Silonn SLIM31T

Silonn SLIM31T Countertop Ice Maker User Manual

Model: SLIM31T

INTRODUCTION

Thank you for choosing the Silonn SLIM31T Countertop Ice Maker. This appliance is designed to provide a continuous supply of crystal-clear ice cubes for your home, office, bar, or party needs. With its efficient ice production, versatile water input options, and convenient self-cleaning feature, the SLIM31T ensures you never run out of ice. Please read this manual thoroughly before operating the ice maker to ensure safe and optimal performance.

SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, or injury. Keep the appliance away from heat sources and direct sunlight. Ensure proper ventilation around the unit. Do not immerse the appliance in water or other liquids. Supervise children when the appliance is in use. Unplug the ice maker before cleaning or when not in use for extended periods.

PRODUCT OVERVIEW

The Silonn SLIM31T ice maker features a sleek stainless steel design and compact dimensions, making it suitable for various countertop spaces. It produces unique crystal-clear ice cubes that melt slowly and are odor-free.

What's in the Box:

- Silonn SLIM31T Ice Maker Unit
- Portable Ice Basket
- Ice Scoop
- User Manual (this document)

SETUP

1. **Unpacking:** Carefully remove the ice maker from its packaging. Inspect for any damage during transit. Remove all packing materials, including any tape or protective film.
2. **Placement:** Place the ice maker on a stable, level surface away from direct sunlight and heat sources. Ensure there is adequate ventilation around the unit (at least 5 inches of space on all sides).

COMPACT DIMENSIONS

Figure 2: Compact dimensions of the Silonn SLIM31T Ice Maker, ideal for countertops.

3. **Initial Cleaning:** Before first use, clean the interior of the ice maker. The unit features an automatic self-cleaning function (see Maintenance section for details). For initial cleaning, it is recommended to run the self-cleaning cycle once with clean water and then drain the water.
4. **Add Water:** The Silonn SLIM31T offers two convenient ways to add water to its 3.0L water tank:
 - **Manual Fill:** Open the top lid and pour clean, potable water directly into the reservoir. Do not exceed the MAX water level indicator.
 - **Water Bottle Connection:** For continuous water supply, connect a standard water bottle (not included) to the

designated port on top of the ice maker.

2 WAYS TO ADD WATER

Figure 3: Manual water fill and water bottle connection options.

5. **Power On:** Plug the ice maker into a grounded electrical outlet. Press the 'ON/OFF' button to start the unit.

OPERATING INSTRUCTIONS

Once powered on and water is added, the ice maker will begin its ice production cycle.

Ice Production:

- The SLIM31T can produce 24 ice cubes in approximately 13 minutes.
- The daily ice output is impressive, reaching up to 44 lbs (20 kg).
- The ice cubes are crystal-clear, melt slowly, and are odor-free, ensuring minimal dilution of your beverages.

Figure 4: The Silonn ice maker provides a continuous ice supply.

Controlling Ice Thickness:

You can customize the thickness of your ice cubes to suit your needs:

- **Thin Ice:** Approximately 11 minutes per cycle, ideal for blending smoothies.
- **Medium Ice:** Approximately 15 minutes per cycle, suitable for preserving food.
- **Thick Ice:** Approximately 20 minutes per cycle, perfect for chilling beverages.

Refer to the control panel on your unit for specific buttons to adjust ice thickness. Typically, a '+' or '-' button is used to cycle through the options.

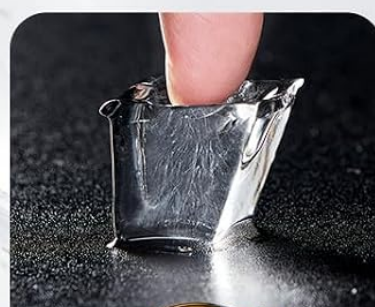

CONTROL ICE THICKNESS

 **11 Mins → Thin**
Blend Smoothies

 **15 Mins → Medium**
Preserve Food

 **20 Mins → Thick**
Chill Drinks

Ice Cube Characteristics:

Unlike traditional bullet ice, the Silonn SLIM31T produces cubed ice that is:

- **Crystal Clear:** Visually appealing and pure.
- **Larger & Thicker:** Designed to melt slower, keeping drinks colder for longer.
- **Odor-Free:** Ensures the taste of your beverages is not affected.

MAINTENANCE

Regular maintenance ensures the longevity and hygienic operation of your ice maker.

Automatic Self-Cleaning:

The ice maker features a convenient 20-minute automatic cleaning cycle. This function helps maintain the purity of your ice cubes and extends the machine's lifespan.

1. Ensure the water reservoir is filled with clean water.
2. Press the 'CLEAN' button on the control panel to activate the self-cleaning cycle.
3. The machine will circulate water and clean its internal components.
4. Once the cycle is complete, drain the water from the unit as per the instructions in the full user manual.

CONVENIENT SELF-CLEANING

Figure 7: Automatic self-cleaning feature in action.

General Cleaning Tips:

- Regularly wipe down the exterior with a soft, damp cloth.
- Clean the ice basket and scoop with mild detergent and warm water. Rinse thoroughly.
- For thorough descaling, especially in hard water areas, use an ice maker cleaning solution as recommended by the manufacturer (refer to the full PDF manual for detailed instructions).

TROUBLESHOOTING

If you encounter issues with your Silonn SLIM31T ice maker, please refer to the following common problems and solutions. For more complex issues, consult the full user manual or contact customer support.

Problem	Possible Cause	Solution
Ice maker not producing ice or producing very little ice.	Low water level; water pump malfunction; ambient temperature too high.	Ensure water reservoir is filled to MAX level. Check for blockages in water lines. Operate in a cooler environment.
"E1" Error Code displayed.	Water shortage or water circulation issue.	Add water to the reservoir. Check if the water pump is working correctly. Run a self-cleaning cycle.
Ice cubes are too thin or not fully formed.	Ice thickness setting is too low; water temperature too high.	Adjust ice thickness setting to 'Thick'. Use colder water for faster and thicker ice production.
Machine is noisy.	Normal operation sounds (compressor, water pump); unit not level.	Ensure the unit is on a stable, level surface. Some operational noise is normal.

SPECIFICATIONS

Feature	Detail
Model Number	SLIM31T
Brand	Silonn
Product Dimensions (D x W x H)	9.53" x 13.78" x 14.57"
Weight	26.05 Pounds (approx.)
Water Tank Capacity	3 Liters
Daily Ice Output	Up to 44 lbs
Ice Production Cycle	Approx. 13 minutes for 24 cubes
Voltage	120 Volts
Self-Cleaning Cycle	20 minutes
