MONODEAL MD707

MONODEAL Portable CD Player User Manual

Model: MD707

PRODUCT OVERVIEW

The MONODEAL MD707 is a versatile portable CD player designed for a wide range of audio experiences. It features built-in speakers, a 2.0-inch TFT color display, and supports both Bluetooth receiving and transmitting. Additionally, it includes an FM transmitter for car audio integration and a TF card slot for direct music playback and CD ripping. Its compact design and long-lasting rechargeable battery make it ideal for use at home, in the car, or on the go.

WHAT'S IN THE BOX

- MONODEAL MD707 Portable CD Player
- User Manual
- Wired Headphones
- Aux Cable
- USB-C Charging Cable

SETUP GUIDE

1. Charging the Device

Before first use, fully charge the CD player. Connect the provided USB-C cable to the player's charging port and the other end to a compatible USB power adapter (not included) or computer USB port. The battery indicator on the TFT screen will show charging status.

Image: The USB-C charging port on the side of the MONODEAL CD player, ready for connection.

2. Inserting a CD

Gently open the CD compartment lid. Place the CD with the label side facing up onto the spindle. Press down gently until it clicks into place. Close the lid firmly to ensure proper playback and prevent dust entry.

3. Connecting Headphones or Speakers

For private listening, plug the wired headphones into the 3.5mm headphone jack. To use external Bluetooth speakers or headphones, refer to the Bluetooth Connection section below for pairing instructions.

OPERATING INSTRUCTIONS

Basic Playback

1. **Power On/Off:** Press and hold the Power button to turn the device on or off.
2. **Play/Pause:** Press the Play/Pause button to start or pause playback.
3. **Skip Tracks:** Use the Next/Previous track buttons to navigate between songs.
4. **Volume Control:** Adjust the volume using the dedicated volume wheel or buttons located on the device.

Bluetooth Connection (RX & TX)

The MONODEAL CD player supports both Bluetooth receiving (RX) and transmitting (TX) functionalities.

- **Bluetooth Receiving (RX):** To use the CD player as a Bluetooth speaker, enable Bluetooth on your smartphone, tablet, or computer and select "MONODEAL MD707" from the list of available devices to pair.
- **Bluetooth Transmitting (TX):** To stream audio from the CD player to Bluetooth headphones or speakers, activate Bluetooth pairing mode on your external device, then initiate Bluetooth transmission on the MD707. The player will automatically search for and connect to nearby Bluetooth audio devices.

Note: Car Bluetooth is not supported for direct connection. Please use the AUX or FM Transmitter function for car audio.

FM Transmitter Function

The built-in FM transmitter allows you to play CD audio through your car's FM radio. Select one of the 5 universal FM frequencies on the CD player (e.g., 87.5 MHz, 88.1 MHz, etc.) and tune your car radio to the exact same frequency. This creates a wireless audio link.

Alternatively, for a wired connection, use the included 3.5mm AUX cable to connect the CD player to your car's AUX input port.

TF Card Playback and CD Ripping

Insert a TF (microSD) card (up to 32GB, not included) into the designated slot on the side of the player. The player can play MP3/WMA files directly from the card. You can also rip audio tracks from a CD directly to the TF card without needing a computer. Refer to the on-screen menu for the CD ripping option.

MAINTENANCE

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the exterior of the player. For the CD lens, use a specialized CD lens cleaning kit if necessary. Avoid using abrasive cleaners or solvents.
- **Storage:** Store the player in a cool, dry place away from direct sunlight, high humidity, and extreme temperatures. Keep it away from strong magnetic fields.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. It is recommended to charge the device regularly, even if not in use for extended periods (e.g., once every 3 months).
- **Handling:** Handle the CD player with care. Avoid dropping it or subjecting it to strong impacts, as this can damage internal components.

TROUBLESHOOTING

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Player does not turn on.	Battery is depleted.	Charge the player using the provided USB-C cable. Ensure the power adapter is working.
CD does not play or skips.	CD is dirty, scratched, or inserted incorrectly.	Clean the CD with a soft, lint-free cloth. Ensure the CD is inserted correctly with the label side up. Try a different CD to rule out disc damage.
No sound from speakers/headphones.	Volume is too low or muted. Headphones/speakers not connected properly or not paired (Bluetooth).	Increase the volume. Check headphone/AUX cable connection. If using Bluetooth, ensure the device is paired and connected.
FM Transmitter not working.	Incorrect FM frequency selected. Strong local radio interference.	Ensure the player and car radio are tuned to the exact same FM frequency. Try a different, less congested frequency.
Cannot rip CD to TF card.	TF card is full, corrupted, or not supported (over 32GB).	Ensure TF card has sufficient free space and is formatted correctly (FAT32 recommended). Use a TF card with a maximum capacity of 32GB.

SPECIFICATIONS

- **Model:** MD707
- **Brand:** MONODEAL
- **Dimensions (Package):** 8.98 x 7.32 x 2.05 inches
