it

safely.

PARTS LIST

Before assembly, ensure all components are present and undamaged. Refer to the included instruction manual for a detailed list of numbered parts and hardware.

- Baseboard(s)
- Support Posts (various lengths, some wrapped with sisal rope)
- Platforms/Perches (various sizes, including an extra-large fan-shaped platform)
- Cat Condos/Houses (two spacious enclosures)
- Hammock/Basket
- Hanging Toys (mouse, dangling balls)
- Hardware (screws, bolts, washers, Allen wrench)
- Anti-Tip Kit (wall anchor, strap)

ASSEMBLY INSTRUCTIONS

The Globlazer F83 Cat Tree is designed for straightforward assembly. Follow the step-by-step instructions provided in the separate assembly guide included in your package. Ensure all parts are correctly identified before beginning.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all numbered parts and hardware are present according to the parts list in your assembly guide.
2. **Assemble Base:** Begin by attaching the lowest support posts to the baseboard using the provided hardware.
3. **Build Upwards:** Follow the numerical sequence in the assembly guide to connect platforms, condos, and additional support posts. Ensure all connections are secure but do not overtighten until the entire structure is assembled.
4. **Attach Accessories:** Install the hammock, hanging toys, and any other accessories as indicated in the instructions.
5. **Final Tightening:** Once the entire cat tree is assembled, go back and firmly tighten all screws and bolts.
6. **Install Anti-Tip Kit:** Secure the cat tree to a wall using the anti-tip kit. This is a critical safety step, especially for tall structures and active cats.

If you encounter any difficulties, refer to the detailed diagrams in your assembly guide or contact customer support.

PRODUCT FEATURES

- **Spacious Cat Condos:** This cat tower includes two enlarged cat condos, providing private and secure resting spots suitable for multiple large felines. These condos offer ample space for relaxation or play.

MAINTENANCE

- **Screw Firmness:** As a critical safety measure, check the firmness of all screws and connections at least once a month. Tighten any loose components to maintain structural integrity.
- **Cleaning:** The plush material of the cat tree should be hand washed only. Spot clean soiled areas with a mild detergent and damp cloth. Avoid harsh chemicals or machine washing to preserve the material.
- **Sisal Rope:** Inspect sisal scratching posts periodically for wear and tear. While durable, heavily used posts may eventually require replacement to maintain their effectiveness.
- **Toy Inspection:** Regularly check hanging toys for damage. Replace any broken or frayed toys to prevent choking hazards.

TROUBLESHOOTING

- **Wobbling:** If the cat tree wobbles, first ensure it is placed on a completely flat and level surface. Then, re-check and tighten all screws and bolts. Confirm the anti-tip kit is properly installed and secured to the wall.

- **Parts Missing/Damaged:** If any parts are missing or damaged upon arrival, do not proceed with assembly. Contact Globlazer customer service for assistance.
- **Cats Not Using Tree:** Introduce your cats to the tree gradually. Place treats or familiar toys on different levels. Catnip can also be used to encourage exploration. Ensure the tree is in a location your cat feels safe and comfortable.
